Independent Auditor's Report

## INDEPENDENT AUDITOR'S REPORT

The Stockholders and the Board of Directors  
Jollibee Foods Corporation  
Doing business under the name and style of Jollibee  
and Subsidiaries

### Opinion

We have audited the consolidated financial statements of Jollibee Foods Corporation Doing business under the name and style of Jollibee (the Parent Company) and its subsidiaries (the JFC Group), which comprise the consolidated statements of financial position as at December 31, 2020 and 2019, and the consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for each of the three years in the period ended December 31, 2020, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the JFC Group as at December 31, 2020 and 2019, and its consolidated financial performance and its consolidated cash flows for each of the three years in the period ended December 31, 2020 in accordance with Philippine Financial Reporting Standards (PFRSs).

### Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the JFC Group in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the consolidated financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

#### ***Acquisition of The Coffee Bean & Tea Leaf (CBTL) – Finalization of Purchase Price Allocation***

On September 24, 2019, the JFC Group, through its 80%-owned subsidiary, Super Magnificent Coffee Company Hungary Kft., acquired 100% interest over The Coffee Bean & Tea Leaf (CBTL). In 2019, the purchase price allocation was determined on a provisional basis. PFRS 3, *Business Combination*, provides for a measurement period of one year from the date of acquisition wherein the acquirer may adjust provisional amounts.

We considered the finalization of the purchase price allocation in 2020 to be a key audit matter because it requires significant management judgment and estimation in identifying the underlying acquired assets and liabilities and in determining their fair values, specifically the acquired property and equipment, trademark and other intangible assets. The 2019 consolidated statement of comprehensive income was restated to reflect the gain on bargain purchase recognized which amounted to ₱4,255.3 million.

The disclosures in relation to the acquisition of CBTL are included in Notes 4 and 11 to the consolidated financial statements.

#### ***Audit Response***

We reviewed the final purchase price allocation and obtained an understanding of the nature and underlying support for the changes from the provisional amounts. We evaluated the competence, capabilities and objectivity of the independent appraiser who prepared the appraisal report for the property and equipment and the external valuation specialist who valued the trademark and other intangible assets by considering their qualifications, relevant experience and reporting responsibilities. We involved our internal specialist in the review of the methodologies and assumptions used in arriving at the fair values of the property and equipment, trademark and other intangible assets. We compared the key assumptions used such as the cost indices and trends, and adjustment factors by reference to relevant market data for the valuation of property and equipment. We also compared the key assumptions used in the valuation of trademark and other intangible assets such as revenue growth rate, long-term growth rate and royalty rate by reference to existing contractual terms, historical trends and relevant external information. We tested the parameters used in determining the discount rate against market data. We reviewed the adequacy of the disclosures in the consolidated financial statements.

#### ***Recoverability of Goodwill and Trademarks with Indefinite Life***

Under Philippine Accounting Standard (PAS) 36, *Impairment of Assets*, the JFC Group is required to annually test the amount of goodwill and trademark with indefinite life for impairment. This annual impairment test was significant to our audit because the balance of goodwill and trademark with indefinite life amounting to ₱14,097.3 million and ₱35,048.0 million as of December 31, 2020, respectively, are material to the consolidated financial statements.

In addition, management's assessment process is complex and highly judgmental and is based on assumptions, specifically discount rate, which is applied to the cash flows, net sales forecasts, long-term revenue growth rate, and EBITDA which are affected by expected future market or economic conditions, particularly those in the Philippines, the People's Republic of China, Vietnam and the United States of America. These assumptions are also subject to higher level of estimation uncertainty due to the current economic conditions which have been impacted by the coronavirus pandemic.

The JFC Group's disclosures about goodwill and trademarks with indefinite life are included in Note 14, which specifically explains that small changes in the key assumptions used could give rise to an impairment of the goodwill balance in the future.

#### *Audit Response*

We involved our internal specialist in evaluating the methodologies and the assumptions used in determining the recoverable amounts of the cash-generating units (CGUs) for goodwill and the trademarks with indefinite life. These assumptions include the discount rate, net sales forecasts, long-term revenue growth rate and EBITDA. We compared the key assumptions used, such as forecasted long-term revenue growth rate, forecasted net sales and EBITDA against the historical data of the CGUs and inquired from management and operations personnel about the plans to support the forecast, taking into consideration the impact associated with coronavirus pandemic.

Furthermore, we tested the parameters used in the determination of discount rate against market data. We reviewed the weighted average cost of capital (WACC) used in the impairment test by comparing it with the WACC of comparable companies where the CGUs operate. We also reviewed the JFC Group's disclosures about those assumptions to which the outcome of the impairment test is most sensitive, specifically those that have the most significant effect on the determination of the recoverable amount of goodwill and trademarks with indefinite life.

#### ***Provisions and Contingencies***

The JFC Group is involved in litigations, claims and disputes, and regulatory assessments which are normal to its business. This matter is significant to our audit because the determination of whether any provision should be recognized and the estimation of the potential liability resulting from these assessments require significant judgment by management. The inherent uncertainty over the outcome of these matters is brought about by the differences in the interpretation and implementation of the relevant laws and rulings.

The Group's disclosures about provisions and contingencies are included in Notes 17 and 30 to the consolidated financial statements.

#### *Audit Response*

We involved our internal specialist in the evaluation of management's assessment on whether any provisions for contingencies should be recognized, and the estimation of such amount. We discussed with management the status of the litigations, claims and disputes, and assessments. In addition, we read correspondences with the relevant government agencies, and any relevant laws and rulings on similar matters, and obtained replies from third party legal counsels. We evaluated the position of the JFC Group by considering the relevant laws, rulings and jurisprudence.

### ***Recognition of Deferred Income Tax Assets***

The Parent Company and certain subsidiaries (foreign and local) have recognized deferred tax assets amounting to ₱15,463.9 million as at December 31, 2020. Of that amount, around 21% relates to net operating loss carryover and excess minimum corporate income tax over regular corporate income tax. Management evaluated the recognition of these deferred tax assets based on the forecasted taxable income taking into account the period in which the deductible temporary differences can be claimed in the Philippines, the People's Republic of China and the United States of America. The recognition of deferred tax assets is significant to our audit because the assessment process is complex and judgmental, and is based on assumptions that are affected by expected future market or economic conditions and the expected future performance as well as management's plans and strategies of the relevant taxable entities, including the Parent Company and certain subsidiaries. The estimation uncertainty increased as a result of the effect of coronavirus pandemic on the macroeconomic factors used in developing the assumptions.

The disclosures in relation to deferred income taxes are included in Note 24 to the consolidated financial statements.

### ***Audit Response***

We updated our understanding of the Parent Company and its subsidiaries' deferred income tax calculation process and, together with our internal specialist, the applicable tax rules and regulations. We reviewed management's assessment on the availability of future taxable income with reference to financial forecasts and tax strategies. We evaluated management's forecast by comparing the forecasts of future taxable income against approved budgets, historical performance of the relevant entities like past revenue growth rates and with relevant external market information such as inflation, taking into consideration the impact associated with coronavirus pandemic. We also reviewed the timing of the reversal of future taxable and deductible temporary differences.

### ***Impairment Assessment of Property, Plant and Equipment, Right-of-Use Assets and Accounting for Pre-termination of Leases***

The JFC Group's store operations were impacted by the coronavirus pandemic and certain stores incurred losses in the current financial year. The JFC Group has embarked on a business transformation initiative to rationalize these losing or non-performing stores, including its store network and supply chain facilities. Accordingly, certain stores have been permanently closed and the underlying lease agreements have been pre-terminated in 2020, while certain stores were planned to be closed in 2021. Management has identified these as impairment indicators and has performed impairment assessment on its property, plant and equipment and right-of-use assets and has identified the related lease pre-termination costs, if any. In 2020, the JFC Group recognized loss on retirements and disposals of property, plant and equipment of ₱1,489.2 million, lease pre-termination costs of ₱488.7 million and impairment loss of ₱661.4 million and ₱1,185.5 million on its right-of-use assets and property, plant and equipment, respectively. Due to the judgments involved in the impairment assessment, the number of stores affected and the significant amounts involved, we consider this to be a key audit matter.

The disclosures in relation to impairment assessment of property, plant and equipment, right-of-use assets and the accounting for pre-termination of leases are included in Notes 12 and 29 to the consolidated financial statements.

### *Audit Response*

As part of our audit, we obtained an understanding of management's impairment assessment process, including the evaluation of the impact of coronavirus pandemic on its store network, the performance of the stores and the identification of impairment indicators, if any, on the JFC Group's property, plant and equipment and right-of-use assets. We obtained an understanding of the number of stores involved in the permanent or planned closures, their locations, the terms and conditions of the underlying lease agreements and management's basis of the determination of the recoverable amount. On a sample basis, we traced the net book values of the property, plant and equipment and right-of-use assets of the affected stores to the JFC Group's asset register. On a test basis, we also traced the lease pre-termination costs to the terms and conditions of the lease contracts. We test computed the JFC Group's computation of the loss on retirements and disposals and the impairment loss and lease pre-termination costs recognized. We reviewed the adequacy of the disclosures in the consolidated financial statements.

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2020, but does not include the consolidated financial statements and our auditor's report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2020 are expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audits, or otherwise appears to be materially misstated.

### **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the JFC Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the JFC Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the JFC Group's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the JFC Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the JFC Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the JFC Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the JFC Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Mariecris N. Barbaso.

**JOLLIBEE FOODS CORPORATION**  
**Doing business under the name and style of Jollibee**  
**AND SUBSIDIARIES**

---

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

---

**1. General Information**

Corporate Information

Jollibee Foods Corporation Doing business under the name and style of Jollibee (the Parent Company or Ultimate Parent Company) was incorporated in the Philippines and registered with the Philippine Securities and Exchange Commission (SEC) on January 11, 1978. The Parent Company and its subsidiaries (collectively referred to as “the JFC Group”) and affiliates are involved primarily in the development, operations and franchising of quick service restaurants (QSRs) under the trade names “Jollibee”, “Greenwich”, “Chowking”, “Yong He King”, “Red Ribbon”, “Hong Zhuang Yuan”, “Mang Inasal”, “Burger King”, “Highlands Coffee”, “Pho24”, “Hard Rock Cafe”, “Dunkin’ Donuts”, “Smashburger”, “Tortazo”, “Tim Ho Wan”, “The Coffee Bean & Tea Leaf” and “Panda Express”. The other activities of the JFC Group include manufacturing and property leasing in support of the QSR systems and other business activities (see Notes 2 and 5). The corporate life of the Parent Company is fifty (50) years from the date of incorporation or until 2028.

The common shares of the Parent Company are listed and traded in the Philippine Stock Exchange (PSE) beginning July 14, 1993.

The registered office address of the Parent Company is 10/F Jollibee Plaza Building, 10 F. Ortigas Jr. Ave., Ortigas Center, Pasig City.

Coronavirus (Covid-19) Pandemic

The impact of Covid-19 to the JFC Group’s business operations relates to interruptions or disruptions. Starting March 2020, a significant number of stores globally were temporarily closed due to the Covid-19 pandemic. Most of the JFC Group’s stores across brands and regions that have remained open serve customers through take out, drive-thru and delivery business channels. These business channels helped in reducing lost sales from the closure of the JFC Group’s dining areas.

In June 2020, JFC Group implemented significant changes to its global business structure (business transformation initiative). This business transformation initiative enabled the JFC Group to address and adapt to the impact of Covid-19. The changes include the rationalization of the number of restaurants within certain geography or area, the rationalization of resources deployed in the restaurants, implementation of safety and social distancing protocol in the dining area, investment in digital commerce and technology, the increase in the capacity for delivery-to-home and office, take out and drive thru, the installation of mobile applications to facilitate food ordering and payment, the establishment of “cloud kitchen” or unmarked delivery outlets with no dine-in facility located in discreet, low rent sites and the rationalization of production and distribution facilities. The changes include the transformation of support and management groups in the field and in the offices.

In relation to this business transformation initiative, the JFC Group incurred costs of rationalization of resources included under personnel costs, loss on disposals and retirements of property, plant and equipment, impairment loss on property, plant and equipment and right-of-use assets and other costs incidental to stores and production and distribution facilities amounting to ₱6,708.9 million in 2020 (see Notes 12, 21, 22 and 29). The remaining balance of the recognized provisions for business transformation initiative included under “Current liabilities” section in the consolidated statements of financial position amounted to ₱291.1 million as at December 31, 2020 (see Notes 17 and 23).

The JFC Group has assessed the following impact of Covid-19 on its assets and liabilities:

- Collectability of accounts with customers continues to be closely monitored. An increase in the provision for impairment of trade receivables has been identified because of extended credit terms provided to the franchisees.
- Recognition of impairment losses on inventories, property, plant and equipment and right-of-use assets and derecognition of right-of-use assets and lease liabilities relating to pre-termination of closed and nonperforming stores.
- The forecast used for impairment testing of goodwill and trademarks with indefinite life include the JFC Group's estimates of the potential future impact from Covid-19 pandemic. Cash flow projections have been adjusted to reflect a range of possible outcomes, weighted by their expected occurrence.
- The uncertainty in determining key assumptions (including forecast of revenues and expenses) in the assessment of future taxable income of the JFC Group, upon which the recognition of deferred tax assets is assessed, was considered.

The JFC Group continues to monitor the risks and the ongoing impact of Covid-19 on its business.

#### Approval and Authorization for Issuance of Audited Consolidated Financial Statements

The consolidated financial statements as at December 31, 2020 and 2019 and for each of the three years ended December 31, 2020 were reviewed and recommended for approval by the Audit Committee as well as approved and authorized for issuance by the BOD on April 8, 2021.

---

## **2. Basis of Preparation, Statement of Compliance, Changes in Accounting Policies and Basis of Consolidation**

### Basis of Preparation

The consolidated financial statements of the JFC Group have been prepared on a historical cost basis, except for financial assets at fair value through profit or loss (FVTPL) and derivative financial instruments which are measured at fair value. The consolidated financial statements are presented in Philippine peso, which is the Parent Company's functional and presentation currency. All values are rounded to the nearest thousand pesos, except par values, per share amounts, number of shares and when otherwise indicated.

The accompanying consolidated financial statements have been prepared under the going concern assumption. The JFC Group believes that its businesses would remain relevant despite challenges posed by the Covid-19 pandemic. Despite the adverse impact of the Covid-19 pandemic on short-term business results, long-term prospects remain attractive.

### Statement of Compliance

The accompanying consolidated financial statements have been prepared in compliance with Philippine Financial Reporting Standards (PFRS).

New Standards, Interpretations and Amendments adopted by the JFC Group

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of the following new accounting pronouncements starting January 1, 2020. Adoption of these pronouncements did not have any significant impact on the consolidated statement of financial position and performance unless otherwise indicated.

▪ Amendments to PFRS 3, *Business Combinations, Definition of a Business*

The amendments to PFRS 3 clarifies that to be considered a business, an integrated set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create output. Furthermore, it clarifies that a business can exist without including all of the inputs and processes needed to create outputs. These amendments may impact future years should the JFC Group enter into any business combinations.

▪ Amendments to PFRS 7, *Financial Instruments: Disclosures* and PFRS 9, *Financial Instruments, Interest Rate Benchmark Reform*

The amendments to PFRS 9 provide a number of reliefs, which apply to all hedging relationships that are directly affected by the interest rate benchmark reform. A hedging relationship is affected if the reform gives rise to uncertainties about the timing and or amount of benchmark-based cash flows of the hedged item or the hedging instrument.

▪ Amendments to PAS 1, *Presentation of Financial Statements*, and PAS 8, *Accounting Policies, Changes in Accounting Estimates and Errors, Definition of Material*

The amendments provide a new definition of material that states “information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity.”

The amendments clarify that materiality will depend on the nature or magnitude of information, either individually or in combination with other information, in the context of the financial statements. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users.

▪ Conceptual Framework for Financial Reporting issued on March 29, 2018

The Conceptual Framework is not a standard, and none of the concepts contained therein override the concepts or requirements in any standard. The purpose of the Conceptual Framework is to assist the standard-setters in developing standards, to help preparers develop consistent accounting policies where there is no applicable standard in place and to assist all parties to understand and interpret the standards.

The revised Conceptual Framework includes new concepts, provides updated definitions and recognition criteria for assets and liabilities and clarifies some important concepts.

- Amendments to PFRS 16, *Covid-19-related Rent Concessions*

The amendments provide relief to lessees from applying the PFRS 16 requirement on lease modifications to rent concessions arising as a direct consequence of the Covid-19 pandemic. A lessee may elect not to assess whether a rent concession from a lessor is a lease modification if it meets all of the following criteria:

- The rent concession is a direct consequence of Covid-19;
- The change in lease payments results in a revised lease consideration that is substantially the same as, or less than, the lease consideration immediately preceding the change;
- Any reduction in lease payments affects only payments originally due on or before June 30, 2021; and
- There is no substantive change to other terms and conditions of the lease.

A lessee that applies this practical expedient will account for any change in lease payments resulting from the Covid-19 related rent concession in the same way it would account for a change that is not a lease modification, i.e., as a variable lease payment.

The amendments are effective for annual reporting years beginning on or after June 1, 2020. Early adoption is permitted.

The JFC Group adopted the amendments beginning January 1, 2020. The JFC Group applied the practical expedient to all the rent concessions that meet the criteria above. The waiver of lease payments were recognized in profit or loss in the year when the event or condition that triggers those changes in lease payments occur.

In 2020, the JFC Group received rent concessions from lessors amounting to ₱1,411.8 million accounted for as negative variable lease payments in profit or loss.

#### Future Changes in Accounting Policies

Pronouncements issued but not yet effective are listed below. Unless otherwise indicated, the JFC Group does not expect that the future adoption of the said pronouncements will have a significant impact on its consolidated financial statements. The JFC Group intends to adopt the following pronouncements when these become effective.

#### *Effective beginning on or after January 1, 2021*

- Amendments to PFRS 9, PFRS 7, PFRS 4 and PFRS 16, *Interest Rate Benchmark Reform – Phase 2*

The amendments provide the following temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR):

- Practical expedient for changes in the basis for determining the contractual cash flows as a result of IBOR reform;
- Relief from discontinuing hedging relationships; and
- Relief from the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component.

The JFC Group shall also disclose information about:

- The about the nature and extent of risks to which the entity is exposed arising from financial instruments subject to IBOR reform, and how the entity manages those risks; and
- Their progress in completing the transition to alternative benchmark rates, and how the entity is managing that transition.

The amendments are effective for annual reporting years beginning on or after January 1, 2021 and apply retrospectively, however, the JFC Group is not required to restate prior years.

*Effective beginning on or after January 1, 2022*

- Amendments to PFRS 3, *Reference to the Conceptual Framework*

The amendments are intended to replace a reference to the Framework for the Preparation and Presentation of Financial Statements, issued in 1989, with a reference to the Conceptual Framework for Financial Reporting issued in March 2018 without significantly changing its requirements. The amendments added an exception to the recognition principle of PFRS 3, *Business Combinations* to avoid the issue of potential ‘day 2’ gains or losses arising from liabilities and contingent liabilities that would be within the scope of PAS 37, *Provisions, Contingent Liabilities and Contingent Assets* or Philippine-IFRIC 21, *Levies*, if incurred separately.

At the same time, the amendments add a new paragraph to PFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date.

The amendments are effective for annual reporting years beginning on or after January 1, 2022 and apply prospectively.

- Amendments to PAS 16, *Plant and Equipment: Proceeds before Intended Use*

The amendments prohibit entities deducting from the cost of an item of property, plant and equipment, any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and the costs of producing those items, in profit or loss.

The amendment is effective for annual reporting years beginning on or after January 1, 2022 and must be applied retrospectively to items of property, plant and equipment made available for use on or after the beginning of the earliest year presented when the entity first applies the amendment.

The amendments are not expected to have a material impact to the JFC Group.

- Amendments to PAS 37, *Onerous Contracts – Costs of Fulfilling a Contract*

The amendments specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a “directly related cost approach”. The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

The amendments are effective for annual reporting years beginning on or after January 1, 2022. The JFC Group will apply these amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting year in which it first applies the amendments.

- *Annual Improvements to PFRSs 2018-2020 Cycle*

- Amendments to PFRS 1, *First-time Adoption of Philippines Financial Reporting Standards, Subsidiary as a first-time adopter*

The amendment permits a subsidiary that elects to apply paragraph D16(a) of PFRS 1 to measure cumulative translation differences using the amounts reported by the parent, based on the parent's date of transition to PFRS. This amendment is also applied to an associate or joint venture that elects to apply paragraph D16(a) of PFRS 1.

The amendment is effective for annual reporting years beginning on or after January 1, 2022 with earlier adoption permitted. The amendments are not expected to have a material impact to the JFC Group.

- Amendments to PFRS 9, *Financial Instruments, Fees in the '10 per cent' test for derecognition of financial liabilities*

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. An entity applies the amendment to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting year in which the entity first applies the amendment.

The amendment is effective for annual reporting years beginning on or after January 1, 2022 with earlier adoption permitted. The JFC Group will apply the amendments to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting year in which the entity first applies the amendment. The amendments are not expected to have a material impact to the JFC Group.

- Amendments to PAS 41, *Agriculture, Taxation in fair value measurements*

The amendment removes the requirement in paragraph 22 of PAS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of PAS 41.

An entity applies the amendment prospectively to fair value measurements on or after the beginning of the first annual reporting year beginning on or after January 1, 2022 with earlier adoption permitted. The amendments are not expected to have a material impact to the JFC Group.

*Effective beginning on or after January 1, 2023*

▪ Amendments to PAS 1, *Classification of Liabilities as Current or Non-current*

The amendments clarify paragraphs 69 to 76 of PAS 1, *Presentation of Financial Statements*, to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement;
- That a right to defer must exist at the end of the reporting period;
- That classification is unaffected by the likelihood that an entity will exercise its deferral right; and
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification.

The amendments are effective for annual reporting years beginning on or after January 1, 2023 and must be applied retrospectively. The JFC Group is currently assessing the impact the amendments will have on current practice and whether existing loan agreements may require renegotiation.

▪ PFRS 17, *Insurance Contracts*

PFRS 17 is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Once effective, PFRS 17 will replace PFRS 4, *Insurance Contracts*. This new standard on insurance contracts applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply.

The overall objective of PFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in PFRS 4, which are largely based on grandfathering previous local accounting policies, PFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of PFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

PFRS 17 is effective for reporting years beginning on or after January 1, 2023, with comparative figures required. Early application is permitted. Adoption of this standard is not expected to have any impact to the JFC Group.

*Deferred Effectivity*

▪ Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The amendments address the conflict between PFRS 10 and PAS 28 in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture. The amendments clarify that a full gain or loss is recognized when a transfer to an associate or joint venture involves a business as defined in PFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investors' interests in the associate or joint venture.

On January 13, 2016, the Financial Reporting Standards Council deferred the original effective date of January 1, 2016 of the said amendments until the International Accounting Standards Board (IASB) completes its broader review of the research project on equity accounting that may result in the simplification of accounting for such transactions and of other aspects of accounting for associates and joint ventures.

#### Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Parent Company and its subsidiaries as at December 31, 2020 and 2019 and for each of the three years ended December 31, 2020.

Control is achieved when the JFC Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the JFC Group controls an investee if, and only if, the JFC Group has:

- Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns.

There is a general presumption that a majority of voting rights results in control. To support this presumption when the JFC Group has less than a majority of the voting or similar rights of an investee, the JFC Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual arrangements; and
- The JFC Group's voting rights and potential voting rights.

The JFC Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the JFC Group obtains control over the subsidiary and ceases when the JFC Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the JFC Group gains control until the date the JFC Group ceases to control the subsidiary.

Profit or loss and each component of Other Comprehensive Income (OCI) are attributed to the equity holders of the Parent Company and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the JFC Group's accounting policies. All intra and inter-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the JFC Group are eliminated in full at consolidation.

The reporting dates of the Parent Company and the associates or joint ventures are identical and the latter's accounting policies conform to those used by the Parent Company for like transactions and events in similar circumstances.

If the JFC Group loses control over a subsidiary, it:

- Derecognizes the assets (including goodwill) and liabilities of the subsidiary;
- Derecognizes the carrying amount of any non-controlling interests;
- Derecognizes the cumulative translation differences recorded in equity;

- Recognizes the fair value of the consideration received;
- Recognizes the fair value of any investment retained;
- Recognizes any surplus or deficit in profit or loss; and,
- Reclassifies the parent's share of components previously recognized in other comprehensive income to profit or loss or retained earnings, as appropriate, as would be required if the JFC Group had directly disposed of the related assets or liabilities.

Non-controlling interests represent the interests in the subsidiaries not held by the Parent Company, and are presented separately in the consolidated statement of comprehensive income and consolidated statement of financial position, separately from equity attributable to equity holders of the Parent Company.

A change in ownership interest in a subsidiary that does not result in a loss of control is accounted for as an equity transaction. The carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in the JFC Group's relative interests in the subsidiary. The JFC Group recognizes directly in equity any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received, and attribute it to the equity holders of the Parent Company. These include acquisitions of non-controlling interests of Greenwich, Yong He King, Adgraphix, Mang Inasal, Happy Bee Foods Processing Pte. Ltd. and Smashburger. In particular cases where the JFC Group acquires non-controlling interest in a subsidiary at a consideration in excess of its carrying amount, the excess is charged to the "Excess of cost over the carrying value of non-controlling interests acquired" account under equity. These changes in the ownership interest in a subsidiary do not result in the recognition of a gain or loss in profit or loss.

The consolidated financial statements include the accounts of the Parent Company and the following wholly-owned and majority-owned subsidiaries as at December 31, 2020 and 2019:

|  | Country of Incorporation                         | Principal Activities   | 2020             |                    | 2019             |                    |

- (a) On December 7, 2020, the JFC Group, through SMCC-SG incorporated Magnificent Coffee Trading Pte. Ltd. in Singapore.
- (b) On November 18, 2019, the JFC Group, through GPPL incorporated Hong Yun Hong (Shanghai) Food and Beverages Management Company Ltd. in PRC.
- (c) On August 28, 2019, SBEMAC was deregistered with the Shanghai Administration for Industry and Commerce and completely dissolved and liquidated on December 23, 2019.
- (d) On September 24, 2019, the JFC Group, through Java Ventures, LLC completed the acquisition of 100% share of International Coffee & Tea, LLC.
- (e) On September 11, 2019, Super Magnificent Coffee Company Hungary Kft. was incorporated.
- (f) On August 22, 2019, Super Magnificent Coffee Company Ireland Limited was incorporated.
- (g) On June 28, 2019, the JFC Group, through JWPL incorporated Super Magnificent Coffee Company Pte. Ltd. in Singapore.
- (h) On June 4, 2019, Java Ventures, LLC (USA) was incorporated.
- (i) On May 23, 2019, Bee World Spain, Sociedad Limitada was incorporated and registered in the Mercantile Registry of Madrid.
- (j) On April 17, 2018, the JFC Group, through BGI completed the acquisition of additional 45% share of SJBF, increasing its ownership from 40% to 85%. Subsequently, on December 14, 2018, the JFC Group, through BGI acquired the remaining 15% share resulting to 100% share in SJBF.
- (k) On April 16, 2018, Bee World UK Limited (UK) was incorporated.
- (l) On July 31, 2017, the JFC Group, through Golden Piatto Pte. Ltd. incorporated Cibo Felice in Italy.
- (m) On May 10, 2017, the JFC Group, through JSF increased its shareholding in SF Vung Tau Joint Stock Company (SFVT) and Blue Sky Holdings Limited (Blue Sky) to 60%.
- (n) On April 12, 2017, the JFC Group, through GPPL, incorporated Golden Piatto Pte. Ltd. to own and operate Jollibee restaurants in Italy.
- (o) On June 18, 2004, the stockholders of the JFC Group approved the Plan of Merger of the three (3) dormant companies. The application is pending approval from the SEC as at December 31, 2020.

### 3. Summary of Significant Accounting Policies

#### Current versus Noncurrent Classification

The JFC Group presents assets and liabilities in the consolidated statement of financial position based on current/noncurrent classification.

An asset is classified as current when it is:

- Expected to be realized or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is classified as current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The JFC Group classifies all other assets and liabilities as noncurrent. Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

### Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the JFC Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The fair value for financial instruments traded in active markets at the reporting date is based on their quoted price or binding dealer price quotations, without any deduction for transaction costs. Where the JFC Group has financial assets and financial liabilities with offsetting positions in market risks or counterparty credit risk, it has elected to use the measurement exception to measure the fair value of its net risk exposure by applying the bid or ask price to the net open position as appropriate. For all other financial instruments not traded in an active market, the fair value is determined by using valuation techniques deemed to be appropriate in the circumstances. Valuation techniques include the market approach (i.e., using prices and other relevant information generated by market transactions involving identical or comparable assets, liabilities or a group of assets and liabilities), the income approach (i.e., discounted cash flow analysis and option pricing models making as much use of available and supportable market data as possible) and the cost approach (i.e., based on the amount required to replace the service capacity of an asset).

The JFC Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest-level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest-level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest-level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the consolidated financial statements on a recurring basis, the JFC Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest-level input that is significant to the fair value measurement as a whole) at the end of each reporting year.

The JFC Group's management determines the policies and procedures for both recurring fair value measurement and non-recurring measurement. At each reporting date, the management analyzes the movements in the values of assets and liabilities which are required to be remeasured or reassessed as per the JFC Group's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

For the purpose of fair value disclosures, the JFC Group has determined classes of assets and liabilities based on the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

#### Cash and Cash Equivalents

Cash includes cash on hand and in banks. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash with original maturities of three months or less from the date of acquisition and are subject to an insignificant risk of change in value.

#### Short-term Investments

Short-term investments are deposits with original maturities of more than three months to one year from acquisition date.

#### Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

*Date of Recognition.* The JFC Group recognizes a financial asset or a financial liability in the consolidated statement of financial position, when it becomes a party to the contractual provisions of the instrument. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the JFC Group commits to purchase or sell the asset.

#### Financial Instruments - Initial Recognition and Subsequent Measurement

##### *Financial Assets*

*Initial Recognition and Measurement.* Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, fair value through other comprehensive income (FVOCI) and FVTPL.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the JFC Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the JFC Group has applied the practical expedient, the JFC Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at FVTPL, transaction costs. Trade receivables that do not contain a significant financing component or for which the JFC Group has applied the practical expedient are measured at the transaction price determined under PFRS 15.

In order for a financial asset to be classified and measured at amortized cost or FVOCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The JFC Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

*Subsequent Measurement.* For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortized cost (debt instruments)
- Financial assets at FVOCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at FVOCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at FVTPL

The JFC Group has no financial assets at FVOCI as at December 31, 2020 and 2019.

*Financial Assets at Amortized Cost (Debt Instruments).* This category is the most relevant to the JFC Group. The JFC Group measures financial assets at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortized cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired.

The JFC Group's cash in banks, short-term deposits, short-term investments, receivables (excluding receivables from government agencies), security and other deposits, operating lease receivables and finance lease receivables are classified under this category as at December 31, 2020 and 2019.

*Financial Assets at FVTPL.* Financial assets at FVTPL include financial assets held for trading, financial assets designated upon initial recognition at FVTPL, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at FVTPL, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortized cost or FVOCI, as described above, debt instruments may be designated at FVTPL on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at FVTPL are carried in the consolidated statement of financial position at fair value with net changes in fair value recognized in the consolidated statement of comprehensive income.

The JFC Group's investments in golf, leisure club shares and bond funds are classified under this category as at December 31, 2020 and 2019.

*Impairment of Financial Assets.* The JFC Group recognizes an allowance for Expected Credit Losses (ECLs) for all debt instruments not held at FVTPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows the JFC Group expects to receive discounted at an approximation of the original EIR. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For receivables and contract assets, and operating lease receivables, the JFC Group applies a simplified approach in calculating ECLs. Therefore, the JFC Group does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The JFC Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For security and other deposits, the JFC Group applies the general approach and calculates ECL based on the 12-month ECLs or lifetime ECLs, depending on whether there has been a significant increase in credit risk on the financial instruments since initial recognition.

For cash in banks, short-term deposits and short-term investments, the JFC Group applies the low credit risk simplification. The probability of default and loss given defaults are publicly available and are considered to be low credit risk investments. It is the JFC Group's policy to measure ECLs on such instruments on a 12-month basis. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECL. The JFC Group assesses that there is a significant increase in credit risk of a financial asset when default occurs. The JFC Group uses the ratings from Moody's to determine whether the debt instrument has significantly increased in credit risk and to estimate ECLs.

The JFC Group considers a financial asset in default when contractual payments are 30 days past due. However, in certain cases, the JFC Group may also consider a financial asset to be in default when internal or external information indicates that the JFC Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the JFC Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

The JFC Group incorporates forward-looking information into both its assessment of whether the credit risk of an instrument has increased significantly since its initial recognition and its measurement of ECL. To do this, the JFC Group has considered a range of relevant forward-looking macro-economic assumptions for the determination of unbiased general industry adjustments and any related specific industry adjustments that support the calculation of ECLs.

Based on the JFC Group's evaluation and assessment and after taking into consideration external actual and forecast information, the JFC Group considers two or more economic scenarios and the relative probabilities of each outcome. External information includes economic data and forecasts published by governmental bodies, monetary authorities and selected private-sector and academic institutions.

The JFC Group has identified and documented key drivers of credit risk and credit losses of each portfolio of financial instruments and, using an analysis of historical data, has estimated relationships between macro-economic variables and credit risk and credit losses. The JFC Group considers macro-economic factors such as gross domestic product growth rates and inflation rates in its analysis.

### *Financial Liabilities*

*Initial Recognition and Measurement.* Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL, loans and borrowings, payables or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The JFC Group's financial liabilities include loans and borrowings, payables and derivative financial liabilities as at December 31, 2020 and 2019.

### *Subsequent Measurement*

- *Financial Liabilities at FVTPL.* Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the JFC Group that are not designated as hedging instruments in hedge relationships as defined by PFRS 9. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in profit or loss.

Financial liabilities designated upon initial recognition at FVTPL are designated at the initial date of recognition, and only if the criteria in PFRS 9 are satisfied. The JFC Group has not designated any financial liability as at FVTPL.

- *Loans and Borrowings, and Other Payables.* This is the category most relevant to the JFC Group. After initial recognition, interest-bearing loans and borrowings, and other payables are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs, including debt issue costs for the JFC Group's debts that are an integral part of the effective interest rate. The effective interest rate amortization is included as interest expense in the consolidated statement of comprehensive income.

This category includes the JFC Group's trade payables and other current liabilities (excluding local and other taxes payable and unearned revenue from gift certificates), short-term and long-term debts lease liabilities and senior debt securities as at December 31, 2020 and 2019.

- *Debt Issue Costs.* Debt issue costs are specific incremental costs, other than those paid to the lender, that are directly related to issuing a debt instrument. These are presented in the consolidated statement of financial position as a reduction from the related debt instrument and are amortized through the EIR amortization process.

### Derecognition of Financial Assets and Liabilities

*Financial Assets.* A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e., removed from the JFC Group's consolidated statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or,
- The JFC Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the JFC Group has transferred substantially all the risks and rewards of the asset, or (b) the JFC Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the JFC Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the JFC Group continues to recognize the transferred asset to the extent of its continuing involvement. In that case, the JFC Group also recognized an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the JFC Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the JFC Group could be required to repay.

*Financial Liabilities.* A financial liability is derecognized when the obligation under the liability is discharged, cancelled or has expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in the consolidated statement of comprehensive income.

### Classification of Financial Instruments Between Liability and Equity

A financial instrument is classified as liability if it provides for a contractual obligation to:

- deliver cash or another financial asset to another entity;
- exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Company; or
- satisfy the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares.

If the Company does not have an unconditional right to avoid delivering cash or another financial asset to settle its contractual obligation, the obligation meets the definition of a financial liability.

The components of issued financial instruments that contain both liability and equity elements are accounted for separately, with the equity component being assigned the residual amount after deducting from the instrument as a whole the amount separately determined as the fair value of the liability component on the date of issue.

#### 'Day 1 Difference'

Where the transaction price in a non-active market is different from the fair value based on other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the JFC Group recognizes the difference between the transaction price and fair value (a 'Day 1 difference') in the profit or loss unless it qualifies for recognition as some other type of asset. In cases where unobservable data is used, the difference between the transaction price and model value is recognized in the profit or loss only when the inputs become observable or when the instrument is derecognized. For each transaction, the JFC Group determines the appropriate method of recognizing the 'Day 1 difference' amount.

#### Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously. The JFC Group assesses that it has a currently enforceable right of offset if the right is not contingent on a future event, and is legally enforceable in the normal course of business, event of default, and event of insolvency or bankruptcy of the JFC Group and all of the counterparties.

#### Derivative Financial Instruments and Hedge Accounting

*Initial Recognition and Subsequent Measurement.* The JFC Group uses derivative financial instruments, such as cross currency swaps and interest rate swaps to hedge its foreign currency risks and interest rate risks, respectively. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognized in other comprehensive income and later reclassified to profit or loss when the hedge item affects profit or loss.

For the purpose of hedge accounting, hedges are classified as:

- Fair value hedges when hedging the exposure to changes in the fair value of a recognized asset or liability or an unrecognized firm commitment;
- Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognized asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognized firm commitment; and
- Hedges of a net investment in a foreign operation.

The JFC Group's interest rate swap is cash flow hedge. The JFC Group has no fair value hedge and hedge of a net investment in a foreign operation as at December 31, 2020 and 2019.

At the inception of a hedge relationship, the JFC Group formally designates and documents the hedge relationship to which it wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge.

The documentation includes identification of the hedging instrument, the hedged item, the nature of the risk being hedged and how the JFC Group will assess whether the hedging relationship meets the hedge effectiveness requirements (including analysis of sources of hedge ineffectiveness and how the hedge ratio is determined). A hedging relationship qualifies for hedge accounting if it meets all of the following effectiveness requirements:

- There is ‘an economic relationship’ between the hedged item and the hedging instrument;
- The effect of credit risk does not ‘dominate the value changes’ that result that economic relationship; and
- The hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the JFC Group actually hedges and the quantity of the hedging instrument that the JFC Group actually uses to hedge that quantity of hedged item.

Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:

*Cash Flow Hedges.* Cash flow hedges are hedges of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognized asset, liability or a highly probable forecast transaction and could affect the consolidated statements of comprehensive income. Changes in the fair value of a hedging instrument that qualifies as a highly effective cash flow hedge are recognized as “Comprehensive income (loss) on derivative liability” in the consolidated statement of comprehensive income, whereas any hedge ineffectiveness is immediately recognized in profit or loss.

The JFC Group has an interest rate swap for its exposure to volatility in interest rates.

Amounts recognized as other comprehensive are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged income or expense is recognized or when a forecast sale occurs.

If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognized in other comprehensive income remains separately in equity until the forecast transaction occurs or the foreign currency firm commitment is met.

#### Contract Balances

*Contract Assets.* A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the JFC Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

*Trade Receivables.* A receivable represents the JFC Group’s right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

*Contract Liabilities.* A contract liability is the obligation to transfer goods or services to a customer for which the JFC Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the JFC Group transfers goods or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the JFC Group performs under the contract.

### Inventories

Inventories are valued at the lower of cost and net realizable value. Costs are accounted for as follows:

- |   |  |
|---|--|
| Processed inventories   | - Standard costing, which is reviewed on a quarterly basis and revised as necessary to approximate current costs determined using first in, first out (FIFO). Cost includes direct materials, labor and a proportion of manufacturing overhead costs based on normal operating capacity. |
| Food supplies, packaging, store and other supplies, and novelty items | - Standard costing which is reviewed on a quarterly basis and revised as necessary to approximate current costs determined using FIFO.   |

Net realizable value of processed inventories is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Net realizable value of food supplies, packaging, store and other supplies is the current replacement cost. Food and other supplies are held for use in the production of processed inventories.

Net realizable value of novelty items is the estimated selling price in the ordinary course of business, less the estimated costs necessary to make the sale.

### Other Current Assets

Other current assets include prepaid expenses which are paid in advance and recorded as asset before these are utilized, deposits which pertain to advance payments to suppliers to be applied for future purchases, and creditable withholding taxes, which will be applied in the following year against corporate income tax or be claimed for refund with the Bureau of Internal Revenue. Prepaid expenses are amortized over time and recognized as expense as the benefit is derived from the asset.

### Interests in and Advances to Joint Ventures, Co-venturers and Associates

An associate is an entity over which the JFC Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not in control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The JFC Group's investments in its associates and joint ventures are accounted for using the equity method based on the percentage share of ownership and capitalization. Interests in joint ventures are accounted for under the equity method from the date the joint control is obtained.

Under the equity method, the JFC Group's investments in joint ventures and associates are carried in the consolidated statement of financial position at cost plus the JFC Group's share in post-acquisition changes in the net assets of associates or joint ventures, less any impairment in value. Goodwill relating to the joint ventures or associates is included in the carrying amount of the investment and is not amortized. The consolidated statement of comprehensive income includes the JFC Group's share in the financial performance of the associates or joint ventures. The JFC Group's share in profit or loss of the associates is shown on the face of the consolidated statement of comprehensive income as "Equity in net earnings (losses) of joint ventures and associates - net", which is the profit or loss attributable to equity holders of the joint ventures and associates.

When the JFC Group's share of losses in the joint ventures or associates equals or exceeds its interest, including any other unsecured receivables, the JFC Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the associates or joint ventures. Where there has been a change recognized directly in the equity of the associate or joint venture, the JFC Group recognizes its share in any changes and discloses this, when applicable, in the consolidated statement of changes in equity.

Unrealized gains arising from transactions with the associates or joint ventures are eliminated to the extent of the JFC Group's interests in the associates or joint ventures against the related investments. Unrealized losses are eliminated similarly but only to the extent that there is no evidence of impairment in the asset transferred.

The JFC Group ceases to use the equity method of accounting on the date from which it no longer has joint control in the joint ventures, no longer has significant influence over the associates, or when the interest becomes held for sale.

Upon loss of significant influence over the associate or joint control over the joint ventures, the JFC Group measures and recognizes its remaining investment at its fair value. Any difference between the carrying amount of the former associate or former jointly controlled entities upon loss of significant influence or joint control, and the fair value of the remaining investment and proceeds from disposal is recognized in profit or loss. When the remaining interest in the former jointly controlled entity constitutes significant influence, it is accounted for as interest in an associate.

#### Property, Plant and Equipment

Property, plant and equipment, except land and construction in progress, are stated at cost less accumulated depreciation and amortization and any accumulated impairment in value. Such cost includes the cost of replacing part of property, plant and equipment at the time that cost is incurred, if the recognition criteria are met, and excludes the costs of day-to-day servicing. Land is stated at cost less any impairment in value.

The initial cost of property, plant and equipment consists of its purchase price, including import duties and nonrefundable taxes and any other costs directly attributable in bringing the asset to its working condition and location for its intended use. Cost also includes any related asset retirement obligation and interest incurred during the construction year on funds borrowed to finance the construction of the asset. Expenditures incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are normally charged to profit or loss in the year in which the costs are incurred. In situations where it can be clearly demonstrated that the expenditures have resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property, plant and equipment beyond its originally assessed standard of performance, the expenditures are capitalized as additional costs of property, plant and equipment.

Depreciation and amortization are calculated on a straight-line basis over the following estimated useful lives of the assets:

|   |   |
|---|---|
| Land improvements   | 5 years   |
| Plant, buildings, commercial condominium units and improvements | 5 - 40 years  |
| Leasehold rights and improvements                               | 2 - 10 years or term of the lease, whichever is shorter |
| Office, store and food processing equipment                     | 1 - 15 years  |
| Furniture and fixtures  | 3 - 5 years   |
| Transportation equipment  | 3 - 5 years   |

The residual values, if any, useful lives and depreciation and amortization method of the assets are reviewed at the end of each financial year and adjusted prospectively, if appropriate.

Fully depreciated assets are retained in the accounts until they are disposed or retired.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the disposal proceeds and the carrying amount of the asset) is included in profit or loss in the year the asset is derecognized.

Construction in progress represents assets under construction and is stated at cost less any impairment in value. This includes the cost of construction and other direct costs. Cost also includes interest on borrowed funds incurred during the construction year. Construction in progress is not depreciated until such time that the relevant assets are completed and ready for use.

#### Investment Properties

Investment properties consist of land and buildings and building improvements held by the JFC Group for capital appreciation and rental purposes. Investment properties, except land, are carried at cost, including transaction costs, less accumulated depreciation and amortization and any impairment in value. Cost also includes the cost of replacing part of an existing investment property at the time that cost is incurred if the recognition criteria are met; and excludes the costs of day-to-day servicing of an investment property. Land is carried at cost less any impairment in value.

The depreciation of buildings and building improvements are calculated on a straight-line basis over the estimated useful lives of the assets which are five (5) to thirty-five (35) years.

The residual values, if any, useful lives and method of depreciation and amortization of the assets are reviewed at each financial year-end and adjusted prospectively, if appropriate.

Investment property is derecognized when either it has been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognized in profit or loss in the year of retirement or disposal.

Transfers to investment property are made only when there is a change in use, evidenced by ending of ownership-occupation, or commencement of an operating lease to another party.

Transfers from investment property are made only when there is a change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sell.

For a transfer from investment property to owner-occupied property, the cost of property for subsequent accounting is its carrying value at the date of change in use. If the property occupied by the JFC Group as an owner-occupied property becomes an investment property, the JFC Group accounts for such property in accordance with the policy stated under property and equipment up to the date of change in use.

#### Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial year of time to get ready for its intended use or sale are capitalized as part of the cost of asset. Capitalization of borrowing costs commences when the activities to prepare the asset are in progress and expenditures and borrowing costs are being incurred. Borrowing costs are capitalized until the assets are substantially ready for their intended use. All other borrowing

costs are expensed as incurred. Borrowing costs consist of interest and other cost that an entity incurs in connection with the borrowing of funds.

#### Business Combinations

Business combinations are accounted for using the acquisition method. Applying the acquisition method requires the (a) determination whether the JFC Group will be identified as the acquirer; (b) determination of the acquisition date; (c) recognition and measurement of the identifiable assets acquired, liabilities assumed and any non-controlling interest in the acquiree; and (d) recognition and measurement of goodwill or a gain from a bargain purchase.

When the JFC Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at acquisition date.

The cost of an acquisition is measured as the aggregate of the (a) consideration transferred by the JFC Group, measured at acquisition-date fair value, (b) amount of any non-controlling interest in the acquiree and (c) acquisition-date fair value of the JFC Group's previously held equity interest in the acquiree in a business combination achieved in stages. Acquisition costs incurred are expensed and included in "General and administrative expenses" account in the consolidated statement of comprehensive income.

*Initial Measurement of Non-controlling Interest.* For each business combination, the JFC Group measures the non-controlling interest in the acquiree using the proportionate share of the acquiree's fair value of identifiable net assets.

*Business Combination Achieved in Stages.* In a business combination achieved in stages, the JFC Group remeasures its previously held equity interests in the acquiree at its acquisition-date fair value and recognizes the resulting gain or loss, if any, in profit or loss.

*Measurement Period.* If the initial accounting for a business combination is incomplete by the end of the reporting period in which the business combination occurs, the JFC Group reports in its consolidated financial statements provisional amounts for the items for which the accounting is incomplete. The measurement period ends as soon as the JFC Group receives the information it was seeking about facts and circumstances that existed as at the acquisition date or learns that more information is not obtainable. The measurement period does not exceed one year from the acquisition date.

*Initial Measurement of Goodwill or Gain on a Bargain Purchase.* Goodwill is initially measured by the JFC Group at cost being the excess of the total consideration transferred over the net identifiable assets acquired and liabilities assumed. If this consideration is lower than the fair value of the net assets of the subsidiary acquired, the difference is recognized in profit or loss as gain on a bargain purchase. Before recognizing a gain on a bargain purchase, the JFC Group determines whether it has correctly identified all of the assets acquired and all of the liabilities assumed and recognize any additional assets or liabilities that are identified in that review.

*Subsequent Measurement of Goodwill.* Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

*Impairment Testing of Goodwill.* For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the JFC Group's CGU, or groups of CGUs, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units or groups of units.

Each unit or group of units to which the goodwill is allocated:

- represents the lowest level within the JFC Group at which the goodwill is monitored for internal management purposes; and
- is not larger than an operating segment as defined in PFRS 8, *Operating Segments*, before aggregation.

*Frequency of Impairment Testing.* Irrespective of whether there is any indication of impairment, the JFC Group tests goodwill acquired in a business combination for impairment annually as at December 31 and more frequently when circumstances indicate that the carrying amount is impaired.

*Allocation of Impairment Loss.* An impairment loss is recognized for a CGU if the recoverable amount of the unit or group of units is less than the carrying amount of the unit or group of units. The impairment loss is allocated to reduce the carrying amount of the assets of the unit or group of units first to reduce the carrying amount of goodwill allocated to the CGU or group of units and then to the other assets of the unit or group of units pro rata on the basis of the carrying amount of each asset in the unit or group of units. In allocating the impairment loss, the JFC Group cannot reduce the carrying amount of an asset below the highest of its fair value less costs of disposal if measurable, its value in use if determinable and zero.

#### Intangible Assets

Intangible assets acquired separately are measured at cost on initial recognition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and any accumulated impairment loss. The useful lives of intangible assets are assessed at the individual asset level as either finite or indefinite.

Intangible assets with finite lives are amortized over the useful economic life using the straight-line method and assessed for impairment whenever there is an indication that the intangible assets may be impaired. At a minimum, the amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortization period or method, as appropriate, and treated as changes in accounting estimates.

Intangible assets with indefinite useful lives are tested for impairment annually either individually or at the CGU level. Such intangible assets are not amortized. The useful life of an intangible asset with an indefinite life is reviewed annually to determine whether the indefinite life assessment continues to be supportable. If not, the change in the useful life assessment from indefinite to finite is made on a prospective basis.

Amortization of computer software, trademarks and other intangible assets are calculated on a straight-line basis over the following estimated useful lives of the assets:

|                         |          |
|-------------------------|----------|
| Computer software       | 10 years |
| Trademarks              | 5 years  |
| Other intangible assets | 5 years  |

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognized in profit or loss when the asset is derecognized.

### Impairment of Nonfinancial Assets

The carrying values of interests in and advances to joint ventures, co-venturers and associates, property, plant and equipment, right-of-use assets, investment properties, trademarks, goodwill and other intangible assets are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. If any such indication exists, and if the carrying value exceeds the estimated recoverable amount, the assets or CGU are written down to their recoverable amounts. The recoverable amount of the asset is the greater of fair value less costs to sell or value in use. The fair value less costs to sell is the amount obtainable from the sale of an asset in an arm's-length transaction between knowledgeable and willing parties, less costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the CGU to which the asset belongs. Impairment losses are recognized in profit or loss in those expense categories consistent with the function of the impaired asset.

For nonfinancial assets, excluding goodwill, an assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation and amortization, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit or loss. After such a reversal, the depreciation charge is adjusted in future years to allocate the asset's revised carrying amount, less any residual value on a systematic basis over its remaining useful life.

### Equity

*Capital Stock and Additional Paid-in Capital.* Capital stock is measured at par value for all shares issued. Proceeds and/or fair value of considerations received in excess of par value, if any, are recognized as additional paid-in capital. Incremental costs incurred directly attributable to the issuance of new shares are shown in equity as a deduction from proceeds, net of tax.

Additional paid-in capital is also credited for the cost of the JFC Group's equity-settled share-based payments to its employees.

*Subscription Receivable.* Subscription receivable represents the unpaid balance of the subscription price for subscribed common stock of the Parent Company.

*Retained Earnings.* Retained earnings represent the JFC Group's accumulated earnings, net of dividends declared. The balance includes accumulated earnings of subsidiaries, joint ventures and associates, which are not available for dividend declaration.

*Dividends.* The JFC Group recognizes a liability to make cash distribution to its equity holders when the distribution is authorized and the distribution is no longer at the discretion of the JFC Group. A corresponding amount is recognized directly in the equity. Dividends for the year that are approved after the financial reporting date are dealt with as an event after the reporting year.

*Other Comprehensive Income.* Other comprehensive income comprises items of income and expense (including reclassification adjustments) that are not recognized in profit or loss. These include cumulative translation adjustments, gains or losses on derivatives designated as hedging instruments in an effective hedge, unrealized gains or losses on financial assets at FVOCI, remeasurement gains or losses on pension and their income tax effects.

*Treasury Shares.* Acquisitions of treasury shares are recorded at cost. The total cost of treasury shares is shown in the consolidated statement of financial position as a deduction from the total equity. Upon re-issuance or resale of the treasury shares, cost of common stock held in treasury account is credited for the cost of the treasury shares determined using the simple average method. Gain on sale is credited to additional paid-in capital. Losses are charged against additional paid-in capital but only to the extent of previous gain from original issuance, sale or retirement for the same class of stock. Otherwise, losses are charged to retained earnings.

#### Revenue from Contracts with Customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the JFC Group expects to be entitled in exchange for those goods or services. The JFC Group assesses its revenue arrangements against specific criteria to determine if it is acting as a principal or as an agent. The JFC Group has concluded that it is acting as principal in majority of its revenue arrangements. The following specific recognition criteria must also be met before revenue is recognized:

*Sale of Goods.* Revenue from sale of goods is recognized at the point in time when control is transferred to the customer, which is normally upon delivery. Sales returns and discounts are deducted from sales to arrive at net sales shown in the consolidated statement of comprehensive income.

*Royalty Fees.* Revenue from royalty fees is recognized as the royalty accrues based on certain percentages of the franchisees' net sales.

*Set-up Fees.* Revenue from set-up fees is recognized on a straight-basis over the term of the franchise agreement and when performance obligations relating to the payment of set-up fees have been satisfied.

*System-wide Advertising Fees.* Revenues consisting of reimbursements of network advertising and promotional costs from franchisees are recognized upon performance of service.

*Service Fees.* Revenue is recognized in the period in which the service has been rendered.

*Management Fees.* Revenue is recognized in the period in which the administration services has been rendered based on a certain percentage of the total costs incurred.

#### Other Revenues

The following specific recognition criteria must also be met before other revenue is recognized:

*Rent Income.* Rent income from short-term leases and leases of low-value asset is recognized on a straight-line basis over the lease terms.

*Interest Income.* Interest income is recognized as the interest accrues, taking into account the effective yield on the asset.

*Other Income.* Other income is recognized when there is an incidental economic benefit, other than the usual business operations, that will flow to the JFC Group through an increase in asset or reduction in liability and that can be measured reliably.

#### Cost and Expenses

Cost and expenses are decreases in economic benefits during the reporting period in the form of outflows or decrease of assets or incurrence of liabilities that result in decreases in equity, other than those relating to distributions to equity participants. Cost and expenses are recognized as incurred.

Advertising and promotion expenses include costs incurred for advertising schemes and promotional activities for new products.

#### Pension Benefits

The pension liability or asset is the aggregate of the present value of the defined benefit obligation at the end of the reporting period reduced by the fair value of plan assets (if any), adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The cost of providing benefits under the defined benefit plans is actuarially determined using the projected unit credit method.

Pension expense comprises the following:

- Service cost; and
- Net interest on the net defined benefit liability or asset.

Service costs which include current service costs, past service costs and gains or losses on non-routine settlements are recognized as part of pension expense. Past service costs are recognized when plan amendment or curtailment occurs. These amounts are calculated periodically by independent qualified actuaries.

Net interest on the pension liability or asset is the change during the period in the liability or asset that arises from the passage of time which is determined by applying the discount rate based on government bonds to the pension liability or asset. Net interest on the pension liability or asset is recognized under “Direct costs” and “General and administrative expenses” in the consolidated statement of comprehensive income.

Remeasurements comprising actuarial gains and losses, return on plan liability or assets and any change in the effect of the asset ceiling (excluding net interest on defined benefit liability) are recognized immediately in other comprehensive income in the period in which they arise. Remeasurements are not reclassified to profit or loss in subsequent periods.

Plan assets are assets that are held by a long-term employee benefit fund or qualifying insurance policies. Plan assets are not available to the creditors of the JFC Group, nor can they be paid directly to the JFC Group. Fair value of plan assets is based on market price information. When no market price is available, the fair value of plan assets is estimated by discounting expected future cash flows using a discount rate that reflects both the risk associated with the plan assets and the maturity or expected disposal date of those assets (or, if they have no maturity, the expected period until the settlement of the related obligations). If the fair value of the plan assets is higher than the present value of the defined benefit obligation, the measurement of the resulting defined benefit asset is

limited to the present value of economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The JFC Group also participates in various government-defined contribution schemes for the PRC-based and USA-based subsidiaries. Under these schemes, pension benefits of existing and retired employees are guaranteed by the local pension benefit plan, and each subsidiary has no further obligations beyond the annual contribution.

#### Employee Leave Entitlement

Employee entitlements to annual leave are recognized as a liability when they are accrued to the employees. JFC Group recognizes undiscounted liability for leave expected to be settled wholly before twelve months after the end of the annual reporting period.

#### Share-based Payments

The JFC Group has stock option plans granting its management and employees an option to purchase a fixed number of shares of stock at a stated price during a specified period (“equity-settled transactions”).

The cost of the options granted to the JFC Group’s management and employees that becomes vested is recognized in profit or loss over the period in which the performance and/or service conditions are fulfilled, ending on the date on which the relevant management and employees become fully entitled to the award (“vesting date”).

The fair value is determined using the Black-Scholes Option Pricing Model. The cumulative expense recognized for the share-based transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the JFC Group’s best estimate of the number of equity instruments that will ultimately vest. The charge or credit in profit or loss or the investment account for a period represents the movement in cumulative expense recognized as of the beginning and end of that period.

No expense is recognized for awards that do not ultimately vest.

Where the terms of a share-based award are modified, at a minimum, an expense is recognized as if the terms had not been modified. In addition, an expense is recognized for any modification, which increases the total fair value of the share-based payment agreement, or is otherwise beneficial to the management and employees as measured at the date of modification.

Where a share-based award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognized for the award is recognized immediately. However, if a new award is substituted for the cancelled award, and designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if there were a modification of the original award.

#### Leases

The JFC Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

*JFC Group as Lessee.* The JFC Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The JFC Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

- *Right-of-Use Assets.* The JFC Group recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. The cost of right-of-use assets also includes an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories. Unless the JFC Group is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognized right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term. Right-of-use assets are subject to impairment.
- *Lease Liabilities.* At the commencement date of the lease, the JFC Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The variable lease payments that do not depend on an index or a rate are recognized as expense in the period on which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the JFC Group uses the incremental borrowing rate (IBR) at the lease commencement date if the interest rate implicit in the lease is not readily determinable. In determining the IBR, the JFC Group uses risk-free rate plus credit spread where the credit spread is based on the credit risk of the lessee. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

The JFC Group's lease liabilities are included in interest-bearing loans and borrowings.

- *Short-term Leases and Leases of Low-value Assets.* The JFC Group applies the short-term lease recognition exemption to its short-term leases of QSR outlets. It also applies the lease of low-value assets recognition exemption to leases of that are considered of low value (i.e., below USD5,000 or approximately ₱250,000). Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.
- *Subleases of Underlying Asset.* The JFC Group continues to account for the original lease (the head lease) as a lessee and accounts for the sublease as the lessor (intermediate lessor).
- *Lease Modification.* Lease modification is defined as a change in the scope of a lease, or the consideration for a lease, that was not part of the original terms and conditions of the lease (for example, adding or terminating the right to use one or more underlying assets, or extending or shortening the contractual lease term).

A lessee shall account for a lease modification as a separate lease if both:

- The modification increases the scope of the lease by adding the right to use one or more underlying assets; and

- The consideration for the lease increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

For a lease modification that is not accounted for as a separate lease, at the effective date of the lease modification a lessee shall:

- Allocate the consideration in the modified contract;
- Determine the lease term of the modified lease; and
- Remeasure the lease liability by discounting the revised lease payments using a revised discount rate. The revised discount rate is determined as the interest rate implicit in the lease for the remainder of the lease term, if that rate can be readily determined, of the lessee's incremental borrowing rate at the effective date of the modification, if the interest rate implicit in the lease cannot be readily determined. The lessee shall account for the remeasurement of the lease liability by:
  - Decreasing the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease for lease modifications that decrease the scope of the lease. The lessee shall recognize in profit or loss any gain or loss relating to partial or full termination of the lease.
  - Making corresponding adjustment to the right-of-use asset for all other lease modifications.

As a practical expedient, a lessee may elect not to assess whether a rent concession occurring as a direct consequence of Covid-19 pandemic is a lease modification and only if all of the following conditions are met:

- The change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- Any reduction in lease payments affects only payments originally due on or before June 30, 2021; and,
- There is no substantive change to other terms and conditions of the lease.

Rent concession from lessors were accounted for as negative variable lease payments in profit or loss.

*JFC Group as Lessor.* Leases in which the JFC Group does not transfer to the lessee substantially all the risks and benefits incidental to ownership an asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the operating lease receivable and recognized over the lease term on the same basis as rent income. Rent income from operating leases is accounted for on a straight-line basis over the lease term and is recognized as income in profit or loss. Contingent rents are recognized as revenue in the period in which they are earned.

*JFC Group as an Intermediate Lessor.* Sublease is classified at the inception date as a finance lease or an operating lease. Subleases in which the JFC Group determined that the lease term constitute a major part of the economic life of the underlying asset and at the inception date, the present value of the minimum lease payments amounts to substantially all of the fair value of the underlying asset are classified as finance lease.

If the sublease is classified as finance lease, JFC Group as an intermediate lessor:

- derecognizes the right-of-use asset relating to the head lease that it transfers to the sublessee and recognizes the net investment in the sublease;
- recognizes any difference between the right-of-use asset and the net investment in the sublease in profit or loss; and
- retains the lease liability relating to the head lease in its consolidated statement of financial position, which represents the lease payments owed to the head lessor.

During the term of the sublease, JFC Group recognizes both finance income on the sublease and interest expense on the head lease.

If the sublease is classified as an operating lease, JFC Group retains the lease liability and the right-of-use asset relating to the head lease in its consolidated statement of financial position. During the term of the sublease, JFC Group recognizes a depreciation charge for the right-of-use asset and interest on the lease liability and recognizes rent income from the sublease.

#### Foreign Currency Transactions and Translations

The consolidated financial statements are presented in Philippine Peso, which is the Parent Company's functional and presentation currency. Each entity in the JFC Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. The functional currency of subsidiaries domiciled and operating in the Philippines are also determined to be the Philippine Peso. Where the functional currency is the Philippine Peso, transactions in foreign currencies are recorded in Philippine Peso using the exchange rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are restated using the closing rate of exchange at reporting date. All differences are recognized in profit or loss. Nonmonetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions.

The functional currencies of the JFC Group's foreign operations are US dollar (USD), PRC Renminbi (RMB), Indonesia rupiah, Vietnam dong, Singapore dollar, Hong Kong dollar, Canadian dollar, Macau pataca, Euro and Malaysian ringgit. As of the reporting date, the assets and liabilities of foreign subsidiaries are translated into the presentation currency of the Parent Company at the rate of exchange ruling at the reporting date while the income and expense accounts are translated at the weighted average exchange rates for the year. The resulting translation differences are included in equity under the account "Cumulative translation adjustments of foreign subsidiaries and interests in joint ventures and associates". On disposal of a foreign subsidiary, the accumulated exchange differences are recognized in profit or loss.

#### Taxes

*Current Tax.* Current tax liabilities for the current and prior periods are measured at the amount expected to be paid to the tax authority. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at reporting date.

Current income tax relating to items recognized directly in equity is recognized in equity (not in the profit or loss). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

*Deferred Tax.* Deferred tax is provided using balance sheet liability method, on all temporary differences at reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax assets are recognized for all deductible temporary differences and carryforward benefits of unused tax credits from excess of minimum corporate income tax (MCIT) over regular corporate income tax (RCIT) and net operating loss carryover (NOLCO), to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and carry forward benefits of excess of MCIT over RCIT and NOLCO can be utilized, except:

- where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit; and
- in respect of deductible temporary differences associated with investments in subsidiaries and interest in joint ventures and associates, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

- where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transactions, affects neither the accounting profit nor taxable profit; and
- in respect of taxable temporary differences associated with investments in subsidiaries and interests in joint ventures and associates, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantially enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in another equity account.

Tax benefits acquired as part of a business combination, but not satisfying the criteria for separate recognition at that date, are recognized subsequently if new information about facts and circumstances change. The adjustment is either treated as reduction in goodwill, as long as it does not exceed goodwill, if it was incurred during the measurement year or recognize in profit or loss.

Deferred tax assets and liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

*Value Added Tax (VAT)*. Revenue, expenses and assets are recognized net of the amount of VAT, if applicable.

When VAT from sales of goods and/or services (output VAT) exceeds VAT passed on from purchases of goods or services (input VAT), the excess is recognized as part of “Trade payables and other current liabilities” account in the consolidated statement of financial position. When VAT passed on from purchases of goods or services (input VAT) exceeds VAT from sales of goods and/or services (output VAT), the excess is recognized as part of “Other current assets” account in the consolidated statement of financial position.

#### Earnings per Share (EPS) Attributable to Equity Holders of the Parent Company

Basic EPS is calculated by dividing the net income for the year attributable to the equity holders of the Parent Company by the weighted average number of common shares outstanding during the year, after considering the retroactive effect of stock dividend declaration, if any.

Diluted EPS is computed by dividing the net income for the year attributable to the equity holders of the Parent Company by the weighted average number of common shares outstanding during the period, adjusted for any potential common shares resulting from the assumed exercise of outstanding stock options. Outstanding stock options will have dilutive effect under the treasury stock method only when the average market price of the underlying common share during the period exceeds the exercise price of the option.

Where the EPS effect of the shares to be issued to management and employees under the stock option plan would be anti-dilutive, the basic and diluted EPS would be stated at the same amount.

#### Provisions

Provisions are recognized when the JFC Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessment of the time value of money and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as interest expense.

#### Contingencies

Contingent liabilities are not recognized in the consolidated financial statements but are disclosed in the notes to financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the consolidated financial statements but are disclosed when an inflow of economic benefits is probable.

#### Business Segments

The JFC Group is organized and managed separately according to the nature of operations and geographical locations of businesses. The three major operating businesses of the JFC Group are food service, franchising and leasing while geographical segments are segregated to Philippine businesses and international businesses. These operating and geographical businesses are the basis upon which the JFC Group reports its primary segment information presented in Note 5.

#### Events after the Reporting Period

Post year-end events that provide additional information about the JFC Group’s financial position at reporting date (adjusting events) are reflected in the JFC Group’s consolidated financial statements. Post year-end events that are not adjusting events are disclosed in the notes to consolidated financial statements when material.

---

#### 4. Significant Accounting Judgments, Estimates and Assumptions

The preparation of the consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts in the consolidated financial statements and related notes at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the affected asset or liability in the future.

The JFC Group believes the following represents a summary of these significant judgments, estimates and assumptions and the related impact and associated risks on the JFC Group's consolidated financial statements.

##### Judgments

In the process of applying the JFC Group's accounting policies, management has made the following judgments, apart from those involving estimations, which have the most significant effect on the amounts recognized in the consolidated financial statements.

*Functional Currency.* Management has determined that the functional and presentation currency of the Parent Company and its Philippine-based subsidiaries is the Philippine Peso, being the currency of the primary environment in which the Parent Company and its major subsidiaries operate. The functional currencies of its foreign operations are determined as the currency in the country where the subsidiary operates. For consolidation purposes, the foreign subsidiaries' balances are translated to Philippine Peso which is the Parent Company's functional and presentation currency.

*Revenue Contracts with Customers - Determining the Timing of Satisfaction of Set-up Fees.* The JFC Group undertakes activities prior to store opening (e.g., initial training, site development, systems set-up, etc.) as indicated in the franchise agreement. The JFC Group determines whether these activities are capable of being distinct (i.e., whether the franchisee can benefit on each of these activities on a standalone basis) and whether these activities are distinct within the context of the franchise agreement (i.e., whether these activities can be separated from the franchise license granted to the franchisee).

The JFC Group determined that revenue from set-up fees should be recognized on a straight-line basis over the term of the franchise agreement and when performance obligations relating to the payment of set-up fees have been satisfied.

*Principal versus Agent Consideration.* The JFC Group's agreement with the franchisee includes the right to charge the franchisee its share in the JFC Group's nationwide advertising and marketing efforts as well as fees for the JFC Group's administration of various advertisements, network and media placements. The JFC Group determined that it is acting as principal for the nationwide advertising because it is the JFC Group who retains the right to direct the service provider of the advertisements, network and media placements, and has the discretion on how to price the advertising fee charges. The JFC Group considers both the legal form and the substance of its agreement to determine each party's respective roles in the agreement.

*Determining the Lease Term of Contracts with Renewal Options - JFC Group as Lessee.* The JFC Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The JFC Group has the option, under some of its leases to lease the assets for additional terms of 5 to 15 years. The JFC Group applies judgement in evaluating whether it is reasonably certain to exercise the option to renew. That is, it considers all relevant factors that create an economic incentive for it

to exercise the renewal. After the commencement date, the JFC Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise (or not to exercise) the option to renew (e.g., a change in business strategy). The JFC Group included the renewal period as part of the lease term for leases of QSR outlets and warehouses due to the significance of these assets to its operations. These leases have a short non-cancellable period (i.e., 5 to 10 years) and there will be a significant negative effect on operations if a replacement is not readily available.

*Property Lease Classification - JFC Group as Lessor.* The JFC Group has entered into commercial property leases on its investment property portfolio. Management has determined, based on an evaluation of the terms and conditions of the arrangements, that it retains substantially all the risks and rewards incidental to ownership of these properties and thus, accounts for the contracts as operating leases.

Rent income amounted to ₱35.8 million, ₱58.5 million and ₱25.0 million in 2020, 2019 and 2018, respectively (see Notes 13, 20 and 29).

*Assessing Joint Control of an Arrangement and the Type of Arrangement.* Joint control is the contractually agreed sharing of control of an arrangement which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control. The JFC Group assessed that it has joint control in all joint arrangements by virtue of a contractual agreement with other stockholders. The JFC Group's joint ventures have separate legal entities and the shareholders have right to their net assets (see Note 11).

*Material Partly-Owned Subsidiaries.* The consolidated financial statements include additional information about subsidiaries that have non-controlling interests that are material to the JFC Group (see Note 11). Management determined material partly-owned subsidiaries as those with balance of non-controlling interest greater than 5% of total non-controlling interests and those subsidiaries with activities that are important to the JFC Group as at end of the period.

*Material Joint Ventures and Associates.* The consolidated financial statements include additional information about joint ventures and associates that are material to the JFC Group (see Note 11). Management determined material joint ventures and associates as those joint ventures and associates where the JFC Group's carrying amount of investment is greater than 5% of the total interests in joint ventures and investments in associates as at end of the period.

#### Estimates and Assumptions

The key estimates and assumptions concerning the future and other key sources of estimation uncertainty at reporting date that has a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below. The JFC Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to changes on market circumstances arising beyond the control of the JFC Group. Such changes are reflected in the assumptions when they occur.

*Determination of Purchase Price Allocation.* On September 24, 2019, the JFC Group, through SMCC-HU, acquired CBTL for the total consideration of ₱17,098.7 million (see Note 11). In identifying the assets acquired and liabilities assumed, management has determined that part of the assets being acquired pertains to the trademark and other intangibles of CBTL amounting to ₱19,333.0 million (see Note 14).

Management has measured the trademarks and other intangible assets based on the valuation report prepared by the external valuation specialist and the property and equipment that were acquired using the appraisal reports that were prepared by an independent appraiser. The trademarks were valued using the

relief-from-royalty method wherein the fair value of trademarks is based on cost savings from owning the trademarks. Significant assumptions and estimates used include comparable royalty rates, long-term growth rates, discount rates based on available market data and revenue growth rate forecasts. The property and equipment were valued using the replacement cost. Adjustments were made to replacement cost to reflect depreciation. The valuation of other intangible assets was based on market values using income approach.

*Recoverability of Trademarks, Goodwill and Other Intangible Assets.* The JFC Group determines whether trademarks, goodwill and other intangible assets with indefinite useful life is impaired at least on an annual basis or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. This requires an estimation of the value in use of the CGU to which the goodwill is allocated. Estimating the value in use requires the JFC Group to make an estimate of the expected net sales, long-term growth rates and earnings before interest, taxes, depreciation and amortization (EBITDA) from the CGU and also consider market data in determining discount rate in order to calculate the present value of those cash flows. In addition, the assumptions are also subjected to a higher level of estimation uncertainty due to the current economic conditions which have been impacted by the Covid-19 pandemic.

Management has determined that trademarks, goodwill and other intangible assets are not impaired. The carrying amount of trademarks, goodwill and other intangible assets amounted to ₱50,224.1 million and ₱50,815.3 million as at December 31, 2020 and 2019, respectively (see Note 14).

*Recoverability of Interests in and Advances to Joint Ventures, Co-venturers and Associates.* The JFC Group performs impairment test of its interests in and advances to joint ventures, co-venturers and associates when there are facts and circumstances indicating that their carrying amounts exceed their recoverable amounts. Determining the recoverable amount of assets, which requires the determination of future cash flows expected to be generated from the continued operations of joint ventures and associates, requires the JFC Group to make significant assumptions that can materially affect the consolidated financial statements. These assumptions include long-term growth rates, EBITDA and discount rate. Future events could cause the JFC Group to conclude that the assets are impaired. Any resulting impairment loss could have a material adverse impact on the JFC Group's financial position and performance.

The carrying amounts of interests in and advances to joint ventures, co-venturers and associates as at December 31 are as follows (see Note 11):

|                             | 2020              | 2019       |
|-----------------------------|-------------------|------------|
| Interests in joint ventures | <b>₱4,904,383</b> | ₱3,102,559 |
| Interests in associates     | <b>796,054</b>    | 824,405    |
| Advances to co-venturers    | <b>1,629,181</b>  | 2,905,138  |

*Recognition of Deferred Income Tax Assets.* The carrying amounts of deferred tax assets at each reporting date is reviewed and reduced to the extent that sufficient taxable profits are available to allow all or part of the deferred tax assets to be utilized. The JFC Group's assessment on the recognition of deferred tax assets is based on the forecasted taxable income taking into account the period in which the deductible temporary differences can be claimed in the Philippines, PRC and USA. This forecast is based on assumptions that are affected by expected future market or economic conditions and the expected future performance as well as management's plans and strategies of the relevant taxable entities, including the Parent Company and certain subsidiaries. The effect of Covid-19 pandemic on the macroeconomic factors are also used in developing the assumptions.

The carrying amount of the recognized deferred tax assets amounted to ₱15,463.9 million and ₱15,424.0 million as at December 31, 2020 and 2019, respectively. Unrecognized deferred tax assets amounted to ₱3,308.5 million and ₱1,636.3 million as at December 31, 2020 and 2019, respectively (see Note 24).

*Impairment of Property, Plant and Equipment, Right-of-use Assets and Investment Properties.* The JFC Group performs impairment review of right-of-use assets, property, plant and equipment and investment properties when certain impairment indicators are present. Management has identified store closures and pre-termination of underlying lease agreements due to Covid-19 pandemic as impairment indicators and has performed impairment assessment on its property, plant and equipment and right-of-use assets and has identified the related lease pre-termination costs, if any.

Determining the fair value of assets, which requires the determination of future cash flows expected to be generated from the continued use and ultimate disposition of such assets, requires the JFC Group to make estimates and assumptions that can materially affect the consolidated financial statements. Future events could cause the JFC Group to conclude that the assets are impaired. Any resulting impairment loss could have a material adverse impact on the JFC Group's financial position and performance.

Provision for impairment loss on property, plant and equipment and right-of-use assets amounted to ₱1,846.9 million, ₱399.2 million and nil in 2020, 2019 and 2018, respectively. Reversal of previously recognized impairment loss amounted to ₱76.2 million, ₱29.2 million and ₱408.2 million in 2020, 2019 and 2018, respectively (see Notes 12 and 22).

The aggregate carrying values of property, plant and equipment, right-of-use assets and investment properties as at December 31 are as follows:

|   | <b>2020</b>        | 2019        |
|---|--------------------|-------------|
| Property, plant and equipment (see Note 12) | <b>₱28,684,131</b> | ₱32,592,122 |
| Right-of-use assets (see Note 29)           | <b>34,224,143</b>  | 42,466,962  |
| Investment properties (see Note 13)         | <b>572,722</b>     | 572,722     |

*Impairment of Receivables and Contract Assets.* The JFC Group uses a provision matrix to calculate ECLs for its receivables and contract assets. The provision rates are based on days past due.

The provision matrix is initially based on the JFC Group's historical observed default rates. The JFC Group calibrates the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

The assessment of the correlation between historical observed default rates, forward-looking information, and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The JFC Group's historical credit loss experience and forecast of economic conditions may also not be representative of customers' actual default in the future.

Other than the considerations on the impact of Covid-19 on macroeconomic factors used as inputs to the ECL calculation, there have been no significant changes in estimation techniques or significant assumptions made during the reporting period.

Provision for impairment loss on receivables amounted to ₱281.9 million, ₱25.3 million and ₱10.2 million in 2020, 2019 and 2018, respectively (see Note 22). Reversal of previously recognized impairment loss amounted to nil, ₱91.4 million and ₱23.7 million in 2020, 2019 and 2018, respectively (see Note 22). The carrying amount of receivables and contract assets amounted to ₱7,049.9 million and ₱5,906.3 million as at December 31, 2020 and 2019, respectively (see Note 7).

*Net Realizable Value of Inventories.* The JFC Group writes down inventories to net realizable value, through the use of an allowance account, whenever the net realizable value of inventories becomes lower than the cost due to damage, physical deterioration, obsolescence, changes in price levels or other causes (i.e., Covid-19 pandemic).

The estimates of net realizable value are based on the most reliable evidence available at the time the estimates are made of the amounts the inventories are expected to be realized. These estimates take into consideration fluctuations of prices or costs directly relating to events occurring after reporting date to the extent that such events confirm conditions existing at reporting date. The allowance account is reviewed on a regular basis to reflect the accurate valuation in the financial records.

The JFC Group assessed that the net realizable value for some inventories is lower than cost, hence, it recognized provision for inventory obsolescence amounting to ₱332.5 million, ₱16.7 million and ₱8.3 million in 2020, 2019 and 2018, respectively (see Note 22). Reversal of previously recognized impairment loss amounted to ₱82.4 million, ₱26.5 million and ₱6.1 million in 2020, 2019 and 2018, respectively (see Note 22). The carrying amount of inventories amounted to ₱8,295.8 million and ₱9,966.1 million as at December 31, 2020 and December 31, 2019, respectively (see Note 8).

*Present Value of Defined Benefit Obligation.* The pension expense as well as the present value of the defined benefit obligation are determined using actuarial valuations. The actuarial valuation involves making various assumptions. These include the determination of the discount rates and the future salary increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, defined benefit obligations are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

In determining the appropriate discount rate, management considers the interest rates of government bonds that are denominated in the currency in which the benefits will be paid, with extrapolated maturities corresponding to the expected duration of the defined benefit obligation.

Future salary increases are based on budgetary salary increases.

The carrying amount of pension liability amounted to ₱2,917.5 million and ₱2,221.3 million as at December 31, 2020 and 2019, respectively (see Note 25).

*Share-based Payments.* The Parent Company measures the cost of its equity-settled transactions with management and employees by reference to the fair value of the equity instruments at the grant date. Estimating fair value for share-based payment transactions requires determining the most appropriate valuation model, which is dependent on the terms and conditions of the grant. The estimate also requires determining the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about these inputs. The fair value of the share option is being determined using the Black-Scholes Option Pricing Model. The expected life of the stock options is based on the expected exercise behavior of the stock option holders and is not necessarily indicative of the exercise patterns that may occur. The volatility is based on the average historical price volatility which may be different from the expected volatility of the shares of the Parent Company.

Total expense arising from share-based payment recognized by the JFC Group amounted to ₱188.3 million, ₱262.9 million and ₱312.0 million in 2020, 2019 and 2018, respectively (see Notes 19, 22 and 26).

*Estimation of Useful Lives of Property, Plant and Equipment, Investment Properties and Intangible Assets with Definite Useful Lives.* The JFC Group estimates the useful lives of property, plant and equipment, investment properties and intangible assets with definite useful lives based on the year over which the property, plant and equipment, investment properties and intangible assets are expected to be available for use and on the collective assessment of the industry practice, internal technical evaluation and experience with similar assets. The estimated useful lives of property, plant and equipment, investment properties and intangible assets are reviewed periodically and updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits in the use of the said assets. However, it is possible that future financial performance could be materially affected by changes in the estimates brought about by changes in the factors mentioned above. The amount and timing of recording the depreciation and amortization for any year would be affected by changes in these factors and circumstances. A reduction in the estimated useful lives of property, plant and equipment, investment properties and intangible assets would increase the recorded depreciation and amortization and decrease noncurrent assets.

There was no change in the estimated useful lives of property, plant and equipment, investment properties and intangible assets in 2020 and 2019.

*Leases - Determining the IBR.* The JFC Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its IBR to measure lease liabilities. The IBR is the rate of interest that the JFC Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the JFC Group would have to pay, which requires estimation when no observable rates are available (such as for subsidiaries that do not enter into financing transactions). The JFC Group estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates (such as the subsidiary's stand-alone credit rating).

*Fair Value of Financial Assets and Liabilities.* When the fair values of financial assets and financial liabilities recorded or disclosed in the consolidated statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model. The inputs to these models are taken from observable markets where possible, but when this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

The fair value of financial assets and liabilities are discussed in Note 32.

*Provisions and Contingencies.* The JFC Group is involved in litigations, claims and disputes, and regulatory assessments which are normal to its business. The estimate of the probable costs for the resolution of these claims has been developed in consultation with the JFC Group's legal counsels and based upon an analysis of potential results (see Note 17). The inherent uncertainty over the outcome of these matters is brought about by the differences in the interpretation and application of laws and rulings. Management believes that the ultimate liability, if any, with respect to the litigations, claims and disputes, and regulatory assessments will not materially affect the financial position and performance of the JFC Group.

Total outstanding provisions amounted to ₱1,326.7 million and ₱825.1 million as at December 31, 2020 and 2019, respectively (see Notes 1, 17 and 30).

## 5. Segment Information

For management purposes, the JFC Group is organized into segments based on the nature of the products and services offered and geographical locations. The Executive Management Committee monitors the operating results of its segments separately for resource allocation and performance assessment. Segment results are evaluated based on operating profit or loss and is measured consistently with operating profit or loss in the consolidated financial statements.

### Business Segments

The JFC Group's operating businesses are organized and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

- The food service segment is involved in the operations of QSRs and the manufacture of food products to be sold to JFC Group-owned and franchised QSR outlets.
- The franchising segment is involved in the franchising of the JFC Group's QSR store concepts.
- The leasing segment leases store sites mainly to the JFC Group's independent franchisees.

The following tables present certain information on revenues, expenses, assets and liabilities and other segment information of the different business segments as at and for the years ended December 31, 2020, 2019 and 2018:

|   | 2020                 |                   |                 |              |                      |
|---|----------------------|-------------------|-----------------|--------------|----------------------|
|   | Food Service         | Franchising       | Leasing         | Eliminations | Consolidated         |
| Revenues from external customers  | ₱121,887,963         | ₱7,143,865        | ₱281,174        | ₱-           | ₱129,313,002         |

Geographical Segments

The JFC Group's geographical segments are based on the location of the assets producing revenues in the Philippines and in other locations which include PRC, USA, Canada, Vietnam, UAE, Hongkong, Macau, Brunei, Singapore, Malaysia, Italy and UK. Sales to external customers disclosed in the geographical segments are based on the geographical location of the customers.

Majority of the JFC Group's revenues were generated from the Philippines, which is the Parent Company's country of domicile.

The JFC Group does not have a single external customer which revenue amounts to 10% or more of the JFC Group's revenues.

The following tables present segment revenues, segment assets and capital expenditures of the JFC Group's geographical segments:

|                      | <b>2020</b>        |                      |                     |                     |

## 6. Cash and Cash Equivalents and Short-term Investments

### Cash and Cash Equivalents

This account consists of:

|                     | 2020               | 2019        |
|---------------------|--------------------|-------------|
| Cash on hand        | <b>₱324,779</b>    | ₱376,882    |
| Cash in banks       | <b>14,170,871</b>  | 13,790,804  |
| Short-term deposits | <b>6,865,836</b>   | 6,724,335   |
|                     | <b>₱21,361,486</b> | ₱20,892,021 |

Cash in banks earn interest at the respective savings or special demand deposit rates. Short-term deposits are made for varying periods of up to three months depending on the immediate cash requirements of the JFC Group, and earn interest at the respective short-term deposit rates.

### Short-term Investments

The JFC Group also has short-term investments amounting to ₱441.0 million and ₱2,130.0 million as at December 31, 2020 and 2019, respectively. These pertain to deposits with maturities of more than three months but less than a year.

Interest income earned from cash and cash equivalents and short-term investments amounted to ₱114.8 million, ₱273.0 million and ₱313.3 million in 2020, 2019 and 2018, respectively (see Note 23).

## 7. Receivables and Contract Assets

This account consists of:

|  | 2020              | 2019       |
|--|-------------------|------------|
| Trade  | <b>₱5,466,778</b> | ₱5,348,930 |
| Less allowance for impairment loss                       | <b>658,633</b>    | 392,357    |
|  | <b>4,808,145</b>  | 4,956,573  |
| Receivable from retirement fund<br>(see Notes 25 and 27) | <b>878,710</b>    | 193,618    |
| Advances to employees                                    | <b>221,045</b>    | 175,400    |
| Current portion of employee receivables<br>(see Note 15) | <b>59,337</b>     | 83,279     |
| Interest receivable                                      | <b>6,685</b>      | 8,921      |
| Others   | <b>87,674</b>     | 75,400     |
|  | <b>6,061,596</b>  | 5,493,191  |
| Contract assets  | <b>988,338</b>    | 413,098    |
|  | <b>₱7,049,934</b> | ₱5,906,289 |

The terms and conditions of the receivables are as follows:

- Trade receivables are noninterest-bearing and are generally settled on a 14-day term. The JFC Group classified accrued receivables as contract assets, which are billed and collected in the next 12 months.
- Advances to employees, current portion of employee car plan receivables and other receivables are normally collectible within the next financial year.
- Other receivables consist of receivables from the Social Security System (SSS) and insurance claims.

The movements in the allowance for impairment loss on trade receivables as at December 31 are as follows:

|                              | 2020            | 2019      |
|------------------------------|-----------------|-----------|
| Balance at beginning of year | <b>₱392,357</b> | ₱676,906  |
| Provisions (see Note 22)     | <b>281,866</b>  | 25,342    |
| Write-offs                   | <b>(11,582)</b> | (216,968) |
| Reversals (see Note 22)      | -               | (91,402)  |
| Translation adjustments      | <b>(4,008)</b>  | (1,521)   |
| Balance at end of year       | <b>₱658,633</b> | ₱392,357  |

## 8. Inventories

This account consists of:

|   | 2020              | 2019       |
|---|-------------------|------------|
| At net realizable value:                                    |                   |            |
| Food supplies and processed inventories                     | ₱7,590,490        | ₱-         |
| Novelty items   | 89,472            | 228,221    |
|   | <b>7,679,962</b>  | 228,221    |
| At cost:  |                   |            |
| Packaging, store and other supplies                         | 615,866           | 622,220    |
| Food supplies and processed inventories                     | -                 | 9,115,643  |
| Total inventories at lower of cost and net realizable value | <b>₱8,295,828</b> | ₱9,966,084 |

The cost of food supplies and processed inventories, and novelty items carried at net realizable value amounted to ₱7,694.9 million and ₱253.6 million, respectively, as at December 31, 2020. While, the cost novelty items carried at net realizable value amounted to ₱249.6 million as at December 31, 2019.

The movements in the allowance for inventory obsolescence as at December 31 are as follows:

|                              | 2020            | 2019     |
|------------------------------|-----------------|----------|
| Balance at beginning of year | ₱21,430         | ₱34,694  |
| Provisions (see Note 22)     | 332,505         | 16,670   |
| Reversals (see Note 22)      | (82,354)        | (26,465) |
| Write-offs                   | (1,804)         | (3,400)  |
| Translation adjustments      | (1,213)         | (69)     |
| Balance at end of year       | <b>₱268,564</b> | ₱21,430  |

## 9. Other Current Assets

This account consists of:

|  | 2020              | 2019       |
|--|-------------------|------------|
| Prepaid expenses:  |                   |            |
| Taxes  | ₱3,232,092        | ₱2,472,580 |
| Rent   | 909,537           | 1,119,030  |
| Supplies   | 61,917            | 147,188    |
| Insurance and others   | 457,824           | 696,780    |
| Current portion of security and other deposits (see Note 15) | 140,736           | 239,096    |
| Deposits to suppliers and other third parties                | 2,431,638         | 2,050,334  |
|  | <b>₱7,233,744</b> | ₱6,725,008 |

Terms and conditions of other current assets are as follows:

- Prepaid taxes represent creditable withholding taxes that can be applied in the following year against the corporate income tax due or can be claimed as tax refund from the BIR. This also includes prepaid real property taxes which are expected to be utilized within the next twelve months.
- Prepaid rent pertains to short-term leases of store and office spaces that are paid in advance. Supplies consist of various office and administrative supplies. Prepaid rent, insurance and others are normally utilized within the next financial year.
- Deposits to suppliers and other third parties are generally applied to purchase of inventories and availment of services within the next financial year.

---

## 10. Financial Assets at FVTPL

In July 2020, unused proceeds from the issuance of senior perpetual securities and senior debt securities in January 2020 and June 2020, respectively, totaling to USD759.8 million (₱37,857.1 million) were invested by the JFC Group in bond funds (see Notes 18 and 19). As at December 31, 2020, the carrying value of these investments amounted to USD742.6 million (₱35,658.6 million) presented as part of “Current Assets” section in the consolidated statements of financial position.

This account also includes of investment in shares of stocks of Manila Polo Club, Tagaytay Highlands and other golf and leisure clubs amounting to ₱33.8 million and ₱38.2 million as at December 31, 2020 and 2019, respectively, presented as part of “Noncurrent Assets” section in the consolidated statements of financial position.

The net unrealized fair value gain (loss) from these investments amounted to ₱1,317.7 million and (₱1.6 million) in 2020 and 2019, respectively (see Note 23).

The movements in financial assets at FVTPL as at December 31 are as follows:

|   | 2020               | 2019    |
|---|--------------------|---------|
| Balance at beginning of year  | <b>₱38,202</b>     | ₱39,842 |
| Additions   | <b>37,857,050</b>  | –       |
| Redemption  | <b>(3,066,548)</b> | –       |
| Marked-to-market gain (loss) on financial assets at FVTPL (see Note 23) | <b>1,317,728</b>   | (1,640) |
| Translation adjustment  | <b>(454,075)</b>   | –       |
| Balance at end of year  | <b>35,692,357</b>  | 38,202  |
| Less current portion  | <b>35,658,565</b>  | –       |
| Noncurrent portion  | <b>₱33,792</b>     | ₱38,202 |

The fair value of financial assets at FVTPL has been determined directly by reference to quoted prices in active market or inputs other than quoted prices that are directly or indirectly observable (see Note 32).

---

**11. Business Combinations, Incorporation of New Subsidiaries, Material Non-controlling Interests and Interests in and Advances to Joint Ventures, Co-venturers and Associates**

**A. Business Combinations**

*Acquisition of CBTL.* On June 4, 2019 and June 28, 2019, JWPL, a wholly owned subsidiary, incorporated Java Ventures, LLC in the state of Delaware, USA and Super Magnificent Coffee Company Pte. Ltd. (SMCC-SG) in Singapore, respectively.

On July 24, 2019, the JFC Group, through its wholly owned subsidiary, JWPL, entered into an agreement with Brewheal Pte. Ltd. (Brewheal), a company based in Singapore, to invest USD100.0 million (¥5,118.0 million) in SMCC-SG to acquire 100% of The Coffee Bean & Tea Leaf (CBTL), specialty coffee and tea brand based in Los Angeles, California, USA. Consequently, Brewheal subscribed to 20% ordinary shares of SMCC-SG for a total consideration of USD70.0 million (¥3,650.5 million). SMCC-SG is 80% owned by JWPL and 20% owned by Brewheal. The difference between the value of the ordinary shares purchased and the subscription price amounting to USD36.0 million (¥1,877.4 million) is recognized and included in equity under “Other reserve” account in the consolidated statements of financial position.

The agreement between JWPL and Brewheal provides a mechanism wherein JWPL has the option, but not the obligation, to purchase the 20% ordinary shares of SMCC-SG held by Brewheal and to subscribe for up to 10% of the ordinary shares of SMCC-SG, respectively, upon the occurrence of a call option event enumerated in the agreement from the date of acquisition of CBTL up to September 24, 2029.

On September 11, 2019, the JFC Group, through SMCC-SG, incorporated Super Magnificent Coffee Company Hungary Kft. (SMCC-HU), a holding company based in Hungary.

On September 24, 2019, SMCC-SG, through its wholly owned subsidiary, SMCC-HU, completed the 100% acquisition of CBTL. The closing of the transactions was effected after the completion of closing conditions, including required government approvals, provided under the executed Unit Purchase Agreement (UPA).

Consistent with the terms of the executed UPA, the JFC Group, through SMCC-HU acquired CBTL for USD350.0 million (¥18,252.5 million) on a debt-free basis. SMCC-HU paid in cash amounting to USD329.1 million (¥17,163.0 million). The balance amounting to USD20.9 million (¥1,089.5 million) was applied to CBTL’s debt from unearned revenue from gift certificates sold assumed by SMCC-HU at acquisition date.

Transaction costs of USD0.7 million (¥36.6 million) have been expensed and are included in general and administrative expenses in the consolidated statement of comprehensive income for the year ended December 31, 2019.

The JFC Group included CBTL in its financial consolidation starting September 24, 2019 (the “acquisition date”).

The fair value of the identifiable assets acquired and liabilities assumed as at the date of the acquisition were as follows:

|  |                    |
|--|--------------------|
| Cash and cash equivalents                      | ₱221,426           |
| Receivables                                    | 361,192            |
| Inventories                                    | 1,162,540          |
| Other current assets                           | 144,177            |
| Right-of-use assets (see Note 29)              | 11,709,851         |
| Property, plant and equipment (see Note 12)    | 3,978,818          |
| Trademarks and other intangibles (see Note 14) | 19,333,001         |
| Other noncurrent assets                        | 350,294            |
| <u>Total identifiable assets acquired</u>      | <u>37,261,299</u>  |
| Less:  |                    |
| Trade payables and other current liabilities   | 1,957,587          |
| Lease liabilities (see Note 29)                | 12,472,792         |
| Other noncurrent liabilities                   | 731,091            |
| Deferred tax liabilities                       | 745,839            |
| <u>Total identifiable liabilities assumed</u>  | <u>15,907,309</u>  |
| <u>Net identifiable assets acquired</u>        | <u>₱21,353,990</u> |

In 2020, the fair values of the assets acquired, and liabilities assumed were finalized, resulting to changes or adjustments made from that of previously recognized in 2019 as shown below.

Impact on the consolidated statements of financial position [increase (decrease)] as at December 31, 2019:

|   |           |
|---|-----------|
| Other intangible assets (see Note 14)                                 | ₱607,214  |
| Right-of-use assets (see Note 29)                                     | (440,456) |
| Trade payables and other current liabilities and contract liabilities | (334,508) |
| Deferred tax liabilities - net  | (581,130) |
| Noncontrolling interest   | 220,910   |

Impact on the consolidated statements of comprehensive income [increase (decrease)] for the year ended December 31, 2019:

|                                     |           |
|-------------------------------------|-----------|
| General and administrative expenses | ₱22,152   |
| Other income                        | 1,104,547 |
| Income tax expense                  | (5,470)   |

Consequently, the 2019 consolidated statement of comprehensive income has been restated to increase the provisional gain on bargain purchase from ₱3,150.8 million to ₱4,255.3 million shown as part of "Other Income" (see Note 23), determined as follows:

|  |                   |
|--|-------------------|
| Cash consideration   | ₱17,098,666       |
| <u>Less fair value of net identifiable assets acquired</u> | <u>21,353,990</u> |
| <u>Gain on bargain purchase</u>                            | <u>₱4,255,324</u> |

The net cash outflow from the acquisition is as follows:

|   |                    |
|---|--------------------|
| Cash paid on acquisition                  | ₱17,098,666        |
| <u>Less cash acquired from subsidiary</u> | <u>221,426</u>     |
| <u></u>                                   | <u>₱16,877,240</u> |

Management has measured the trademarks that were acquired using the valuation report that was prepared by an independent valuation specialist. The trademarks were valued using the relief-from-royalty method wherein the fair value of the trademarks is based on cost savings from owning the trademarks. Significant assumptions and estimates used include comparable royalty rates, long-term growth rates, discount rates based on available market data and revenue growth rate forecasts. On September 24, 2019, SMCC-HU completed the acquisition of 100% of CBTL from previous shareholders. The previous shareholders had been looking for buyers for the past two years and were unable to sell CBTL. Upon notification and after doing due diligence, JFC Group agreed to purchase the business.

As part of the ownership restructuring, the trademarks of CBTL are required to be valued by an independent third party. Management determined that the bargain purchase gain was mainly attributable to the value of trademarks. The legal structure of CBTL is being redesigned for fast growth both in the United States and Asia, to be driven mainly by franchising. This is in line with JFC Group's plan to build a truly global business. Management expects CBTL to be accretive to JFC Group's profit within a short period of time. The acquisition of the CBTL brand is JFC Group's largest and most multinational with business presence in 27 countries. This will bring JFC Group closer to its vision to be one of the top 5 restaurant companies in the world in terms of market capitalization. Combined with Highlands Coffee, the business mostly in Vietnam, the CBTL acquisition will enable JFC Group to become an important player in the large, fast growing, and profitable coffee business. CBTL will be JFC Group's second largest business after Jollibee brand. Management's priority is to accelerate the growth of the CBTL brand particularly in Asia, by strengthening its brand development, marketing and franchise support system.

From the acquisition date, CBTL contributed ₱4,436.8 million of revenues and ₱153.5 million net loss to the JFC Group. If the business combination had taken place at the beginning of 2019, contribution to consolidated revenues and net loss for the year ended December 31, 2019 would have been ₱15,645.1 million and ₱1,634.1 million, respectively.

#### *Business Combination Achieved in Stages*

*SJBF.* On March 1, 2020, the JFC Group, through SJBF's wholly-owned subsidiary, Icon Burger Acquisition LLC (Icon Burger), acquired the remaining 30% interest in Smashburger Long Island JV LLC (Long Island) for a total cash consideration of USD2.9 million (₱149.5 million). The acquisition resulted to Smashburger Long Island becoming a wholly owned subsidiary of SJBF. On November 20, 2020, Icon Burger amended and restated a limited liability agreement to hold the 49% abandoned equity interest in Smashburger Westchester JV LLC (Westchester) without any cash consideration. The abandonment of membership interest resulted to Westchester becoming a wholly owned subsidiary of SJBF.

The difference in the carrying values of the minority interests over the acquisition cost at the date of acquisition of Long Island and Westchester, amounted to ₱95.8 million and ₱125.8 million, respectively. These were recognized under the "Excess of cost over the carrying value of non-controlling interests acquired", a separate component of "Equity Attributable to Equity Holders of the Parent Company" in the consolidated statements of financial position (see Note 19).

#### **B. Incorporation of New Subsidiaries and Additional Investment to a Subsidiary**

*Magnificent Coffee Trading Pte. Ltd. (MCT).* On December 7, 2020, the JFC Group, through its majority owned subsidiary SMCC-SG, incorporated MCT in Singapore. As at December 31, 2020, no capital investment has been made other than the investment to incorporate the new entity.

*Hong Yun Hong (Shanghai) Food and Beverages Management Company Ltd. (Hong Yun Hong).* On November 13, 2019, the JFC Group through its wholly owned subsidiary, GPPL, entered into an agreement with Dim Sum Pte. Ltd. (DSPL) to develop and operate Tim Ho Wan stores in Shanghai and other cities within PRC as may be agreed with the Franchisor.

Hong Yun Hong, incorporated on November 18, 2019, is 60% owned by GPPL and 40% owned by DSPL. GPPL and DSPL have committed to invest up to USD13 million (¥658.3 million) to Hong Yun Hong. As at December 31, 2020 and 2019, the capital contribution of GPPL amounted to USD0.9 million (¥45.6 million). Hong Yun Hong started its commercial operations on September 23, 2020.

*Super Magnificent Coffee Company Hungary Kft (SMCC-HU).* On September 11, 2019, the JFC Group, through SMCC-SG, incorporated SMCC-HU, a holding company in Hungary. As at December 31, 2020, SMCC-HU owns the US Entities of CBTL and the capital contribution of SMCC-SG amounted to USD28.9 million (¥1,508.2 million).

*Super Magnificent Coffee Company Ireland Limited (SMCC-IE).* On August 22, 2019 the JFC Group, through SMCC-SG, incorporated SMCC-IE in Ireland. As at December 31, 2020, the capital contribution of SMCC-SG amounted to USD307.1 million (¥16,017.1 million). SMCC-IE owns the intellectual property and existing contracts of CBTL starting from October 1, 2019.

*Bee World Spain, Sociedad Limitada (Bee World Spain).* On May 23, 2019, the JFC Group, through its wholly owned subsidiary, GPPL, incorporated Bee World Spain. As at December 31, 2020, the capital contribution of GPPL amounted to USD0.003 million (¥0.2 million). Bee World Spain will own and operate Jollibee stores in Spain.

*Bee World UK Limited (Bee World UK).* On April 16, 2018 the JFC Group, through its wholly owned subsidiary, JWPL, incorporated Bee World UK in UK. As at December 31, 2018, no capital investment has been made other than the investment to incorporate the new entity. The first store started its commercial operations on October 20, 2018.

On September 4, 2019, advances from JWPL amounting to USD1.5 million (¥76.3 million) were converted to equity and registered at Companies House in UK. On February 17, 2020, JWPL made an additional investment to Bee World UK amounting to USD 4.1 million (¥211.0 million). As at December 31, 2020, capital contribution of JWPL to Bee World UK amounted to USD5.6 million (¥287.4 million).

*Golden Piatto Pte. Ltd. (Golden Piatto).* On March 31, 2017, the JFC Group, through its wholly owned subsidiary, GPPL, entered into an agreement with Blackbird Holdings Pte. Ltd. (Blackbird) to own and operate Cibo Felice S. R. L. (Cibo Felice), the first Jollibee store in Italy. The first store started its commercial operations on March 18, 2018.

Golden Piatto, incorporated on April 12, 2017, is 75% owned by GPPL and 25% owned by Blackbird. GPPL and Blackbird have committed to invest up to EUR1 million (¥60.2 million) to Golden Piatto, of which EUR0.8 million (¥48.2 million) will be contributed by GPPL in proportion to its ownership in the business.

On January 31, 2018, GPPL and Blackbird made additional investments to Golden Piatto amounting to EUR0.5 million (¥33.5 million) and EUR0.2 million (¥11.2 million), respectively.

On March 25, 2020, GPPL made an additional investment to Golden Piatto amounting to EUR0.5 million (P27.7 million). Blackbird made its additional investment amounting to EUR0.2 million (P9.1 million) on April 21, 2020. As at December 31, 2020 and 2019, capital contribution of GPPL to Golden Piatto amounted to EUR1.8 million (P104.7 million) and EUR1.3 million (P77.0 million), respectively.

C. Material Non-Controlling Interests

The JFC Group has subsidiaries with material non-controlling interests as provided below.

Proportion of equity interest held by non-controlling interests in 2020, 2019 and 2018:

|                  | Country of incorporation and operation |     |
|------------------|--|-----|
| GCPL             | Singapore                              | 40% |
| SuperFoods Group | Vietnam                                | 40% |

The summarized financial information of GCPL and SuperFoods Group in 2020 and 2019 are provided below. These information are based on amounts before intercompany eliminations.

*Summarized Statements of Comprehensive Income for the year ended December 31*

*Interests in Joint Ventures*

*Titan Dining LP (Titan)*. On May 23, 2018, the JFC Group, through JWPL, invested SGD18.0 million (P706.9 million) in Titan, a private equity fund that has executed (through a wholly-owned subsidiary) a binding agreement for the acquisition of 100% of the Asia Pacific master franchise holder of the “Tim Ho Wan” brand, Tim Ho Wan Pte. Ltd. and its affiliate Dim Sum Pte. Ltd., which owns and operates Tim Ho Wan stores in Singapore.

The investment provides an opportunity for the JFC Group to have a significant interest in the Tim Ho Wan franchise in the long-term.

Consistent with the agreement that JWPL shall invest up to SGD45.0 million (P1,687.1 million) or 45% of the total maximum fund of SGD100.0 million (P3,749.0 million) in Titan, JWPL made additional investments to Titan amounting to SGD2.7 million (P102.7 million) and SGD0.9 million (P35.3 million) on May 31, 2019 for the third capital call and on August 29, 2018, respectively.

On October 2, 2019, the total maximum fund of Titan increased from SGD100.0 million (P3,749.0 million) to SGD200.0 million (P7,498.0 million). As such, JWPL, increased its capital commitment to Titan from SGD45.0 million (P1,687.1 million) to SGD120.0 million (P4,498.8 million) which, when completed, JWPL’s investment will constitute 60% of the total maximum fund. The increase in the total maximum fund and additional capital commitment of JWPL are in furtherance of certain strategic projects currently being undertaken by Titan, consistent with its mandate to invest in the food service sector and grow strong Asia Pacific food service brands.

On October 28, 2019 and March 12, 2020, JWPL made additional investments for the 4th and 5th capital call amounting to SGD53.4 million (P2,006.1 million) and SGD2.4 million (P89.7 million), respectively.

On October 30, 2020, JWPL acquired the 25% interest of a partner in Titan for a total cash consideration of SGD36.3 million (P1,297.0 million). The acquisition increased JWPL’s interest in Titan from 60% to 85%.

On November 27, 2020, JWPL made additional investment for the 6th capital call amounting to SGD4.4 million (P156.5 million).

The details of the JFC Group’s interest in Titan as at December 31, 2020 and 2019 are as follows:

|   | 2020              | 2019       |
|---|-------------------|------------|
| Interest in a joint venture - cost:           |                   |            |
| Balance at beginning of year                  | P2,850,966        | P742,206   |
| Additions during the year                     | 1,543,214         | 2,108,760  |
|   | <b>4,394,180</b>  | 2,850,966  |
| Cumulative equity in net earnings (losses):   |                   |            |

#### *Interest in Associates*

*Tortas Frontera LLC (Tortas)*. On September 7, 2018, the JFC Group, through Jollibee Foods Corporation (USA), entered into a business venture with award-winning Chef Rick Bayless to build a Mexican fast-casual restaurant business in the USA.

This partnership was formalized through an investment by the JFC Group of USD12.6 million (₱668.7 million) in Tortas, which owns the Tortazo business founded by Chef Bayless, in consideration for 47% of the fully-diluted membership interests therein. The remaining 53% membership interests in Tortas shall be held by Chef Ricky Bayless and other shareholders. The transaction is subject to the fulfillment of agreed closing conditions.

On December 21, 2018, upon fulfillment of the closing conditions, Jollibee Foods Corporation (USA) paid Chef Bayless in cash.

The details of the JFC Group's interest in Tortas as at December 31 are as follows:

|   | 2020            | 2019     |
|---|-----------------|----------|
| Interest in an associate - cost               | <b>₱668,679</b> | ₱668,679 |
| Cumulative equity in net earnings (losses):   |                 |          |

*C-Joy Poultry Meats Production, Inc. (C-Joy Poultry).* On May 24, 2016, the Parent Company entered into an agreement with Cargill Philippines, Inc., a wholly owned subsidiary of Cargill, Inc. (Cargill), to establish a joint venture entity to build and operate a poultry processing plant in Sto. Tomas, Batangas, Philippines. Cargill will oversee the setting up, management and operations of this facility.

C-Joy Poultry, the joint venture entity, formerly incorporated as Cargill Joy Poultry Meats Production, Inc., is 70% owned by Cargill and 30% owned by the Parent Company. C-Joy Poultry is estimated to create 1,000 new full-time jobs and develop new opportunities in the farming community in Batangas and nearby provinces as local poultry farmers are contracted to grow chicken to supply the requirements of the processing plant. The poultry processing plant started its commercial operations on December 5, 2017.

The details of JFC Group's interest in C-Joy Poultry as at December 31 are as follows:

|                                  | 2020               | 2019      |
|----------------------------------|--------------------|-----------|
| Interest in an associate – cost: |                    |           |
| Balance at beginning of year     | ₱233,406           | ₱233,406  |
| Conversion of advances           | 1,236,720          | –         |
|                                  | <b>1,470,126</b>   | 233,406   |
| Cumulative equity in net losses: |                    |           |
| Balance at beginning of year     | (233,406)          | (233,406) |
| Equity in net loss               | (1,364,614)        | –         |
| Balance at end of year           | <b>(1,598,020)</b> | (233,406) |
|                                  | <b>(₱127,894)</b>  | ₱–        |

The JFC Group's equity share in net losses amounting to ₱527.1 million in 2018 exceeded the carrying value of its interest in C-Joy Poultry amounting to ₱151.5 million as at December 31, 2017. Consequently, the JFC Group's unrecognized equity share in net losses amounted to ₱591.7 million and ₱375.6 million for the years ended December 31, 2019 and 2018, respectively.

On May 20, 2020, the BOD approved the conversion of C-Joy Poultry's advances from Parent Company to equity amounting to ₱1,236.7 million.

On September 9, 2020, the BOD ratified the Minutes of Special Meeting dated May 20, 2020 for the conversion of JFC Group's advances amounting ₱1,236.7 million to additional interest in C-Joy Poultry. Consequently, the equity in net loss amounting to ₱1,364.6 million recognized in the consolidated statements of comprehensive income includes the unrecognized equity share in net losses amounting to ₱967.3 million as at December 31, 2019. The loss in excess of interest in C-Joy Poultry of ₱127.9 million as at December 31, 2020 is presented as part of "Noncurrent liabilities" account in the consolidated statements of financial position.

Summarized financial information of the C-Joy Poultry based on its financial statements and reconciliation with the carrying amount of the investment in the consolidated financial statements are set out below:

|                          | 2020              | 2019       |

*Advances to Co-venturers*

*Advances to VTI Group.* The details of the JFC Group's advances to VTI Group as at December 31 are as follows:

|                                    | 2020              | 2019       |
|------------------------------------|-------------------|------------|
| Balance at beginning of year       | <b>₱1,664,532</b> | ₱1,672,861 |
| Accrual of interest (see Note 23)  | <b>52,451</b>     | 53,531     |
| Translation adjustments and others | <b>(87,802)</b>   | (61,860)   |
| Balance at end of year             | <b>₱1,629,181</b> | ₱1,664,532 |

On December 14, 2016, a loan of USD9.0 million (₱447.5 million) was extended to the VTI Group with an interest rate of 3.5% per annum. The loan was agreed to be used for SuperFoods Group's capital needs. The loan is part of the total agreed loan of USD30.0 million payable in eight (8) years from the first utilization date. On June 2, 2017, the additional loan of USD21.0 million (₱1,060.0 million) was granted to the VTI Group. The loan is secured by pledged shares in SFVT and Blue Sky which will be released in proportion to the amount of the principal paid. Total interest from this loan, recognized as interest income, amounted to USD1.1 million (₱52.5 million), USD1.1 million (₱53.5 million) and USD1.1 million (₱55.5 million) in 2020, 2019 and 2018, respectively (see Note 23).

*Advances to an Associate*

*Advances to C-Joy Poultry.* The details of the JFC Group's advances to C-Joy Poultry as at December 31 are as follows:

|                                      | 2020               | 2019       |
|--------------------------------------|--------------------|------------|
| Balance at beginning of year         | <b>₱1,240,606</b>  | ₱1,236,720 |
| Conversion to equity during the year | <b>(1,236,720)</b> | -          |
| Accrual (collection) of interest     | <b>(3,886)</b>     | 3,886      |
| Balance at end of year               | <b>₱-</b>          | ₱1,240,606 |

On May 30, 2019, loans totaling to ₱615.0 million were extended by the Parent Company to C-Joy Poultry payable on May 29, 2020. The loans were subject to interest rate based on PHP BVAL Reference Rates for the 6-month tenor (6-month BVAL) plus spread of 0.50%.

On June 28, 2019, additional loan was extended amounting to ₱315.0 million due on June 26, 2020. The loan was subject to interest rate based on 6-month BVAL plus spread of 0.50%.

On December 20, 2019, additional loan amounting to ₱306.7 million was extended subject to interest rate based on 6-month BVAL plus spread of 0.50%.

Total interest from the loans recognized as interest income amounted to ₱17.5 million and ₱32.5 million in 2020 and 2019, respectively (see Note 23).

On September 9, 2020, upon ratification of the BOD Minutes of Special Meeting dated May 20, 2020, total advances amounting ₱1,236.7 million were converted to equity.

| <b>Net Book Value</b>                               | <b>₱1,062,195</b>          | <b>₱5,321,626</b>   | <b>₱11,972,183</b>                | <b>₱9,201,664</b>                           | <b>₱1,166,909</b>      | <b>₱158,462</b>          | <b>₱3,709,083</b>        | <b>₱32,592,122</b> |

Construction in progress account mainly pertains to costs incurred for ongoing construction of properties, including soon-to-open stores and commissaries. The borrowing cost that has been capitalized for the construction of commissaries amounted to ₱89.7 million as at December 31, 2020 and 2019, respectively.

On December 9, 2019, RRB Holdings Inc., a wholly owned subsidiary, entered into a memorandum of agreement with Robinsons Land Corporation, Double Dragon Properties Corp. and Hotel of Asia, Inc. for the sale of a parcel of land for ₱1,033.2 million with carrying amount of ₱250.8 million.

On December 24, 2019, the Parent Company purchased condominium units in Jollibee Tower for a total cost of ₱1,055.0 million in relation to the contract to sell entered with Double Dragon.

In relation to JFC Group's business transformation initiative, certain stores have been permanently closed resulting in a loss on retirements and disposals of property, plant and equipment amounting to ₱1,489.2 million in 2020. Loss (gain) on retirements and disposals of property, plant and equipment amounted to (₱299.0 million) and ₱45.5 million in 2019 and 2018, respectively (see Note 22).

The JFC Group also performed impairment assessments of fixed assets considering that there are observable indications that the assets' values have significantly declined specially that certain stores were planned to be closed in 2021 resulting to recognition of provision for impairment amounting to ₱1,185.5 million, ₱399.2 million and nil in 2020, 2019 and 2018, respectively (see Note 22).

Management reassessed the recoverable amount of the JFC Group's office, store and food processing equipment and recognized reversal of provision amounting to ₱76.2 million and ₱29.2 million in 2020 and 2019, respectively (see Note 22). Consequently, allowance for impairment loss amounted to ₱1,197.5 million and ₱403.8 million as at December 31, 2020 and 2019, respectively.

No property, plant and equipment as at December 31, 2020 and 2019 have been pledged as security or collateral.

### 13. Investment Properties

| Balance at beginning and end of year                            | –               | 179,377                                   | 179,377         |
| <b>Net Book Value</b>   | <b>₱572,722</b> | <b>₱–</b>                                 | <b>₱572,722</b> |

In 2019, the land, with a cost of ₱276.3 million, was transferred at cost to property, plant and equipment due to change in use, evidenced by commencement of owner-occupation (see Note 12).

The JFC Group's investment properties have an aggregate fair value of ₱1,537.3 million as at December 31, 2020 as determined by independent appraisers who holds a recognized and relevant professional qualification. The fair value represents the amount at which the assets and liabilities can be exchanged in an orderly transaction between market participants to sell the asset or transfer the liability at the measurement date under current market conditions in accordance with International Valuation Standards.

In determining the fair value of the investment properties, the independent appraisers used the market data approach for land and cost approach for buildings and building improvements. For land, fair value is based on sales and listings of comparable properties within the vicinity after adjustments for differences in location, size and shape of the lot, time elements and other factors between the properties and their comparable properties. For buildings and building improvements, fair value is based on the current cost to replace the properties in accordance with prevailing market prices for materials, labor, and contractors' overhead, profit and fees in the locality after adjustments for depreciation due to physical deterioration, and functional and economic obsolescence based on personal inspection of the buildings and building improvements and in comparison to similar properties. Fair value hierarchy disclosures for investment properties have been provided in Note 32.

Rent income derived from income-generating properties amounted to ₱20.1 million and ₱28.8 million in 2020 and 2019, respectively (see Notes 20 and 29).

Direct operating costs relating to the investment properties which include maintenance expenses totaled to ₱12.8 million and ₱15.0 million in 2020 and 2019, respectively.

In 2015, the Parent Company entered into an agreement to develop a commercial and office condominium building (the “Project”) in a parcel of its land in consideration for cash and assigned units in the Project. The completion of the transaction is conditional upon fifty percent (50%) completion of the Project, as certified by the general contractor of the Project, and when all of the assigned units are fully constructed and accepted in accordance with the specifications contained in the Agreed Design. As at December 31, 2020, the assigned units have not been accepted by and conveyed to the JFC Group.

No investment properties as at December 31, 2020 and 2019 have been pledged as security or collateral for the JFC Group’s debts.

#### 14. Trademarks, Goodwill and Other Intangible Assets

*Impairment Testing of Trademarks and Goodwill*

Goodwill acquired through business combinations have been allocated to ten (10) groups of CGUs, which are subsidiaries of the Parent Company, owned directly or indirectly. The recoverable amounts of the groups of CGUs have been determined based on value in use calculations using cash flow projections from financial budgets approved by the BOD covering a five-year period, taking into consideration effect of significant events (i.e., Covid-19) on the macroeconomic factors used in developing the assumptions. Furthermore, the trademarks of Smashburger, SuperFoods Group and Mang Inasal are allocated to the CGU of Smashburger, SuperFoods Group and Mang Inasal, respectively. The recoverable amount of the trademarks of CBTL was determined using the relief-from-royalty method wherein the value is based on cost savings from owning the trademark.

The calculation of value in use is most sensitive to the following assumptions which vary per geographical location:

| CGUs                   | Geographical Location | Pre-tax Discount Rate | Long-term Revenue Growth Rate |
|------------------------|-----------------------|-----------------------|-------------------------------|
| Hong Zhuang Yuan       | PRC                   | 8.5%                  | 5.5%                          |
| Mang Inasal            | Philippines           | 9.8%                  | 5.9%                          |
| Red Ribbon Bakeshop:   |                       |                       |                               |
| Philippine operations  | Philippines           | 10.1%                 | 5.2%                          |
| US operations          | USA                   | 4.9%                  | 2.4%                          |
| Yong He King           | PRC                   | 8.5%                  | 5.5%                          |
| Chowking US operations | USA                   | 4.8%                  | 2.4%                          |
| Burger King            | Philippines           | 9.8%                  | 5.2%                          |
| GSC                    | Vietnam               | 9.7%                  | 8.4%                          |
| SuperFoods Group       | Vietnam               | 9.7%                  | 8.4%                          |
| Smashburger            | USA                   | 4.9%                  | 2.4%                          |
| CBTL                   | USA                   | 6.3%                  | 4.2%                          |

Key assumptions with respect to the calculation of value in use of the groups of CGUs as at December 31, 2020 used by management in its cash flow projections to undertake impairment testing of goodwill are as follows:

- a) Discount rates - discount rates represent the current market assessment of the risks specific to each group of CGUs, regarding the time value of money and individual risks of the underlying assets which have not been incorporated in the cash flow estimates. The discount rate calculation is based on the specific circumstances of the JFC Group's group of CGUs, derived from the weighted average cost of capital (WACC) of each group of CGUs. The WACC takes into account both the cost of debt and equity. The cost of equity is calculated using the Capital Asset Pricing Model (CAPM). The cost of debt is based on the assumed interest-bearing borrowings each group of CGUs is obliged to service. CGU-specific risk is incorporated by applying individual alpha and beta factors. The beta factors are evaluated annually based on publicly available market data.
- b) Long-term growth rates - rates are determined in consideration of historical and projected results, as well as the economic environment where the group of CGUs operate.
- c) EBITDA - is based on the most recent value achieved in the year preceding the start of the budget period, and adjusted for planned efficiency improvement, if any.

Management believes that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the carrying amount of the CGUs to exceed its recoverable amount.

No impairment losses were recognized for trademarks and goodwill for the years ended December 31, 2020 and 2019.

## 15. Other Noncurrent Assets

This account consists of:

|  | 2020              | 2019       |
|--|-------------------|------------|
| Security and other deposits (see Notes 9, 31 and 32)   | <b>₱2,772,604</b> | ₱2,971,739 |
| Noncurrent portion of:   |                   |            |
| Employee car plan receivables<br>(see Notes 7, 31 and 32)  | <b>79,598</b>     | 133,434    |
| Rent and other long-term prepayments   | <b>21,209</b>     | 136,046    |
| Prepaid market entry fee - net of accumulated<br>amortization of ₱26.0 million and ₱20.8 million in<br>2020 and 2019, respectively | <b>76,052</b>     | 85,518     |
| Franchise rights - net of accumulated amortization<br>of ₱72.0 million and ₱63.0 million in 2020 and<br>2019, respectively         | <b>64,499</b>     | 80,125     |
| Deferred compensation  | <b>15,913</b>     | 24,776     |
| Returnable containers and others   | <b>12,364</b>     | 20,482     |
| Tools and other assets   | <b>386,506</b>    | 343,854    |
|  | <b>₱3,428,745</b> | ₱3,795,974 |

Terms and conditions of other noncurrent assets are as follows:

- Security and other deposits generally represent deposits for leases entered into by the JFC Group as lessee. The security deposits are recoverable from the lessors at the end of the lease terms, which range from three to twenty years. These are carried at amortized cost. The discount rates used range from 1.00%-15.43% and 2.91%-21.57% in 2020 and 2019, respectively. The difference between the fair value at initial recognition and the notional amount of the security deposits is recognized as right-of-use asset.
- Employee car plan receivables are presented at amortized cost. The difference between the fair value at initial recognition and the notional amount of the employee car plan receivables is recognized as “Deferred compensation” and is amortized on a straight-line basis over the credit period.

Accretion of interest on security and other deposits and employee car plan receivables amounted to ₱35.9 million and ₱33.6 million in 2020 and 2019, respectively (see Note 23).

- Prepaid market entry fee represents upfront fee paid to the franchisor prior to the operations of Dunkin’ Donuts restaurants in the PRC. Market entry fee is amortized over twenty (20) years effective February 2016, start of Dunkin’ Donuts operations.

The rollforward analysis of prepaid market entry fee as at December 31 are as follows:

|                                      | 2020           | 2019    |
|--------------------------------------|----------------|---------|
| <b>Market Entry Fee</b>              |                |         |
| Balance at beginning and end of year | <b>₱93,870</b> | ₱93,870 |
| <b>Accumulated Amortization</b>      |                |         |
| Balance at beginning of year         | <b>20,830</b>  | 15,392  |
| Amortizations (see Note 22)          | <b>5,209</b>   | 5,438   |
| Balance at end of year               | <b>26,039</b>  | 20,830  |
| Translation adjustment               | <b>8,221</b>   | 12,478  |
|                                      | <b>₱76,052</b> | ₱85,518 |

- Franchise rights pertain to franchise fees paid by PERF entities to Burger King Asia Pacific for the license to operate Burger King stores in the Philippines. Franchise rights are amortized over ten (10) years.

The rollforward analysis of franchise rights as at December 31 are as follows:

|                                 | 2020           | 2019           |
|---------------------------------|----------------|----------------|
| <b>Franchise Rights</b>         |                |                |
| Balance at beginning of year    | ₱143,172       | ₱130,317       |
| Additions                       | 2,511          | 12,855         |
| Write-off                       | (9,202)        | -              |
| Balance at end of year          | 136,481        | 143,172        |
| <b>Accumulated Amortization</b> |                |                |
| Balance at beginning of year    | 63,047         | 49,414         |
| Amortizations (see Note 22)     | 12,313         | 13,633         |
| Write-off                       | (3,378)        | -              |
| Balance at end of year          | 71,982         | 63,047         |
|                                 | <b>₱64,499</b> | <b>₱80,125</b> |

- Tools and other assets represent tools for repairs and maintenance of office and store equipment which were still unused as at December 31, 2020 and 2019.

## 16. Trade Payables and Other Current Liabilities and Contract Liabilities

This account consists of:

|                                       | 2020        | 2019<br>(As restated -<br>Note 11) |
|---------------------------------------|-------------|------------------------------------|
| Trade                                 | ₱11,665,921 | ₱14,404,966                        |
| Accruals for:                         |             |                                    |
| Salaries, wages and employee benefits | 2,740,760   | 2,774,588                          |
| Store operations                      | 1,687,259   | 2,220,719                          |
| Local taxes                           | 1,356,637   | 2,580,103                          |
| Rent                                  | 1,355,193   | 1,259,282                          |
| Advertising and promotions            | 1,118,474   | 1,646,581                          |
| Freight                               | 1,093,078   | 753,050                            |
| Utilities                             | 625,803     | 569,001                            |
| Interest (Note 18)                    | 543,729     | 167,272                            |
| Repairs and maintenance               | 414,559     | 334,262                            |
| Operating supplies                    | 330,252     | 301,716                            |
| Professional fees                     | 295,004     | 299,894                            |
| Security                              | 212,063     | 162,061                            |
| Transportation and travel             | 145,180     | 100,284                            |
| Communication                         | 136,689     | 90,226                             |
| Insurance                             | 63,989      | 79,263                             |
| Trainings and seminars                | 20,812      | 28,805                             |
| Service fees and others               | 2,559,020   | 1,481,552                          |
| Customer deposits                     | 1,207,191   | 1,036,909                          |

(Forward)

|   | 2020               | 2019<br>(As restated -<br>Note 11) |
|---|--------------------|------------------------------------|
| Unearned revenue from gift certificates | ₱565,202           | ₱1,370,466                         |
| Dividends and coupons payable           | 579,100            | 87,959                             |
| Other current liabilities               | 1,331,175          | 1,560,525                          |
|   | <b>30,047,090</b>  | 33,309,484                         |
| Contract liabilities                    | 1,318,924          | 1,008,073                          |
|   | <b>₱31,366,014</b> | ₱34,317,557                        |

The terms and conditions of the above liabilities are as follows:

- Trade payables to suppliers are noninterest-bearing and are normally settled on a 30 to 60-day term.
- Accrued expenses are noninterest-bearing and are normally settled within the next financial year. Other accrued liabilities presented under “Service fees and others” consist of asset retirement obligation and other miscellaneous expenses.
- Customer deposits pertain to deposits from franchisees for the sale of store assets, security deposits from operating leases with franchisees which are refundable at the end of the lease term and deposits for kiddie party packages.

Accretion of interest on customer deposits amounted to ₱0.8 million and ₱0.5 million in 2020 and 2019, respectively (see Note 23).

- Other current liabilities consist of contractors’ retention, staled checks, amounts payable for mascots and various subscriptions in newspapers given to customers as a complementary to their meals.
- Contract liabilities pertain to deferred revenues and unearned revenues from gift certificates from international operations.

Movements of contract liabilities arising from deferred revenues and unearned revenues from gift certificates from international operations are as follows:

|   | 2020              | 2019       |
|---|-------------------|------------|
| Balance at beginning of year              | ₱1,008,073        | ₱150,078   |
| Additions                                 | 2,067,725         | 728,527    |
| Utilized gift certificates                | (1,713,631)       | (646,179)  |
| Acquisition of a subsidiary (see Note 11) | -                 | 803,150    |
| Translation adjustments                   | (43,243)          | (27,503)   |
| Balance at end of year                    | <b>₱1,318,924</b> | ₱1,008,073 |

The amount of contract liabilities arising from deferred revenues and unearned revenues from gift certificates from international operation is expected to be earned within one year.

## 17. Provisions

The rollforward analysis of provisions is as follows:

|                                | 2020       | 2019     |
|--------------------------------|------------|----------|
| Balance at beginning of year   | ₱825,109   | ₱825,109 |
| Additions (see Notes 1 and 23) | 501,637    | –        |
| Balance at end of year         | 1,326,746  | 825,109  |
| Current                        | 291,110    | –        |
| Noncurrent                     | ₱1,035,636 | ₱825,109 |

The JFC Group's outstanding provisions consist mainly of provisions for asserted claims which are normal to the JFC Group's business. These include estimates of legal services, settlement amounts and other costs of claims made against the JFC Group. Other information on the claims is not disclosed as this may prejudice the JFC Group's position on such claims (see Note 30).

## 18. Short and Long-term Debts and Senior Debt Securities

### Short-term Debt

The short-term debt consists of the following:

|                        | Availment Date                    | Maturity Date      | Interest Rate                | Condition | 2020               | 2019               |
|------------------------|-----------------------------------|--------------------|------------------------------|-----------|--------------------|--------------------|
| <b>USD-denominated</b> |                                   |                    |                              |           |                    |                    |
| <b>Subsidiaries</b>    |                                   |                    |                              |           |                    |                    |
| Loan 1                 | September 23, 2019                | September 23, 2020 | LIBOR plus spread; quarterly | Unsecured | ₱–                 | ₱2,532,000         |
| Loan 2                 | September 20, 2019                | September 20, 2020 | LIBOR plus spread; quarterly | Unsecured | –                  | 4,557,600          |
| Loan 3                 | September 20, 2019                | September 20, 2020 | LIBOR plus spread; quarterly | Unsecured | –                  | 4,557,600          |
| Loan 4                 | September 20, 2019                | September 7, 2020  | LIBOR plus spread; quarterly | Unsecured | –                  | 2,532,000          |
| Loan 5                 | September 13, 2019                | September 7, 2020  | LIBOR plus spread; quarterly | Unsecured | –                  | 6,076,800          |

*Loans of JWPL.* Loan 1 consists of a short-term loan availed on September 23, 2019 from a local bank amounting to USD50.0 million (₱2,679.5 million) subject to a variable interest rate based on London Interbank Offered Rate (LIBOR) plus spread of 0.55% which is payable and is reset on a quarterly basis. The principal is payable on September 23, 2020, the maturity date. As at December 31, 2020 and 2019, the carrying value of the loan amounted to nil and USD50.0 million (₱2,532.0 million). The loan is guaranteed by the Parent Company.

Loan 2 consists of a short-term loan availed on September 20, 2019 from a local bank amounting to USD90.0 million (₱4,823.1 million) subject to a variable interest rate based on three-month LIBOR plus spread of 0.62% which is payable and is reset on a quarterly basis. The principal is payable on September 20, 2020, the maturity date. As at December 31, 2020 and 2019, the carrying value of the loan amounted to nil and USD90.0 million (₱4,557.6 million). The loan is guaranteed by the Parent Company.

Loan 3 consists of a short-term loan availed on September 20, 2019 from a local bank amounting to USD90.0 million (₱4,823.1 million) subject to a variable interest rate based on LIBOR plus spread of 0.55% which is payable and is reset on a quarterly basis. The principal is payable on September 20, 2020, the maturity date. As at December 31, 2020 and 2019, the carrying value of the loan amounted to nil and USD90.0 million (₱4,557.6 million). The loan is guaranteed by the Parent Company.

Loan 4 consists of a short-term loan availed on September 20, 2019 from a foreign bank amounting to USD50.0 million (₱2,679.5 million) subject to a variable interest rate based on LIBOR plus spread of 0.90% which is payable and is reset on a quarterly basis. The principal is payable on September 7, 2020, the maturity date. As at December 31, 2020 and 2019, the carrying value of the loan amounted to nil and USD50.0 million (₱2,532.0 million). The loan is guaranteed by the Parent Company.

Loan 5 consists of a short-term loan availed on September 13, 2019 from a foreign bank amounting to USD120.0 million (₱6,430.8 million) subject to a variable interest rate based on three-month LIBOR plus spread of 0.50% which is payable and is reset on a quarterly basis. The principal is payable on September 7, 2020, the maturity date. As at December 31, 2020 and 2019, the carrying value of the loan amounted to nil and USD120.0 million (₱6,076.8 million). The loan is guaranteed by the Parent Company.

The short-term debts of JWPL (Loans 1 to 5) have been prepaid on February 3 and 6, 2020 from the proceeds of the issuance of guaranteed Senior Perpetual Securities (see Note 19).

*Loans of SJBFI.* Loan 6 consists of a short-term uncommitted line of credit agreement signed on March 22, 2019 with a local bank up to an aggregate amount of USD20.0 million (₱1,046.4 million) until April 1, 2020. The loan is subject to variable interest rate based on three-month LIBOR plus spread of 0.95% which is payable monthly and subject to quarterly repricing. The initial drawdown was availed on April 5, 2019 amounting to USD5.0 million (₱260.5 million). Subsequently, 2nd, 3rd and 4th drawdowns amounting to USD5.0 million (₱262.2 million), USD5.0 million (₱257.9 million) and USD5.0 million (₱255.2 million) were availed on May 14, 2019, June 21, 2019 and July 19, 2019, respectively. The maturity of the loan was extended from March 23, 2020 to March 31, 2021. As at December 31, 2020 and 2019, the carrying value of the loan amounted to USD20.0 million (₱960.4 million) and USD20.0 million (₱1,012.8 million), respectively.

Loan 7. On August 14, 2019, Smashburger Finance LLC signed a short-term uncommitted line of credit agreement with a local bank up to an aggregate amount of USD20.0 million (₱1,045.6 million) until August 14, 2020. The loan is subject to variable interest rate based on three-month LIBOR plus spread of 0.95% which is payable and repriced quarterly. The initial drawdown was availed on August 22, 2019 amounting to USD5.0 million (₱261.3 million). Subsequently, 2nd and 3rd drawdowns amounting to USD10.0 million (₱507.3 million) and USD3.0 million (₱151.9 million) were availed on November 12, 2019 and December 30, 2019, respectively. The loan will mature on August 14, 2020.

On February 3, 2020, the credit agreement was amended to increase the aggregate amount from USD20.0 million (₱1,045.6 million) to USD35.0 million (₱1,778.0 million). The credit agreement was extended until February 3, 2021, the maturity date, and made available to the JFC Group's other subsidiaries in North America. Each loan is subject to variable interest rate based on three-month LIBOR plus spread of 0.85% which is payable monthly and subject to quarterly repricing. The 4th, 5th and 6th drawdowns amounting to USD10.0 million (₱506.8 million), USD5.0 million (₱253.4 million) and USD2.0 million (₱99.6 million) were availed on February 6, 2020, March 16, 2020 and April 2, 2020, respectively. As at December 31, 2020 and 2019, the carrying value of the loan amounted to USD35.0 million (₱1,680.7 million) and USD18.0 million (₱911.5 million), respectively. On February 3, 2021, the credit agreement was extended up to February 3, 2022.

Loan 8 consists of a short-term loan availed on September 30, 2020 from a local bank amounting to USD10.0 million (₱485.0 million) subject to variable interest rate based on three-month LIBOR plus spread determined by the bank and subject to quarterly repricing. The principal is payable on September 24, 2021, the maturity date. As at December 31, 2020, the carrying value of the loan amounted to USD10.0 million (₱480.2 million).

Loans 6 to 8 are guaranteed by the Ultimate Parent Company.

*Loan of HFC and HFC (Canada).* Loan 9 consists of a short-term uncommitted line of credit agreement signed on March 5, 2020 with a local bank up to an aggregate amount of USD30.0 million (₱1,517.7 million) until March 4, 2021. The loan is subject to variable interest rate based on three-month LIBOR plus spread of 0.80% which is payable and repriced quarterly. The initial drawdown was availed on March 11, 2020 amounting to USD15.0 million (₱760.2 million). The 2nd drawdown was availed on April 21, 2020 amounting to USD15.0 million (₱761.9 million). As at December 31, 2020, the carrying value of the loan amounted to USD30.0 million (₱1,440.6 million). This loan is guaranteed by the Ultimate Parent Company. On March 3, 2021, the credit agreement was extended up to December 31, 2021.

*Loan of ICTL.* Loan 10 consist of a short-term uncommitted line of credit agreement signed on September 25, 2020 with a local bank up to an aggregate amount of USD10.0 million (₱483.8 million). The loan was availed on October 27, 2020 and is subject to variable interest rate based on LIBOR plus spread determined by the bank and subject to quarterly repricing. The loan is payable in three months from drawdown date and can be rolled over until September 24, 2021, the maturity date. As at December 31, 2020, the carrying value of the loan amounted to USD10.0 million (₱480.2 million).

*Loans of Parent Company.* Loan 11 consists of a short-term loan availed on April 23, 2020 from a local bank amounting to USD30.0 million (₱1,520.1 million) subject to a 2.5% fixed interest rate which is payable on a quarterly basis. The principal is payable on February 26, 2021, the maturity date. As at December 31, 2020, the carrying value of the loan amounted to USD30.0 million (₱1,440.7 million). On March 29, 2021, the loan agreement was extended up to September 24, 2021.

Loan 12 consists of a short-term loan availed on April 29, 2020 from a local bank amounting to USD29.0 million (₱1,464.8 million) subject to a 2.5% fixed interest rate which is payable on a quarterly basis. The principal is payable on February 26, 2021, the maturity date. As at December 31, 2020, the carrying value of the loan amounted to USD29.0 million (₱1,392.7 million). On March 29, 2021, the loan agreement was extended up to September 24, 2021.

Loan 13 consists of a short-term loan availed on April 15, 2020 from a local bank amounting to ₱4,000.0 million subject to a variable interest rate based on three-month BVAL plus spread of 1.0%, subject to a floor of 5.0% which is payable and is reset on a quarterly basis. The principal is payable on April 10, 2021, the maturity date.

*Loans of ZFC.* Loan 14 consists of a short-term loan availed on April 20, 2020 from a local bank amounting to ₱1,000.0 million subject to a variable interest rate which is payable and is reset on a quarterly basis. The principal is payable on April 15, 2021, the maturity date.

Loan 15 consists of a short-term loan availed on September 8, 2020 from a local bank amounting to ₱3,000.0 million subject to a variable interest rate based on three-month BVAL plus spread of 1.0%, subject to a floor of 5.0% which is payable and is reset on a quarterly basis. The principal is payable on September 3, 2021, the maturity date.

Loans 14 and 15 are guaranteed by the Parent Company.

Interest expense recognized on short-term debt amounted to ₱421.8 million and ₱189.9 million for the years ended December 31, 2020 and 2019, respectively (see Note 23).

*VND-denominated Loans of SuperFoods Group.* Loan 7 consists of a 5-year unsecured loan acquired from a local bank in Vietnam amounting to VND113.0 billion (₱262.7 million) available in tranches within eighteen (18) months from February 13, 2018, the date of loan agreement. The loan is subject to a variable interest rate based on three-month VND COF plus spread of 1.3%. The principal is payable in fourteen (14) quarterly installments commencing on the 21st month from the initial drawdown date on March 20, 2018 amounting to VND7.5 billion (₱17.4 million). The loan will mature on March 20, 2023. As at December 31, 2020 and 2019, the carrying value of the loan amounted to VND80.7 billion (₱167.5 million) and VND104.9 billion (₱229.3 million), respectively.

Loan 8 consists of a 5-year unsecured loan acquired from a local bank in Vietnam amounting to VND185.0 billion (₱426.2 million) available in tranches within twenty-four (24) months from November 15, 2018, the date of loan agreement. The loan is subject to a variable interest rate based on the Bank's three-month COF plus spread of 1.35%. The principal is payable in twelve (12) quarterly installments commencing on the 27th month from the initial drawdown date on December 25, 2018 amounting to VND18.2 billion (₱42.0 million). Subsequent tranches amounting to a total of VND166.8 billion (₱374.5 million) were availed in 2019. The loan will mature on December 24, 2023. As at December 31, 2020 and 2019, the carrying value of the loan amounted to VND185.0 billion (₱383.9 million) and VND185.0 billion (₱404.2 million), respectively.

Loan 9 consists of a 5-year unsecured loan acquired from a local bank in Vietnam amounting to VND160.0 billion (₱349.6 million) available in tranches within twelve (12) months from August 29, 2019, the date of loan agreement. The loan is subject to a variable interest rate based on the Bank's three-month COF plus spread of 1.35%. The principal is payable in sixteen (16) quarterly installments commencing on the 16th month from the date of agreement. Initial drawdown amounting to VND4.6 billion (₱10.2 million) was availed on November 19, 2019. Subsequent tranches amounting to a total of VND49.6 billion (₱108.4 million) were availed in November and December 2019 and a total of VND105.8 billion (₱229.6 million) were availed in 2020. The loan will mature on August 30, 2024. As at December 31, 2020 and 2019, the carrying value of the loan amounted to VND150.0 billion (₱311.3 million) and VND54.2 billion (₱118.5 million), respectively.

Loan 10 consists of a 5-year unsecured loan acquired from a local bank in Vietnam amounting to VND232.0 billion (₱484.6 million) available in tranches within twelve (12) months from July 27, 2020, the date of loan agreement. The loan is subject to a variable interest rate based on the Bank's three-month COF plus spread of 1.5%. The principal is payable in sixteen (16) quarterly installments commencing on the 16th month from the date of agreement. Initial drawdown amounting to VND7.2 billion (₱15.0 million) was availed on August 27, 2020. Subsequent tranches amounting to a total of VND63.1 billion (₱131.1 million) were availed in September to December 2020. As at December 31, 2020, the carrying value of the loan amounted to VND70.3 billion (₱145.8 million).

Loans 4 to 10 are guaranteed by the Ultimate Parent Company.

*PHP-denominated Loans of the Parent Company.* Loan 16 consists of 7-year unsecured loan acquired from a local bank on March 27, 2018 amounting to ₱4,200.0 million. The loan is subject to a variable interest equal to the simple average of the preceding five (5) days of the three-month PDST-R2 rate plus spread of 0.40% and to an interest rate floor of 3.0%. The principal is payable in equal quarterly installments commencing on the 27th month from drawdown date amounting to ₱210.0 million. The Parent Company incurred debt issue cost of ₱31.5 million, representing documentary stamp tax, for this loan. The Parent Company has an option to convert the variable interest rate into a fixed interest rate but in no case later than 365 days from the drawdown date. The conversion to fixed interest rate is based on simple average of the applicable/interpolated "Done" PDST-R2 rates within the preceding five (5) consecutive business days plus spread of 0.60%. In the event that there is no "Done" PDST-R2 rates, it shall be determined by interpolating the "Done" PDST-R2 of other tenors or mutually agreed computation based on the available bids/interpolation. The Parent Company also has an option to prepay the loan in part or in full on any interest payment date subject to certain conditions.

Loan 17 consists of 7-year unsecured loan acquired from a local bank on May 11, 2018 amounting to ₱3,000.0 million. The loan is subject to a variable interest rate equal to simple average of the five (5) trading days of the three-month Treasury Securities Benchmark Yield, as published in the PDST-R2 page of the PDEX preceding and inclusive of the Interest Rate Setting Date plus spread of 0.50%. The Parent Company has a one-time option to convert the variable interest rate into a fixed interest rate until the fourth interest rate setting date subject to certain conditions. The conversion to fixed interest rate is equal to the interpolated Treasury Securities Benchmark Yield based on the remaining tenor of the Loan, as published in the PDST-R2 on the interest setting date plus spread of 0.50%. The principal is payable in twenty (20) quarterly installments commencing on the end of the 8th quarter from the drawdown date. The Parent Company incurred debt issue cost of ₱22.5 million, representing documentary stamp tax, for this loan.

Loan 18 consists of 7-year unsecured loan acquired from a local bank on August 15, 2018 amounting to ₱2,700.0 million. The loan is subject to a variable interest rate equal to simple average of the five (5) trading days of the three-month Treasury Securities Benchmark Yield, as published in the PDST-R2 page of the PDEX preceding and inclusive of the Interest Rate Setting Date plus spread of 0.50%. The Parent Company has a one-time option to convert the variable interest rate into a fixed interest rate until the fourth interest rate setting date subject to certain conditions. The conversion to fixed interest rate is equal to the interpolated Treasury Securities Benchmark Yield based on the remaining tenor of the Loan, as published in the PDST-R2 on the interest setting date plus spread of 0.50%. The principal is payable in twenty (20) quarterly installments commencing on the end of the 8th quarter from the drawdown date. The Parent Company incurred debt issue cost of ₱20.3 million, representing documentary stamp tax, for this loan.

The Parent Company's PHP denominated long-term debt (Loans 11 to 18) amounted to ₱11,452.6 million and ₱14,025.9 million, net of unamortized debt issue cost of ₱57.4 million and ₱74.1 million as at December 31, 2020 and 2019, respectively. The current portion amounted to ₱3,363.9 million and ₱2,573.3 million, net of debt issue cost of ₱16.2 million and ₱16.7 million as at December 31, 2020 and 2019, respectively.

*PHP-denominated Loan of Zenith.* Loan 20 is a 7-year unsecured loan acquired from a local bank on August 24, 2018 amounting to ₱1,000.0 million. The loan is subject to a variable interest equal to the simple average of the preceding five (5) days of the three-month PDST-R2 on the interest setting date plus spread of 0.48% and to an interest rate floor equal to the BSP Overnight Reverse Repurchase Rate. Zenith has an option to convert the variable interest rate into a fixed interest rate but in no case later than 365 days from the drawdown date. The conversion to fixed interest rate is based on simple average of the applicable/interpolated "Done" PDST-R2 rates within the preceding five (5) consecutive business days plus spread of 0.60%. Zenith incurred debt issue cost of ₱7.5 million, representing documentary stamp tax, in relation to this loan. The principal is payable in equal quarterly installments commencing on the 27th month from the drawdown date and every quarter thereafter until maturity. The carrying amount of the loan is ₱945.0 million and ₱993.9 million, net of unamortized debt issue cost of ₱5.0 million and ₱6.1 million as at December 31, 2020 and 2019, respectively.

Loan 21 consist of 7-year unsecured loan acquired from a local bank on May 8, 2019 amounting to ₱1,000.0 million. The loan is subject to a variable interest equal to the simple average of the preceding five (5) banking days PHP BVAL Reference rate for three (3) months tenor plus spread of 0.66% or to an interest rate floor equal to the BSP Overnight Reverse Repurchase Rate plus spread of 0.50%. Zenith has an option to convert the variable interest rate into a fixed interest within one (1) year from the drawdown date. The conversion to fixed interest rate is based on simple average of the applicable/interpolated PHP BVAL Reference rate for the remaining tenor of the loan plus spread of 1.0%. Zenith incurred debt issue cost of ₱7.5 million, representing documentary stamp tax, in relation to this loan. The principal is payable in equal quarterly installments commencing on the 9th quarter from the drawdown date and every quarter thereafter until maturity. The carrying amount of the loan is ₱994.3 million and ₱993.2 million, net of unamortized debt issue cost of ₱5.7million and ₱6.8 million, as at December 31, 2020 and 2019, respectively.

The loans are guaranteed by the Parent Company. Consequently, the Parent Company is subject to certain debt covenants which include, among others, maintaining a Debt-to-Equity ratio, Debt-to-EBITDA ratio and Debt-to-Service Coverage Ratio. As at December 31, 2019, the Debt-to-EBITDA ratio was amended temporarily from 3.0-4.0 or below to 5.0 or below and Debt-to-Service Coverage Ratio was waived. In 2020, the Debt-to-EBITDA ratio and Debt-to-Service Coverage Ratio were waived until December 31, 2021. The Parent Company is in compliance with the applicable debt covenants as at December 31, 2020 and 2019.

Interest expense recognized on long-term debt amounted to ₱744.1 million and ₱1,172.6 million for the years ended December 31, 2020 and 2019, respectively (see Note 23).

The future expected principal settlements of the JFC Group's loans follow:

|                       | 2020               | 2019        |
|-----------------------|--------------------|-------------|
| 2020                  | P-                 | P3,433,754  |
| 2021                  | 4,738,472          | 4,758,007   |
| 2022                  | 5,041,401          | 4,928,959   |

|                       | <b>P19,258,213</b> | P22,595,723 |

#### Embedded Derivatives

Certain long-term loans of the JFC Group include provisions for an option to convert the variable interest rate into a fixed interest rate. Certain long-term loans are also subject to an interest rate floor. In addition, the JFC Group's long-term loans generally provide an option to pre-pay the loan in full before the maturity date.

The JFC Group assessed that the derivatives embedded in the loan contracts need not be bifurcated since they are clearly and closely related to the economic characteristics and risks of the host loan contract and do not qualify for separate accounting as at December 31, 2020 and 2019.

#### Freestanding Derivatives, Hedges and Hedge Effectiveness Testing

On November 20, 2015, the JFC Group entered into an Interest Rate Swap (IRS) with a bank to convert its exposure in the variable interest rate of Loan 1 to a fixed interest rate. The IRS will terminate and the loan will mature simultaneously on October 21, 2025. The JFC Group has designated the IRS as a cash flow hedge.

The IRS with a notional amount equal to the principal amount of the loan requires the JFC Group to pay fixed interest payments at 3.36% in exchange of variable interest payments at three-month LIBOR plus spread of 1.20% from the bank throughout the term of the IRS on the notional amount. The IRS settles quarterly on a net basis.

The fair value of the IRS amounted to P141.5 million and P58.2 million as at December 31, 2020 and 2019, respectively, presented as derivative liability in the consolidated statements of financial position. The terms of the IRS approximately match the terms of the interest payments on the loan. Accordingly, there is no hedge ineffectiveness to be recognized in profit or loss.

Unrealized loss of P83.2 million and P141.1 million were recognized in other comprehensive income in 2020 and 2019, respectively.

#### Senior Debt Securities (Notes)

On June 24, 2020, the JFC Group, through JWPL, issued a USD300.0 million (P14,994.0 million) 5.5-year and USD300.0 million (P14,994.0 million) 10-year Reg S dual tranche US dollar denominated guaranteed Notes with a coupon rate of 4.125% and 4.750%, respectively, and payable semi-annually. This was listed in the Singapore Exchange Securities Trading Limited on June 25, 2020.

The proceeds from the issuance will be used for general corporate purposes, intended as a precautionary measure from the unforeseen eventualities that may be caused by the Covid-19 pandemic, as well as fund initiatives of the JFC Group (see Note 10).

The JFC Group incurred debt issue cost of USD4.0 million (₱200.4 million) for this transaction. As at December 31, 2020, the carrying value of the Notes amounted to USD596.2 million (₱28,629.0 million), net of unamortized debt issue cost of USD3.9 million (₱183.0 million).

Interest expense recognized on senior debt securities amounted to ₱682.4 million in 2020 (see Note 23).

## 19. Equity

### a. Capital Stock

The movements in the account are as follows:

|                              | 2020              | 2019       |
|------------------------------|-------------------|------------|
| Authorized - ₱1 par value    |                   |            |
| 1,450,000,000 shares         | <b>₱1,450,000</b> | ₱1,450,000 |
| Issued and subscribed:       |                   |            |
| Balance at beginning of year | <b>₱1,110,149</b> | ₱1,105,214 |
| Issuances during the year    | <b>12,108</b>     | 4,935      |
| Balance at end of year       | <b>1,122,257</b>  | 1,110,149  |
| Subscriptions receivable     | <b>(17,178)</b>   | (17,178)   |
|                              | <b>₱1,105,079</b> | ₱1,092,971 |

The total number of shareholders of the Parent Company is 2,999 and 3,004 as at December 31, 2020 and 2019, respectively.

### b. Additional Paid-in-Capital

The movements in the Additional paid in-capital pertain to the difference between the exercise prices of stock options exercised and the par value of Parent Company's shares. For the years ended December 31, 2020 and 2019, stock options totaling 12,108,364 shares and 4,934,701 shares, respectively, were exercised (see Note 26). These resulted to an additional paid-in capital amounting to ₱1,268.7 million and ₱580.5 million in 2020 and 2019, respectively.

Stock options expense, amounting to ₱188.3 million and ₱262.9 million in 2020 and 2019, respectively, were also recognized as part of additional paid-in capital (see Notes 22 and 26).

The Parent Company recognized deferred tax assets on MSOP and ELTIP, resulting to a decrease of ₱340.5 million and ₱684.5 million in additional paid-in capital in 2020 and 2019, respectively.

As at December 31, 2020 and 2019, total additional paid-in capital amounted to ₱9,913.9 million and ₱8,797.4 million, respectively.

### c. Treasury Shares

The cost of common stock of the Parent Company held in treasury of ₱180.5 million consists of 16,447,340 shares as at December 31, 2020 and 2019.

d. Senior Perpetual Securities (Securities)

The Securities amounting to USD600.0 million (₱30,588.0 million) was issued by the JFC Group, through JWPL, on January 23, 2020 and was listed in the Singapore Exchange Securities Trading Limited on January 24, 2020. The Securities confer a right to receive a return on the Securities (the “Distribution”) every Distribution Payment Date as described in the terms and conditions of the Securities. These distributions are payable semi-annually in arrears on the Distribution Payment Dates of each year. The Securities offered an initial distribution rate of 3.9%, noncallable in five (5) years and payable semi-annually. However, the Issuer may, at its sole and absolute discretion, prior to any Distribution Payment Date, resolve to defer payment of all or some of the Distribution which would otherwise be payable on that Distribution Payment Date subject to exceptions enumerated in the terms and conditions of the Securities. The Securities are perpetual securities in respect of which there is no fixed redemption date, but the Issuer may, at its option change the status of the Securities or redeem the same on instances defined under its terms and conditions. The Securities are unconditionally and irrevocably guaranteed by the Parent Company.

The proceeds from issuance of Securities were partially used to refinance the short-term debt from the acquisition of CBTL (see Note 18) while some were invested to bond funds (see Note 10).

On July 23, 2020, JWPL paid first distributions amounting to USD11.7 million (₱577.7 million). Distributions due as at December 31, 2020 totaling to USD10.2 million (₱490.0 million) has been accrued in 2020.

The Securities are treated as equity as part of non-controlling interests in the consolidated financial statements of the JFC Group because nothing in the terms and conditions of the Securities gives rise to an obligation of the JFC Group to deliver cash or another financial asset in the future as defined by PAS 32.

e. Excess of Cost over the Carrying Value of Non-controlling Interests Acquired

The amount of excess of cost over the carrying value of non-controlling interests acquired as at December 31, 2020 and 2019, recognized as part of “Equity Attributable to Equity Holders of the Parent Company” section in the consolidated statements of financial position, resulted from the following acquisitions of non-controlling interests:

|  | 2020              | 2019              |
|--|-------------------|-------------------|
| 20% of Greenwich in 2006                         | ₱168,257          | ₱168,257          |

|  | <b>₱2,026,340</b> | <b>₱1,804,766</b> |

f. Retained Earnings

The JFC Group has a cash dividend policy of declaring one-third of the JFC Group's net income for the year as cash dividends. It uses best estimate of its net income as basis for declaring cash dividends. Actual cash dividends per share declared as a percentage of the EPS are 12.4%, 38.6% and 32.8% in 2020, 2019 and 2018, respectively.

The Parent Company's cash dividend declarations for 2020, 2019 and 2018 follow:

| Declaration Date                                 | Record Date | Payment Date | Cash Dividend<br>per Share | Total Cash<br>Dividends Declared |
|--|-------------|--------------|----------------------------|----------------------------------|
| <i>(In Thousands, except dividend per share)</i> |             |              |                            |                                  |

An important part of the JFC Group's growth strategy is the acquisition of new businesses in the Philippines and abroad. Examples were acquisitions of 85% of Yonghe King in 2004 in PRC (₱1,200.0 million), 100% of Red Ribbon in 2005 (₱1,700.0 million), the remaining 20% minority share in Greenwich in 2006 (₱384.0 million), the remaining 15% share of Yonghe King in 2007 (₱413.7 million), 100% of Hong Zhuang Yuan restaurant chain in PRC in 2008 (₱2,600.0 million), 70% of Mang Inasal in 2010 (₱2,976.2 million), 100% of Chowking US operations in 2011 (₱693.3 million), 40% of SJBF LLC, the parent company of the entities comprising the Smashburger business in US (₱4,812.8 million), including transaction costs in 2015, the remaining 30% minority share each in Mang Inasal (₱2,000.0 million) and HBFPPPL (₱514.9 million), acquisition of GSC (₱8.6 million) in 2016, the acquisition of additional 10% share in SuperFoods Group (₱2,712.7 million) in 2017, acquisition of the remaining 60% share in SJBF LLC (₱5,735.8 million) in 2018, acquisition of the 80% of The Coffee Bean & Tea Leaf (₱17,163.0 million) in 2019 and the remaining 30% minority share in Smashburger Long Island (₱95.8 million) in 2020.

The JFC Group plans to continue to make substantial acquisitions in the coming years. The JFC Group uses its cash generated from operations to finance these acquisitions and capital expenditures. These limit the amount of cash dividends that it can declare and pay, making the level of the retained earnings higher than the paid-up capital stock.

On November 9, 2018, the BOD approved the following:

- Release of previously appropriated retained earnings amounting to ₱18,200.0 million as at September 30, 2018 related to the completed projects in 2013 to 2018; and,

- Appropriation of retained earnings amounting to ₱20,000.0 million. Details are as follows:

| Projects                  | Timeline    | Amount             |
|---------------------------|-------------|--------------------|
| Capital Expenditures      | 2019 - 2024 | ₱12,000,000        |
| Acquisition of Businesses | 2019 - 2024 | 8,000,000          |
|                           |             | <b>₱20,000,000</b> |

The unappropriated retained earnings of the Parent Company is also restricted to the extent of cost of common stock held in treasury amounting to ₱180.5 million as well as the undistributed retained earnings of its subsidiaries which amounted to nil and ₱1,715.4 million as at December 31, 2020 and 2019, respectively.

The Parent Company's retained earnings available for dividend declaration, computed based on the guidelines provided in SEC Memorandum Circular No. 11, amounted to ₱12,566.0 million and ₱14,183.9 million as at December 31, 2020 and 2019, respectively.

In relation with the Securities Regulation Code, below is the summary of the Parent Company's track record of registration of securities.

|               | Number of Shares registered | Initial issue/offer price | Listing Date  | Number of holders of securities |       |
|---------------|-----------------------------|---------------------------|---------------|---------------------------------|-------|
|               |                             |                           |               | 2020                            | 2019  |
| Common shares | 75,000,000                  | ₱9                        | July 14, 1993 | <b>2,999</b>                    | 3,004 |

## 20. Royalty, Set-up Fees and Others

This account consists of:

|                                   | 2020              | 2019       | 2018       |
|-----------------------------------|-------------------|------------|------------|
| Royalty fees                      | <b>₱5,426,460</b> | ₱8,477,040 | ₱7,043,891 |
| Set-up fees                       | <b>116,580</b>    | 471,711    | 546,909    |
| Service fees                      | <b>237,568</b>    | 381,188    | 489,359    |
| Scrap fees                        | <b>103,427</b>    | 89,367     | 109,658    |
| Rent income (see Notes 13 and 29) | <b>35,771</b>     | 58,493     | 24,992     |
| Other revenues                    | <b>547,328</b>    | 237,917    | 228,655    |
|                                   | <b>₱6,467,134</b> | ₱9,715,716 | ₱8,443,464 |

The JFC Group has existing Royalty and Service Agreements with independent franchisees for the latter to operate quick service restaurant outlets under the "Jollibee", "Greenwich", "Chowking", "Yong He King", "Red Ribbon", "Hong Zhuang Yuan", "Mang Inasal", "Highlands Coffee", "Pho 24", "Smashburger" and "The Coffee Bean & Tea Leaf" concepts and trade names. In consideration thereof, the franchisees agree to pay set-up fees and monthly royalty fees equivalent to a certain percentage of the franchisees' net sales.

The JFC Group's franchisees pay service fees for various services, including repairs and maintenance services, rendered by the JFC Group's personnel.

Other revenues pertain to delivery fees and other miscellaneous revenues earned by the JFC Group.

## 21. Direct Costs

In the normal course of business, the JFC Group accrues liabilities based on management's best estimate of costs incurred, particularly in cases when the JFC Group has not yet received final billings from suppliers and vendors. There are also ongoing negotiations and reconciliations with suppliers and vendors on certain liabilities recorded. These balances are continuously reviewed by management and are adjusted based on these reviews, resulting to write-off of certain liabilities as other income.

#### 24. Income Taxes

The JFC Group's provision for current income tax consists of the following:

|  | 2020              | 2019              | 2018              |
|--|-------------------|-------------------|-------------------|
| Final tax withheld on:                 |                   |                   |                   |
| Royalty income                         | P1,039,849        | P1,750,140        | P1,512,611        |
| Interest income                        | 6,055             | 30,914            | 39,153            |
| RCIT:                                  |                   |                   |                   |
| With itemized deduction                | 239,481           | 873,698           | 511,077           |
| With Optional Standard Deduction (OSD) | 6,288             | 195,044           | 473,240           |
| MCIT                                   | 254,946           | 405,868           | 286,011           |
|  | <b>P1,546,619</b> | <b>P3,255,664</b> | <b>P2,822,092</b> |

RCIT consists of corporate income taxes from the JFC Group's operations in the Philippines, PRC, USA, Vietnam and Singapore.

For the years ended December 31, 2020 and 2019, Grandworth and RRBH, wholly-owned subsidiaries, elected to use OSD in computing for their taxable income. The net tax benefit from the availment of OSD amounted to P1.2 million and P123.6 million in 2020 and 2019, respectively.

The components of the JFC Group's recognized net deferred tax assets as at December 31 follow:

|                           | 2020       | 2019       |
|---------------------------|------------|------------|
| Deferred tax assets:      |            |            |
| Lease liabilities         | P6,079,643 | P7,055,657 |
| NOLCO:                    |            |            |
| USA-based entities        | 1,284,699  | 608,903    |
| Philippine-based entities | 1,067,152  | 155,759    |

#### OSD

The availment of the OSD method also affected the recognition of several deferred tax assets and liabilities. Deferred tax assets and liabilities, for which the related income and expense are not considered in determining gross income for income tax purposes, are not recognized. This is because the manner by which the JFC Group expects to recover or settle the underlying assets and liabilities, for which the deferred tax assets and liabilities were initially recognized, would not result to any future tax consequence under the OSD method. Meanwhile, deferred tax assets and liabilities, for which the related income and expense are considered in determining gross income for income tax purposes, are recognized only to the extent of their future tax consequence under the OSD method. Hence, the tax base of these deferred tax assets and liabilities is reduced by the 40% allowable deduction provided for under the OSD method.

Accordingly, the JFC Group's deferred tax assets and liabilities, which were not recognized due to the use of the OSD method, are as follows:

|  | 2020          | 2019          |
|--|---------------|---------------|
| Deferred tax assets:   |               |               |
| Lease liabilities  | ₱7,930        | ₱19,142       |
| Unaccredited discount on financial instruments and others            | 218           | 434           |
| Allowance for impairment loss on receivables and nonfinancial assets | 4,550         | 4,550         |
|  | <b>12,698</b> | <b>24,126</b> |
| Deferred tax liabilities:  |               |               |
| Operating lease receivables  | 8,029         | 22,218        |
| Right-of-use assets  | 109           | 15            |
| Others   | 117           | 391           |
|  | <b>8,255</b>  | <b>22,624</b> |
| <b>Deferred tax assets - net</b>                                     | <b>₱4,443</b> | <b>₱1,502</b> |

As at December 31, 2020, NOLCO and excess of MCIT over RCIT of the Philippine-based entities that can be claimed as deductions from taxable income and income tax due, respectively, are as follows:

| Year Incurred/Paid        | Carryforward Benefit up to | NOLCO             | Excess of MCIT over RCIT |
|---------------------------|----------------------------|-------------------|--------------------------|
| 2020                      | December 31, 2025          | ₱3,037,977        | ₱192,362                 |

| 2018                      | December 31, 2021          | -                 | 244,814                  |
| 2017                      | December 31, 2020          | -                 | 190,634                  |
|                           |                            | 3,557,175         | 846,780                  |
| Write-off during the year |                            | -                 | (435,448)                |
|                           |                            | <b>₱3,557,175</b> | <b>₱411,332</b>          |

On September 30, 2020, the BIR issued Revenue Regulations No. 25-2020 implementing Section 4(bbbb) of "Bayanihan to Recover As One Act" which states that the NOLCO incurred for taxable years 2020 and 2021 can be carried over and claimed as a deduction from gross income for the next five (5) consecutive taxable years immediately following the year of such loss.

Deferred tax assets on temporary differences and carryforward benefits of NOLCO and excess of MCIT over RCIT of the Philippine-based subsidiaries, which were not recognized as it is not probable that taxable income will be sufficient against which they can be utilized, amounted to ₱2,899.0 million and ₱409.5 million, respectively, as at December 31, 2020 and ₱1,165.4 million and ₱446.8 million, respectively, as at December 31, 2019.

The PRC enterprise income tax law provides that income tax rates are unified at 25%. As at December 31, 2020, NOLCO of the PRC-based entities that can be claimed as deductions from taxable income are as follows:

| Year Incurred            | Carryforward Benefit Up to | Tax Losses        | Deferred Tax<br>at 25% |
|--------------------------|----------------------------|-------------------|------------------------|
| 2020                     | December 31, 2028          | ₱919,420          | ₱229,855               |
| 2019                     | December 31, 2024          | 53,716            | 13,429                 |
| 2018                     | December 31, 2023          | 39,430            | 9,858                  |
| 2017                     | December 31, 2022          | 38,235            | 9,559                  |
| 2016                     | December 31, 2021          | 183,412           | 45,853                 |
| 2015                     | December 31, 2020          | 129,047           | 32,262                 |
|                          |                            | 1,363,260         | 340,816                |
| Utilized during the year |                            | (214,480)         | (53,620)               |
| Translation adjustments  |                            | 6,122             | 1,529                  |
|                          |                            | <b>₱1,154,902</b> | <b>₱288,725</b>        |

As at December 31, 2020, NOLCO of the USA-based entities that can be claimed as deductions from taxable income are as follows:

| Year Incurred               | Tax Losses        | Deferred Tax<br>at 21% |
|-----------------------------|-------------------|------------------------|
| 2019                        | ₱3,401,924        | ₱714,404               |
| 2018                        | 2,857,290         | 600,031                |
| 2017                        | 42,247            | 8,872                  |
|                             | 6,301,461         | 1,323,307              |

| Translation adjustments     | (150,014)         | (31,503)               |
|                             | <b>₱6,117,614</b> | <b>₱1,284,699</b>      |

NOLCO of USA-based entities has no prescription effective taxable year 2018.

As at December 31, 2020, NOLCO of the Europe-based entities that can be claimed as deductions from taxable income are as follows:

| Year Incurred           | Tax Losses    | Deferred Tax<br>at 20% |
|-------------------------|---------------|------------------------|
| 2020                    | ₱9,985        | ₱1,997                 |
| Translation adjustments | (210)         | (42)                   |
|                         | <b>₱9,775</b> | <b>₱1,955</b>          |

The following are the movements in deferred tax assets on NOLCO of the JFC Group:

|                              | 2020              | 2019            |
|------------------------------|-------------------|-----------------|
| Balance at beginning of year | <b>₱875,622</b>   | ₱547,461        |
| Additions                    | <b>1,986,398</b>  | 733,812         |
| Utilization during the year  | <b>(60,726)</b>   | (80,649)        |
| Write-offs and expirations   | –                 | (311,331)       |
| Translation adjustments      | <b>(30,014)</b>   | (13,671)        |
|                              | <b>₱2,771,280</b> | <b>₱875,622</b> |

The following are the movements in deferred tax assets on Excess of MCIT over RCIT of the JFC Group:

|                              | 2020             | 2019      |
|------------------------------|------------------|-----------|
| Balance at beginning of year | <b>₱654,418</b>  | ₱614,580  |
| Additions                    | <b>192,362</b>   | 218,971   |
| Write-offs and expirations   | <b>(435,448)</b> | (179,133) |
|                              | <b>₱411,332</b>  | ₱654,418  |

The net change in deferred tax liabilities recognized in equity amounted to ₱165.3 million, ₱252.9 million and (₱54.8 million) in 2020, 2019 and 2018, respectively.

The reconciliation of provision for income tax computed at the statutory income tax rates to provision for income tax as shown in the consolidated statements of comprehensive income are as follows:

|  | 2020                | 2019<br>(As restated -<br>Note 11) | 2018       |
|--|---------------------|------------------------------------|------------|
| Provision for income tax at statutory income tax rate        | <b>(₱3,987,789)</b> | ₱2,845,067                         | ₱3,096,511 |
| Income tax effects of:                                       |                     |                                    |            |

| Effect of different tax rates for capital gains tax          | <b>662</b>          | -                                  | (1,497)    |
| Others   | <b>737,596</b>      | 382,239                            | 488,086    |
|  | <b>(₱659,007)</b>   | ₱3,055,170                         | ₱2,680,117 |

Provision for current income tax of foreign entities operating in the United States, PRC, Vietnam and Singapore amounted to ₱59.1 million, ₱3.9 million, ₱66.9 million and ₱15.8 million, respectively, in 2020 and ₱121.7 million, ₱53.9 million, ₱75.2 million and ₱9.7 million, respectively, in 2019.

For Philippine-based entities, Republic Act (RA) No.10963 or the Tax Reform for Acceleration and Inclusion Act (TRAIN) was signed into law on December 19, 2017 and took effect on January 1, 2018. Although the TRAIN changes existing tax law and includes several provisions that will generally affect businesses on a prospective basis, the management assessed that the same did not have any significant impact on the consolidated financial statement balances as of the reporting date.

For US-based entities, Tax Cuts and Jobs Act (the US Tax Reform) was signed into law on December 22, 2017, making the new law enacted by that date under PFRSs and therefore applicable as of the reporting date. The US Tax Reform resulted in the re-measurement of deferred tax assets and liabilities as a result of the change in the corporate income tax rate from 35% to 21%. The US-based entities recognized net deferred tax liabilities amounting to ₱160.2 million and ₱1,062.7 million as at December 31, 2020 and 2019, respectively.

---

## 25. Pension Liability

### Defined Benefit Plan

The Parent Company and certain Philippine-based subsidiaries have funded, independently-administered, non-contributory defined benefit pension plan covering all permanent employees. The benefits are based on the employees' projected salaries and number of years of service.

The funds are administered by trustee banks. Subject to the specific instructions provided in writing, the Parent Company and certain Philippine-based subsidiaries direct the trustee banks to hold, invest and reinvest the funds and keep the same invested, in its sole discretion, without distinction between principal and income in, but not limited to, certain cash and other short-term deposits, investments in government and corporate debt securities and quoted equity securities.

Under the existing regulatory framework, Republic Act No. 7641 requires a provision for retirement pay to qualified private sector employees in the absence of any retirement plan in the entity, provided however that the employees' retirement benefits under any collective bargaining and other agreements shall not be less than those provided under the law. The law does not require minimum funding of the plan.

The following tables summarize the components of pension expense, included under "Cost of sales" and "General and administrative expenses" accounts in the consolidated statements of comprehensive income and pension liability in the consolidated statements of financial position, which are based on actuarial valuations.

Changes in pension liability of the JFC Group in 2020 are as follows:

|   | Present Value<br>of Defined<br>Benefit<br>Obligation | Fair Value<br>of Plan Assets | Pension<br>Liability |
|---|--|------------------------------|----------------------|
| At January 1, 2020  | ₱4,734,016   | ₱2,512,696                   | ₱2,221,320           |

|   | ₱1,793,502 | ₱2,512,696 |

The plan assets consist of the following:

- Investments in government securities which consist of retail treasury bonds that bear interest ranging from 2.63%-8.75% and have maturities from March 2021 to October 2037 and fixed-rate treasury notes that bear interest ranging from 3.5%-8.75% and have maturities from January 2022 to November 2032.

- Investments in debt securities consist of long-term corporate bonds in the property sector, which bear interest ranging from 5.13%-6.30% maturing from March 2024 to October 2026.
- Investments in equity securities consist of investments in listed equity securities, including equity securities of the Parent Company, for certain retirement plans of the JFC Group (see Note 27).
- Other financial assets held by the retirement plan are primarily accrued interest income on cash and cash equivalents, debt instruments and other securities.

Pension expense as well as the present value of the pension liability are determined using actuarial valuations. The actuarial valuation involves making various assumptions. The principal assumptions used in determining pension expense and liability for the defined benefit plans are shown below:

|                      | <b>December 31,<br/>2020</b> | December 31,<br>2019 |
|----------------------|------------------------------|----------------------|
| Discount rate        | <b>3.6% – 4.3%</b>           | 4.9% – 5.5%          |
| Salary increase rate | <b>6.00%</b>                 | 6.00%                |

The sensitivity analysis below has been determined based on reasonably possible changes of each significant assumption on the present value of the defined benefit obligation as at the end of the reporting period, assuming all other assumptions were held constant:

|                         | Increase<br>(Decrease) | Philippine Plan     |            |
|-------------------------|------------------------|---------------------|------------|
|                         |                        | <b>2020</b>         | 2019       |
| Discount rates          | +0.50%                 | <b>(₱1,028,752)</b> | (₱636,924) |
|                         | -0.50%                 | <b>1,160,221</b>    | 777,116    |
| Future salary increases | +0.50%                 | <b>1,153,401</b>    | 773,398    |
|                         | -0.50%                 | <b>(1,026,755)</b>  | (636,797)  |

Shown below is the maturity analysis of the undiscounted benefit payments as at December 31:

|                                | <b>2020</b>      | 2019       |
|--------------------------------|------------------|------------|
| Less than 1 year               | <b>₱774,144</b>  | ₱822,626   |
| More than 1 year to 5 years    | <b>1,244,033</b> | 1,357,711  |
| More than 5 years to 10 years  | <b>2,141,595</b> | 2,599,074  |
| More than 10 years to 15 years | <b>2,571,487</b> | 3,135,585  |
| More than 15 years to 20 years | <b>3,065,269</b> | 3,418,491  |
| More than 20 years             | <b>8,982,778</b> | 11,479,469 |

The Parent Company and certain Philippine-based subsidiaries do not have a formal asset-liability matching strategy. The overall investment policy and strategy of the retirement plans is based on the client suitability assessment, as provided by trustee banks, in compliance with the BSP requirements. Nevertheless, the Parent Company and certain Philippine-based subsidiaries ensure that there will be sufficient assets to pay the retirement benefits as they fall due while attempting to mitigate the various risks of the plans.

The plan assets are primarily exposed to financial risks such as liquidity risk and price risk. Liquidity risk pertains to the plans' ability to meet obligation to the employees upon retirement. To effectively manage liquidity risk, the trustee banks maintain assets in cash and short-term deposits. Price risk pertains mainly to fluctuation in market prices of the retirement funds' marketable securities. In order to effectively manage price risk, the trustee banks continuously assess these risks by closely monitoring the market value of the securities and implementing prudent investment strategies.

The Parent Company and certain Philippine-based subsidiaries expect to contribute ₱774.1 million to the defined benefit pension plans in 2021.

The average duration of the defined benefit obligation is 10 years as at December 31, 2020 and 2019.

#### Defined Contribution Plan

The employees of the PRC-domiciled subsidiaries of the JFC Group are members of a state-managed pension benefit scheme operated by the national government. These subsidiaries are required to contribute a specified percentage of their payroll costs to the pension benefit scheme to fund the benefits. The only obligation of these subsidiaries with respect to the pension benefit scheme is to make the specified contributions.

Pension expense under the defined contribution plan amounted to ₱336.3 million and ₱506.7 million in 2020 and 2019, respectively (see Notes 21 and 22) .

---

## 26. Stock Options Plan

#### Senior Management Stock Option and Incentive Plan

On January 10, 2017 and December 17, 2002, the SEC approved the exemption requested by the JFC Group on the registration requirements of 31,500,000 and 101,500,000 options, respectively, underlying the Parent Company's common shares to be issued pursuant to the JFC Group's Senior Management Stock Option and Incentive Plan (the Plan). The Plan covers selected key members of management of the JFC Group and designated affiliated entities.

The Plan is divided into two programs, namely, the Management Stock Option Program (MSOP) and the Executive Long-term Incentive Program (ELTIP). The MSOP provides a yearly stock option grant program based on company and individual performance while the ELTIP provides stock ownership as an incentive to reinforce entrepreneurial and long-term ownership behavior of executive participants.

*MSOP.* The MSOP is a yearly stock option grant program open to members of the senior management committee of the JFC Group and members of the management committee, key talents and designated consultants of some of the business units.

Each MSOP cycle refers to the period commencing on the MSOP grant date and ending on the last day of the MSOP exercise period. Vesting is conditional on the employment of the employee-participants in the JFC Group within the vesting period. The options will vest at the rate of one-third of the total options granted on each anniversary of the MSOP grant date until the third anniversary.

The exercise price of the stock options is determined by the JFC Group with reference to the prevailing market prices over the three months immediately preceding the date of grant for the 1st up to the 7th MSOP cycle. Starting with the 8th MSOP cycle, the exercise price of the option is determined by the JFC Group with reference to the market closing price at date of grant.

The options will vest at the rate of one-third of the total options granted from the start of the grant date on each anniversary date which will start after a year from the grant date. For instance, under the 1st MSOP cycle, the Compensation Committee of the JFC Group granted 2,385,000 options to eligible participants on July 1, 2004. One-third of the options granted, or 795,000 options, vested and may be exercised starting July 1, 2005. The exercise period for the 1st MSOP cycle was until June 30, 2012. From July 1, 2005 to September 25, 2019, the Compensation Committee granted series of MSOP grants under the 2nd to 16th MSOP cycle to eligible participants.

Under the most recent grant on September 25, 2020, the 17th MSOP cycle, the Compensation Committee granted 4,207,060 options. These options vest similar to the 1st MSOP cycle.

The options under MSOP expire eight years after grant date. The 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th and 9th MSOP cycles expired on 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019 and 2020, respectively.

The JFC Group does not pay cash as a form of settlement.

The movements in the number of stock options outstanding under MSOP and related weighted average exercise prices (WAEP) for the period ended December 31, 2020, 2019 and 2018 follow:

|  | 2020              |         | 2019              |         | 2018              |         |
|--|-------------------|---------|-------------------|---------|-------------------|---------|
|  | Number of Options | WAEP    | Number of Options | WAEP    | Number of Options | WAEP    |
| Total options granted at beginning of year | 52,715,144        | ₱116.43 | 50,492,844        | ₱111.92 | 47,184,794        | ₱102.59 |
| Options granted during the year            | 4,207,060         | 138.00  | 2,222,300         | 219.00  | 3,308,050         | 245.00  |
| Total options granted at end of year       | 56,922,204        | ₱118.03 | 52,715,144        | ₱116.43 | 50,492,844        | ₱111.92 |
| Outstanding at beginning of year           | 17,905,148        | ₱200.38 | 17,613,253        | ₱193.07 | 16,780,550        | ₱176.63 |
| Options granted during the year            | 4,207,060         | 138.00  | 2,222,300         | 219.00  | 3,308,050         | 245.00  |
| Options exercised during the year          | (1,223,364)       | 112.70  | (1,696,402)       | 139.16  | (2,234,849)       | 145.31  |
| Options forfeited during the year          | (1,472,914)       | 215.80  | (234,003)         | 270.75  | (240,498)         | 204.03  |
| Outstanding at end of year                 | 19,415,930        | ₱191.22 | 17,905,148        | ₱200.38 | 17,613,253        | ₱193.07 |
| Exercisable at end of year                 | 12,624,653        | ₱201.00 | 12,077,981        | ₱188.14 | 10,612,036        | ₱169.70 |

The weighted average share price of the Parent Company's common shares is ₱147.16, ₱264.79 and ₱278.16 in 2020, 2019 and 2018, respectively. The weighted average remaining contractual life for the stock options outstanding is 4.70 years, 4.62 years and 4.48 years as at December 31, 2020, 2019 and 2018, respectively.

The weighted average fair value of stock options granted in 2020, 2019 and 2018 is ₱33.84, ₱48.07 and ₱58.42, respectively. The fair value of share options as at the date of grant is estimated using the Black-Scholes Option Pricing Model, taking into account, the terms and conditions upon which the options were granted. The option style used for this plan is the American style because the option plan allows exercise before the expiry date.

The inputs in the valuation of the options granted on the dates of grant for each MSOP cycle are shown below:

| MSOP Cycle | Year of Grant | Dividend Yield | Expected Volatility | Risk-free Interest Rate | Expected Life of the Option | Stock Price on Grant Date | Exercise Price |
|------------|---------------|----------------|---------------------|-------------------------|-----------------------------|---------------------------|----------------|
| 1st        | 2004          | 1.72%          | 36.91%              | 6.20%                   | 5-7 years                   | ₱24.00                    | ₱20.00         |
| 2nd        | 2005          | 1.72%          | 36.91%              | 6.20%                   | 5-7 years                   | 29.00                     | 27.50          |
| 3rd        | 2006          | 1.72%          | 36.91%              | 6.20%                   | 5-7 years                   | 35.00                     | 32.32          |
| 4th        | 2007          | 1.70%          | 28.06%              | 6.41%                   | 3-4 years                   | 52.50                     | 50.77          |
| 5th        | 2008          | 1.80%          | 26.79%              | 8.38%                   | 3-4 years                   | 34.00                     | 39.85          |

| 17th       | 2020          | 2.00%          | 35.17%              | 2.40%                   | 3-4 years                   | 138.00                    | 138.00         |

The expected life of the stock options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

*ELTIP.* The ELTIP entitlement is given to members of the senior management committee and designated consultants of the JFC Group.

Each ELTIP cycle refers to the period commencing on the ELTIP entitlement date and ending on the last day of the ELTIP exercise period. Actual grant and vesting are conditional upon achievement of the JFC Group's medium to long-term goals and individual targets in a given period, and the employment of the employee-participants in the JFC Group within the vesting period. If the goals are achieved, the options will be granted. For the 3rd ELTIP cycle, a percentage of the options to be granted are based on the percentage of growth in annual earnings per share such that 100%, 50% or 25% of the options granted when percentage of growth in annual earnings per share are 12% and above, 10% to less than 12% or 8% to less than 10%, respectively. For the 4th ELTIP cycle, the percentage of the options to be granted and the targeted percentage of growth in annual earnings per share have been further revised such that 150%, 100% or 50% of the options granted when percentage of growth in annual earnings per share are 15% and above, 12% to less than 15% or 10% to less than 12%, respectively.

The exercise price of the stock options under ELTIP is determined by the JFC Group with reference to the prevailing market prices over the three months immediately preceding the date of entitlement for the first and second ELTIP cycles. Starting with the 3rd ELTIP cycle, the exercise price of the option is determined by the JFC Group with reference to the closing market price as at the date of entitlement.

The options will vest at the rate of one-third of the total options granted on each anniversary date which will start after the goals are achieved. For instance, on July 1, 2004, the Compensation Committee gave an entitlement of 22,750,000 options under the 1st ELTIP cycle to eligible participants. One-third of the options granted, or 7,583,333 options, vested and were exercised starting July 1, 2007 until June 30, 2012. On July 1, 2008, October 19, 2012, August 25, 2015 and January 3, 2018, entitlement to 20,399,999, 24,350,000, 11,470,000 and 9,290,000 options were given to eligible participants under the 2nd, 3rd, 4th and 5th ELTIP cycles, respectively. The 1st, 2nd and 3rd ELTIP cycles expired on June 30, 2012, April 30, 2017 and April 30, 2020, respectively. The stock options granted under the 4th ELTIP cycle will expire in 2023.

The JFC Group does not pay cash as a form of settlement.

The movements in the number of stock options outstanding for the 3rd to 4th ELTIP cycles and related WAEP for the years ended December 31, 2020, 2019 and 2018 follow:

|  | 2020                |                | 2019              |         | 2018              |         |
|--|---------------------|----------------|-------------------|---------|-------------------|---------|
|  | Number of Options   | WAEP           | Number of Options | WAEP    | Number of Options | WAEP    |
| Total options granted at beginning and end of year | <b>78,969,999</b>   | <b>₱74.58</b>  | 78,969,999        | ₱74.58  | 78,969,999        | ₱74.58  |
| Outstanding at beginning of year                   | <b>15,368,368</b>   | <b>₱123.22</b> | 18,630,000        | ₱120.55 | 27,436,666        | ₱136.35 |
| Options exercised during the year                  | <b>(10,885,000)</b> | <b>105.00</b>  | (3,238,299)       | 107.47  | (1,323,333)       | 111.99  |
| Options forfeited during the year                  | <b>(410,000)</b>    | <b>110.56</b>  | (23,333)          | 180.00  | (7,483,333)       | 180.00  |
| Outstanding at end of year                         | <b>4,073,368</b>    | <b>₱180.00</b> | 15,368,368        | ₱123.22 | 18,630,000        | ₱120.55 |
| Exercisable at end of year                         | <b>4,073,368</b>    | <b>₱180.00</b> | 13,895,035        | ₱117.20 | 15,683,333        | ₱109.38 |

The weighted average remaining contractual life for the stock options outstanding is 2.33 years, 1.06 years and 2.07 years as at December 31, 2020, 2019 and 2018, respectively.

The fair value of stock options granted is ₱26.13 in 2015. There were no additional stock option grants under ELTIP in 2020, 2019 and 2018. The fair value of share options as at the date of grant is estimated using the Black-Scholes Option Pricing Model, taking into account the terms and conditions upon which the options were granted. The option style used for this plan is the American style because this option plan allows exercise before the maturity date.

The inputs to the model used for the options granted on the dates of grant for each ELTIP cycle are shown below:

| ELTIP Cycle | Year of Grant | Dividend Yield | Expected Volatility | Risk-free Interest Rate | Expected Life of the Option | Stock Price on Grant Date | Exercise Price |
|-------------|---------------|----------------|---------------------|-------------------------|-----------------------------|---------------------------|----------------|
| 1st         | 2004          | 1.72%          | 36.91%              | 6.20%                   | 5 years                     | ₱24.00                    | ₱20.00         |
| 2nd         | 2008          | 1.80%          | 26.79%              | 8.38%                   | 3-4 years                   | 34.00                     | 39.85          |
| 3rd         | 2012          | 2.00%          | 28.74%              | 3.60%                   | 3-4 years                   | 105.00                    | 105.00         |
| 4th         | 2015          | 2.00%          | 18.94%              | 2.98%                   | 3-4 years                   | 180.00                    | 180.00         |

The expected life of the stock options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

The cost of the stock options expense charged to operations for both MSOP and ELTIP in the “General and administrative expenses” account amounted to ₱188.3 million and ₱262.9 million in 2020 and 2019, respectively (see Notes 19 and 22). Correspondingly, a credit was made to additional paid-in-capital (see Note 19).

## 27. Related Party Transactions

The JFC Group has transactions with related parties. Enterprises and individuals that directly, or indirectly through one or more intermediaries, control or are controlled by, or under common control with the JFC Group, including holding companies, subsidiaries and fellow subsidiaries are related entities of the JFC Group. Individuals owning, directly or indirectly, an interest in the voting power of the JFC Group that give them significant influence over the enterprise; key management personnel, including directors and officers of the JFC Group, and close members of the family of these individuals and companies associated with these individuals also constitute related parties.

### Compensation of Key Management Personnel of the JFC Group

The aggregate compensation and benefits to key management personnel of the JFC Group are as follows:

|   | 2020              | 2019       | 2018       |
|---|-------------------|------------|------------|
| Salaries and short-term benefits                  | <b>₱818,598</b>   | ₱1,265,771 | ₱1,221,283 |
| Net pension expense                               | <b>204,693</b>    | 124,114    | 106,756    |
| Stock options expense<br>(see Notes 22 and 26)    | <b>188,290</b>    | 262,875    | 311,964    |
| Employee car plan and other<br>long-term benefits | <b>35,487</b>     | 54,728     | 58,859     |
|   | <b>₱1,247,068</b> | ₱1,707,488 | ₱1,698,862 |

### Transactions with the Retirement Plans

As at December 31, 2020 and 2019, certain retirement funds of the JFC Group include investment in equity securities of the Parent Company with details as follows:

|                  | 2020           | 2019    |
|------------------|----------------|---------|
| Number of shares | <b>105,560</b> | 151,810 |
| Market value     | <b>₱20,605</b> | ₱32,791 |
| Cost             | <b>16,765</b>  | 11,564  |
| Unrealized gain  | <b>₱3,840</b>  | ₱21,227 |

The JFC Group's receivable from the retirement fund amounted to ₱878.7 million and ₱193.6 million as at December 31, 2020 and 2019, respectively (see Notes 7 and 25). The receivable arose from benefit payments made by the JFC Group for and in behalf of the retirement plans. The receivable is noninterest-bearing.

### Terms and Conditions of Transactions with other Related Parties

Transactions with related parties are made at market prices and are normally settled in cash. The JFC Group has approval process and established limits when entering into material related party transactions. Other related party transactions between entities under the JFC Group are eliminated in the consolidation process.

## 28. Earnings Per Share

Basic and diluted EPS are computed as follows:

|   | 2020   | 2019<br>(As restated –<br>Note 11) | 2018          |
|---|--|------------------------------------|---------------|
|   | <i>(In Thousand pesos, except for shares data and EPS)</i> |                                    |               |
| (a) Net income (loss) attributable to the equity holders of the Parent Company        | <b>(₱11,510,727)</b>                                       | ₱7,302,726                         | ₱8,212,608    |
| (b) Weighted average number of shares - basic   | <b>1,102,060,627</b>                                       | 1,092,593,583                      | 1,087,093,411 |
| Weighted average number of shares outstanding under the stock options plan            | <b>6,649,068</b>   | 32,334,237                         | 34,865,233    |
| Weighted average number of shares that would have been purchased at fair market value | <b>(5,455,186)</b>   | (19,781,303)                       | (18,607,619)  |
| (c) Adjusted weighted average shares - diluted  | <b>1,103,254,509</b>                                       | 1,105,146,517                      | 1,103,351,025 |
| <b>EPS</b>  |  |                                    |               |
| Basic (a/b)   | <b>(₱10.445)</b>   | ₱6.684                             | ₱7.555        |
| Diluted (a/c)   | <b>(10.433)</b>  | 6.608                              | 7.443         |

Potential common shares for stock options under the 10th to 16th MSOP cycles and 4th ELTIP cycle in 2020 and under the 15th MSOP cycle in 2019 were not included in the calculation of the diluted EPS in 2020 and 2019, respectively, because they are anti-dilutive.

## 29. Leases

### JFC Group as Lessee

The JFC Group has lease contracts for QSR outlets, warehouses and office spaces. Leases of QSR outlets and warehouses generally have lease terms between three (3) to twenty (20) years. The JFC Group's obligations under its leases are secured by the lessor's title to the leased assets. Generally, the JFC Group is restricted from assigning and subleasing the leased assets. There are several lease contracts that include extension and termination options and variable lease payments, which are further discussed below.

The JFC Group also has certain leases of QSR outlets with lease term of 12 months or less. The JFC Group applies the 'short-term lease' recognition exemptions for these leases.

Set out below are the carrying amounts of right-of-use assets recognized and the movements during the year:

|   | QSR Outlets        | Warehouses      | Office Spaces   | Total              |
|---|--------------------|-----------------|-----------------|--------------------|
| <b>As at January 1, 2019</b>                                      | <b>₱35,755,494</b> | <b>₱675,798</b> | <b>₱132,950</b> | <b>₱36,564,242</b> |
| Acquisition of a business (see Note 11)                           | 12,147,693         | –               | 2,614           | 12,150,307         |
| Additions   | 4,960,468          | 43,880          | 22,333          | 5,026,681          |
| Pre-terminations  | (2,533,032)        | (4,285)         | –               | (2,537,317)        |
| Depreciation expense<br>(see Notes 21 and 22)                     | (7,024,659)        | (103,818)       | (36,326)        | (7,164,803)        |
| Cumulative translation adjustments                                | (1,129,112)        | (2,557)         | (23)            | (1,131,692)        |
| <b>As at December 31, 2019, As<br/>previously reported</b>        | <b>42,176,852</b>  | <b>609,018</b>  | <b>121,548</b>  | <b>42,907,418</b>  |
| Effect of CBTL's final purchase price<br>allocation (see Note 11) | (440,456)          | –               | –               | (440,456)          |
| <b>As at December 31, 2019, As restated</b>                       | <b>41,736,396</b>  | <b>609,018</b>  | <b>121,548</b>  | <b>42,466,962</b>  |
| Additions   | 6,175,350          | –               | –               | 6,175,350          |
| Pre-terminations  | (5,278,846)        | (1,338)         | –               | (5,280,184)        |
| Depreciation expense<br>(see Notes 21 and 22)                     | (7,579,375)        | (102,854)       | (112,354)       | (7,794,583)        |
| Impairment loss   | (661,365)          | –               | –               | (661,365)          |
| Derecognition of unfavorable leases<br>(see Note 22)              | 233,103            | –               | –               | 233,103            |
| Cumulative translation adjustments                                | (914,860)          | –               | (280)           | (915,140)          |
| <b>As at December 31, 2020</b>                                    | <b>₱33,710,403</b> | <b>₱504,826</b> | <b>₱8,914</b>   | <b>₱34,224,143</b> |

Set out below are the carrying amounts of lease liabilities (included under interest-bearing loans and borrowings) and the movements during the year:

|   | 2020               | 2019        |
|---|--------------------|-------------|
| As at beginning of year                 | <b>₱47,307,404</b> | ₱40,630,789 |
| Additions                               | <b>6,240,084</b>   | 4,998,947   |
| Pre-terminations                        | <b>(6,236,224)</b> | (2,934,354) |
| Payments                                | <b>(7,803,114)</b> | (8,419,749) |
| Rent concessions                        | <b>(1,411,781)</b> | –           |
| Accretion of interest (see Note 23)     | <b>1,938,530</b>   | 1,824,311   |
| Acquisition of a business (see Note 11) | –                  | 12,472,792  |
| Cumulative translation adjustments      | <b>(951,174)</b>   | (1,265,332) |
| As at end of year                       | <b>₱39,083,725</b> | ₱47,307,404 |
| Current                                 | <b>₱6,479,140</b>  | ₱7,036,754  |
| Noncurrent                              | <b>32,604,585</b>  | 40,270,650  |

The maturity analysis of lease liabilities are disclosed in Note 31.

The following are the amounts recognized in profit or loss:

|  | 2020               | 2019        | 2018        |
|--|--------------------|-------------|-------------|
| Depreciation expense of right-of-use assets (see Notes 21 and 22)            | <b>₱7,794,582</b>  | ₱7,164,803  | ₱6,021,384  |
| Interest expense on lease liabilities (see Note 23)                          | <b>1,938,530</b>   | 1,824,311   | 1,728,620   |
| Rent expense - short-term leases (see Notes 21 and 22)                       | <b>2,349,905</b>   | 2,850,568   | 2,861,424   |
| Rent expense - variable lease payments (see Notes 21 and 22)                 | <b>1,178,253</b>   | 2,138,076   | 2,425,781   |
| Loss (gain) on pre-termination of lease agreements (see Notes 21, 22 and 23) | <b>488,727</b>     | (400,367)   | (193,230)   |
|  | <b>₱13,749,997</b> | ₱13,577,391 | ₱12,843,979 |

The JFC Group had total cash outflows for leases of ₱11,331.3 million and ₱13,408.4 million in 2020 and 2019, respectively.

In 2020, the JFC Group received rent concessions from lessors amounting to ₱1,411.8 million accounted for as negative variable lease payments in the consolidated statement of comprehensive income.

#### JFC Group as Lessor

The JFC Group entered into commercial property leases for its investment property units. These leases have terms of between three (3) and twenty (20) years. Leases generally include a clause to enable upward revision of the rent charges on an annual basis based on prevailing market conditions.

Rent income recognized on a straight-line basis amounted to ₱35.8 million, ₱58.5 million and ₱25.0 million in 2020, 2019 and 2018, respectively (see Note 20). The difference of rent income recognized under the straight-line method and the rent amounts in accordance with the terms of the lease are included under "Operating lease receivables" which amounted to ₱87.2 million and ₱98.7 million as at December 31, 2020 and 2019, respectively.

The future minimum lease receivables under noncancelable operating leases as at December 31 are as follows:

|   | 2020            | 2019     |
|---|-----------------|----------|
| Within one year                             | <b>₱28,367</b>  | ₱61,612  |
| After one year but not more than five years | <b>117,305</b>  | 236,607  |
| More than five years                        | <b>48,469</b>   | 65,725   |
|   | <b>₱194,141</b> | ₱363,944 |

JFC Group as an Intermediate Lessor

The JFC Group subleases certain parcels of land with lease terms between five (5) to twenty (20) years. The lease contracts contain renewal options under terms and conditions that are mutually agreed upon by the parties.

Set out below are the carrying amounts of finance lease receivables and the movements during the year:

|                                     | <b>2020</b>     | 2019     |
|-------------------------------------|-----------------|----------|
| At January 1                        | <b>₱161,934</b> | ₱184,800 |
| Pre-termination                     | <b>(69,701)</b> | –        |
| Payments                            | <b>(27,377)</b> | (30,952) |
| Accretion of interest (see Note 23) | <b>5,944</b>    | 8,086    |
| As at December 31                   | <b>₱70,800</b>  | ₱161,934 |

Shown below is the maturity analysis of the undiscounted finance lease receivables:

|                             | <b>2020</b>    | 2019    |
|-----------------------------|----------------|---------|
| 1 year                      | <b>₱17,191</b> | ₱33,388 |
| more than 1 year to 5 years | <b>62,368</b>  | 144,678 |
| more than 5 years           | –              | 5,198   |

---

### 30. Contingencies

The JFC Group is involved in litigations, claims and disputes, and regulatory assessments which are normal to its business. Management believes that the ultimate liability, if any, with respect to these litigations, claims and disputes will not materially affect the financial position and financial performance of the JFC Group. Thus, other than the provisions in Note 17, there were no other provisions made for contingencies.

The JFC Group does not provide further information on these provisions and contingencies in order not to impair the outcome of the litigations, claims and disputes.

---

### 31. Financial Risk Management Objectives and Policies

The JFC Group is exposed to a variety of financial risks from its operating, investing and financing activities. The JFC Group's risk management policies focus on actively securing the JFC Group's short-term to medium-term cash flows by minimizing the exposure to financial markets.

The JFC Group's principal financial instruments comprise of cash and cash equivalents, short-term investments, current portion of financial assets at FVTPL, receivables, short-term and long-term debts and senior debt securities. The main purpose of these financial instruments is to obtain financing for the JFC Group's operations. The JFC Group has other financial assets and liabilities such as security and other deposits, finance lease receivables, operating lease receivables, lease liabilities and trade payables and other current liabilities (excluding accrual for local and other taxes, liabilities to government agencies and unearned revenue from gift certificates) which arise directly from its operations and noncurrent portion of financial assets at FVTPL.

The main risks arising from these financial instruments are interest rate risk, foreign currency risk, credit risk and liquidity risk. The risk management policies reviewed regularly by the Parent Company's BOD and management for managing each of these risks are summarized as follows:

Interest Rate Risk

Interest rate risk arises from the possibility that the fair value or future cash flows of financial instruments will fluctuate because of changes in market interest rates.

The JFC Group's exposure to interest rate risk relates primarily to short-term and long-term debts with floating interest rates. Floating rate financial instruments are subject to cash flow interest rate risk. The JFC Group's interest rate exposure management policy centers on reducing the JFC Group's overall interest expense and exposure to changes in the interest rates.

To manage the interest rate risk related to the JFC Group's long-term debts, the JFC Group used a derivative instrument to fix the interest rate over the term of one of its long-term debts (see Note 18). With the JFC Group's Corporate Planning Team, it enters into loan contracts with variable interest rates and option to fix interest rates which can be availed to manage its loan risks.

There is minimal exposure on the other sources of the JFC Group's interest rate risk. These other sources are from the JFC Group's cash in banks, short-term deposits and short-term investments.

The following tables demonstrate the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, of the JFC Group's income before income tax as at December 31, 2020 and 2019. The impact on the JFC Group's income before income tax is due to changes in the fair value of floating interest rates.

Long-term Debt with Floating Interest Rates

|     | Increase/<br>Decrease<br>in Basis Points | Effect in Profit or Loss<br>Before Income Tax |           |           |
|-----|--|---|-----------|-----------|
|     |  | 2020  | 2019      | 2018      |
| PHP | +100                                     | (135,017)                                     | (161,228) | (188,907) |
|     | -100                                     | 135,017                                       | 161,228   | 188,907   |
| USD | +100                                     | (46,863)                                      | (55,802)  | (67,688)  |
|     | -100                                     | 46,863  | 55,802    | 67,688    |
| VND | +100                                     | (10,702)                                      | (8,928)   | (6,068)   |
|     | -100                                     | 10,702  | 8,928     | 6,068     |

The assumed movement in basis point for interest rate sensitivity analysis is based on the currently observable market environment.

Foreign Currency Risk

The JFC Group's exposure to foreign currency risk arises from the Parent Company's investments outside the Philippines, which are mainly in PRC and USA. The net assets of foreign businesses account for 41.3% and 5.0% of the consolidated net assets of the JFC Group as at December 31, 2020 and 2019, respectively.

The JFC Group also has transactional foreign currency exposures. Such exposure arises from the JFC Group's Philippine operations' cash and cash equivalents, financial assets at FVTPL, receivables and trade payables in foreign currencies.

The following table shows the JFC Group's Philippine operations' foreign currency-denominated monetary assets and liabilities and their peso equivalents as at December 31:

|   | 2020    |                | 2019    |                |
|---|---------|----------------|---------|----------------|
|   | USD     | PHP Equivalent | USD     | PHP Equivalent |
| Foreign currency denominated assets:      |         |                |         |                |
| Cash and cash equivalents                 | 30,381  | 1,458,896      | 17,022  | 861,884        |
| Financial assets at FVTPL                 | 35,000  | 1,680,700      | -       | -              |
| Receivables                               | 12,171  | 584,451        | 11,063  | 560,160        |
|   | 77,552  | 3,724,047      | 28,085  | 1,422,044      |
| Foreign currency denominated liability -  |         |                |         |                |
| Accounts payable - trade                  | (2,341) | (112,415)      | (4,020) | (203,576)      |
| Foreign currency denominated assets - net | 75,211  | 3,611,632      | 24,065  | 1,218,468      |

*Foreign Currency Risk Sensitivity Analysis*

The JFC Group has recognized in profit or loss, a net foreign exchange loss of ₱142.4 million and ₱268.2 million in 2020 and 2019, respectively (see Note 23), included under "Other income" account. This resulted from the movements of the Philippine peso against the USD as shown in the following table:

|                          |              |
|--------------------------|--------------|
| <b>December 31, 2020</b> | <b>48.02</b> |
| December 31, 2019        | 50.64        |
| December 31, 2018        | 52.58        |

The following table demonstrates the sensitivity to a reasonably possible change in USD to Philippine peso exchange rate, with all other variables held constant, of the JFC Group's income before income tax (due to changes in the fair value of monetary assets and liabilities) as at December 31:

|   | 2020                               |                                    | 2019                               |                                    |
|---|------------------------------------|------------------------------------|------------------------------------|------------------------------------|
|   | Effect on Income before Income Tax | Effect on Equity before Income Tax | Effect on Income before Income Tax | Effect on Equity before Income Tax |
| Appreciation (Depreciation) of ₱ against Foreign Currency |                                    |                                    |                                    |                                    |

|   | (1.00)                             | 75,211                             | 24,065                             | 24,065                             |

Credit Risk

Credit risk is the risk that a customer or counterparty fails to fulfill its contractual obligations to the JFC Group. This includes risk of non-payment by borrowers, failed settlement of transactions and default on outstanding contracts.

The JFC Group has a strict credit policy. Its credit transactions are with franchisees and customers that have gone through rigorous screening before granting them the franchise. The credit terms are very short, while deposits and advance payments are also required before rendering the services or delivering the goods, thus, mitigating the possibility of non-collection. In cases of non-collection, defaults of the debtors are not tolerated; the exposure is contained the moment a default occurs and transactions that will further increase the exposure of the JFC Group are discontinued.

The JFC Group has no significant concentration of credit risk with counterparty. The JFC Group's franchisee profile is such that no single franchisee accounts for more than 5% of the total system wide sales of the JFC Group.

The aging analysis of financial assets as at December 31, 2020 and 2019 are as follows:

|   | 2020             |                  |   |               |                 |                 |               |

\*\*\*\* Including interest receivable and excluding receivables from government agencies amounting to ₱62.7 million.

With respect to credit risk arising from financial assets of the JFC Group, the JFC Group's exposure to credit risk arises from default of the counterparty, with a gross maximum exposure equal to the carrying amount of these instruments.

*Credit Quality.* The financial assets of the JFC Group are grouped according to stage of which description is explained as follows:

*Stage 1* - Those that are considered current and up to 30 days past due, and based on change in rating, delinquencies and payment history, do not demonstrate significant increase in credit risk.

*Stage 2* - Those that, based on change in rating, delinquencies and payment history, demonstrate significant increase in credit risk, and/or are considered more than 30 days past due but does not demonstrate objective evidence of impairment as at reporting date.

*Stage 3* - Those that are considered in default or demonstrate objective evidence of impairment as at reporting date.

The tables below show determination of ECL stage of the JFC Group's financial assets:

|   | 2020                 |                  |                 |               |

### Liquidity Risk

The JFC Group's exposure to liquidity risk refers to the risk that its financial liabilities are not serviced in a timely manner and that its working capital requirements and planned capital expenditures are not met. To manage this exposure and to ensure sufficient liquidity levels, the JFC Group closely monitors its cash flows to be able to finance its capital expenditures and to pay its obligations as and when they fall due.

On a weekly basis, the JFC Group's Cash and Banking Team monitors its collections, expenditures and any excess/deficiency in the working capital requirements, by preparing cash position reports that present actual and projected cash flows for the subsequent week. Cash outflows resulting from major expenditures are planned so that money market placements are available in time with the planned major expenditure. In addition, the JFC Group has short-term cash deposits and portfolio investments and has available credit lines with accredited banking institutions, in case there is a sudden deficiency. The JFC Group maintains a level of cash and cash equivalents deemed sufficient to finance the operations. No changes were made in the objectives, policies or processes of the JFC Group during the year ended December 31, 2020 and 2019.

The JFC Group's financial assets, which have maturity of less than 12 months and are used to meet its short-term liquidity needs, are cash and cash equivalents, short-term investments, financial assets at FVTPL and trade receivables and contract assets amounting to ₱21,361.5 million, ₱441.0 million, ₱35,658.6 million and ₱5,796.5 million and, respectively, as at December 31, 2020 and ₱20,892.0 million, ₱2,130.0 million, nil and ₱5,369.7 million, respectively, as at December 31, 2019.

The tables below summarize the maturity profile of the JFC Group's other financial liabilities based on the contractual undiscounted cash flows as at December 31, 2020 and 2019:

|   | 2020               |                  |                  |                  | Total             |

### Price Risk

Price risk is the risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in market prices (other than those arising from interest rate or foreign exchange rate risk), whether those changes are caused by factors specific to the individual financial instrument or contract, or by factors affecting all similar contracts or financial instruments traded in the market.

The JFC Group's price risk exposure relates to financial assets whose values will fluctuate as a result of changes in market prices.

The JFC Group's price risk policy requires it to manage such risks by setting and monitoring objectives and constraints on investments.

The JFC Group's has no significant concentration of price risk.

The JFC Group is not exposed to significant equity price risk on its investment in quoted equity securities consisting of investment in golf and club shares.

At the reporting date, the JFC Group's exposure to other price risk arises from the changes in fair value of bond funds. The JFC Group has determined that an increase/(decrease) ranging from 1% to 5% on the market prices could have an impact of approximately ₱1,035.7 million on the profit or loss and equity before income tax.

This analysis was performed for reasonably possible movements in the market index with all other variables held constant. The correlation of variables will have a significant effect in determining the ultimate impact on price risk, but to demonstrate the impact due to changes in variables, variables had to be changed on an individual basis.

Capital Management Policy

Capital includes equity attributable to equity holders of the Parent Company.

The primary objective of the JFC Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximize shareholder value. The JFC Group has sufficient capitalization.

The JFC Group generates cash flows from operations sufficient to finance its organic growth. It declares cash dividends representing at least one-third of its consolidated net income, a ratio that would still leave some additional cash for future expansion. If needed, the JFC Group would borrow money for acquisitions of new businesses.

As at December 31, 2020 and December 31, 2019, the JFC Group's debt ratio and net debt ratio are as follows:

*Debt Ratio*

|   | 2020                | 2019<br>(As restated –<br>Note 11) |
|---|---------------------|------------------------------------|
| Total debt (a)  | <b>₱142,778,265</b> | ₱134,073,021                       |
| Total equity attributable to equity holders<br>of the Parent Company              | <b>38,539,260</b>   | 53,470,339                         |

### 32. Fair Value of Financial Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date.

*Financial Instruments Which Carrying Amounts Approximate Fair Value.* Management has determined that the carrying amounts of cash and cash equivalents, short-term investments, receivables, operating lease receivables, trade payables and other current liabilities, based on their notional amounts, reasonably approximate their fair values because of their short-term nature or due to the immaterial effect of discounting when the present value of future cash flows from these instruments are calculated.

*Financial Assets at FVTPL.* The fair value of bond funds and quoted shares of stock in golf and leisure clubs are based on quoted prices. The JFC Group does not have the intention to dispose its quoted shares of stock in the near term.

*Investment Properties.* The fair value of the investment properties are determined by independent appraisers using the market data and cost approach, which considers the local market conditions, the extent, character and utility of the property, sales and holding prices of similar parcels of land and the highest and best use of the investment properties.

*Finance Lease Receivables, Security and Other Deposits, Employee Car Plan Receivables, Long-term Debt and Lease Liabilities.* Management has determined that the estimated fair value of security and other deposits, noncurrent portion of employee car plan receivables, long-term debt and derivative asset or liability are based on the discounted value of future cash flows using applicable rates as follows:

|                               | 2020         | 2019         |
|-------------------------------|--------------|--------------|
| Finance lease receivables     | 3.90%-5.36%  | 3.46%-3.98%  |
| Security and other deposits   | 0.99%-15.43% | 0.55%-15.43% |
| Employee car plan receivables | 0.93%-8.62%  | 2.80%-8.26%  |
| Long-term debt                | 0.17%-3.00%  | 1.27%-6.89%  |
| Lease liabilities             | 0.64%-22.48% | 0.64%-22.48% |

The following tables provide the fair value measurement hierarchy of the JFC Group's recurring financial assets and liabilities.

Quantitative disclosure fair value measurement hierarchy for assets as at December 31, 2020:

|   | Carrying Value | Total       | Fair Value Measurement Using              |   |   |
|---|----------------|-------------|---|---|---|
|   |                |             | Quoted Prices in Active Markets (Level 1) | Significant Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
| Assets measured at fair value -             |                |             |   |   |   |
| Financial assets at FVTPL                   | P35,692,357    | P35,692,357 | P-  | P35,692,357                             | P-  |

### 34. Events after the Reporting Period

#### Dividend Declaration

On April 8, 2021, the BOD of the Parent Company approved a cash dividend of ₱0.78 per share of common stock to all stockholders of record as at April 26, 2021. Consequently, the cash dividend is expected to be paid out on May 12, 2021. The cash dividend is 25.8% higher than the ₱0.62 cash dividend per share declared on April 7, 2020.

#### Corporate Recovery and Tax Incentives for Enterprises Act

President Rodrigo Duterte signed into law on March 26, 2021 the Corporate Recovery and Tax Incentives for Enterprises (CREATE) Act to attract more investments and maintain fiscal prudence and stability in the Philippines. Republic Act (RA) 11534 or the CREATE Act introduces reforms to the corporate income tax and incentives systems. It takes effect 15 days after its complete publication in the Official Gazette or in a newspaper of general circulation or April 11, 2021.

The following are the key changes to the Philippine tax law pursuant to the CREATE Act which have an impact to the JFC Group:

- Effective July 1, 2020, regular corporate income tax (RCIT) rate is reduced from 30% to 25% for domestic and resident foreign corporations. For domestic corporations with net taxable income not exceeding ₱5 million and with total assets not exceeding ₱100 million (excluding land on which the business entity's office, plant and equipment are situated) during the taxable year, the RCIT rate is reduced to 20%.
- Minimum corporate income tax (MCIT) rate reduced from 2% to 1% of gross income effective July 1, 2020 to June 30, 2023.
- Imposition of improperly accumulated earnings tax (IAET) is repealed.
- For investments prior to effectivity of CREATE:
  - Registered business enterprises granted only an income tax holiday (ITH) – can continue with the availment of the ITH for the remaining period of the ITH.

As clarified by the Philippine Financial Reporting Standards Council in its Philippine Interpretations Committee Q&A No. 2020-07, the CREATE Act was not considered substantively enacted as at December 31, 2020 even though some of the provisions have retroactive effect to July 1, 2020.

The passage of the CREATE Act into law on March 26, 2021 is considered as a non-adjusting subsequent event. Accordingly, current and deferred income taxes as at and for the year ended December 31, 2020 continued to be computed and measured using the applicable income tax rates as at December 31, 2020 (i.e., 30% RCIT / 2% MCIT) for financial reporting purposes.

Applying the provisions of the CREATE Act, the JFC Group would have been subjected to the lower RCIT rate of 25% of taxable income or the reduced MCIT rate of 1% of gross income, effective July 1, 2020.

- This will result in lower provision for current income tax for the year ended December 31, 2020 amounting to ₱1,265.3 million or a reduction of ₱68.7 million. The reduced amounts will be reflected in the JFC Groups's 2020 annual income tax return. However, for financial reporting purposes, the changes will only be recognized in the 2021 consolidated financial statements.
- This will result in lower net deferred tax assets as at December 31, 2020 by ₱631.2 million and will be recognized in the 2021 consolidated financial statements.
